For all Proposed JOC Projects, Please complete Items 1 and 2 below. As appropriate, Complete items 3,4 and 5. Attach to MOA (JOC Approval Letter)

1. **Please describe the major features of this project.**

   The project scope includes installation of a soundwall barrier between the Riverwalk and Lower Wacker Drive. The Riverwalk concession program has requested a buffer from the loud noises of the passing traffic to allow for a more relaxing dining experience on the Riverwalk. The scope of the project increased due to additional CMU wall, to accommodate another block for a riverwalk vendor. It would be more expensive to mobilize later in the summer or the following year to perform this work under a new contract rather than include in the existing.

2. **Please explain why this project could not be bid using the city's traditional bid process and the need to use JOC Procurement system.**

   The Riverwalk concession program begins May 1, 2008. The traditional bid process timeline can not meet our completion goal.

3. **If the project is a one trade project, please provide additional explanation of why it would be in the city's best interest to do the project under JOC:**

   Not applicable - various trades will participate.

4. **If it is anticipated that over 25% of the project will consist of Non-prepriced items, please provide an explanation on why JOC should be used.**

   N.A.

5. **If some elements of the proposed JOC project scope of work are covered by city term agreements, explain why they are included in this JOC project instead of being procured through the term agreements.**
