For all Proposed JOC Projects, Please complete Items 1 and 2 below. As appropriate, Complete items 3, 4 and 5. Attach to MOA (JOC Approval Letter)

1. Please describe the major features of this project.
   The scope of work increased during the installation of new sidewalks and ADA ramps in the 27th Ward. In order to meet the more stringent ADA standards for 2007, it requires the additional removal of sidewalks and curb and gutter. The additional work has to be done at ten (10) different locations in the 27th Ward. The scope of work includes sidewalks and curb and gutter reconstruction, ADA ramp installation and landscaping. The contractor performing this work has to finish the areas that have been already demolished and cannot be left opened for an indeterminate amount of time.

2. Please explain why this project could not be bid using the city's traditional bid process and the need to use JOC Procurement system.
   The proposed work is part of an ongoing project that has to be completed by this fall. Therefore, it would not be time or cost effective for us to perform the work through The City's traditional bid process.

3. If the project is a one trade project, please provide additional explanation of why it would be in the city’s best interest to do the project under JOC:
   Not applicable - various trades will participate.

4. If it is anticipated that over 25% of the project will consist of Non-prepriced items, please provide an explanation on why JOC should be used.
   N.A.

5. If some elements of the proposed JOC project scope of work are covered by city term agreements, explain why they are included in this JOC project instead of being procured through the term agreements.
