Dear Mr. Gayles:

We request that the above referenced project be contracted under the Job Order Contracting (JOC) Method. Attachment A describes the scope of work and the appropriateness for using JOC for this project.

If you concur with our recommendation, please sign below and return a copy for our files.

Sincerely,

Thomas G. Byrne
Commissioner

* MBE AND WBE GOALS MUST BE MET FOR THIS PROJECT.
For all Proposed JOC Projects, Please complete Items 1 and 2 below. As appropriate, Complete items 3, 4 and 5. Attach to MOA (JOC Approval Letter)

1. **Please describe the major features of this project.**
   
   Replace existing backer/fill brick. Replace columns and structural emergency repairs. After removing the original stone, the underlying structure and backfill was found to be in extremely poor condition and would not be able to hold up any of the new stone being installed. Hence emergency repairs need to be performed on the structure and the backfill in order to complete the original scope of work.

2. **Please explain why this project could not be bid using the city's traditional bid process and the need to use JOC Procurement system.**
   
   This is a change order to the original Job Order. Construction on the original project is already underway with the JOC Contractor. It is more cost effective to leave the current JOC Contractor on site and continue with the repairs. Bringing in another contractor at this juncture would mean stopping all current work. Also, the costs and time that would be incurred in demobilizing, and remobilizing another contractor would far exceed the cost of having the current JOC Contractor perform the work.

3. **If the project is a one trade project, please provide additional explanation of why it would be in the city's best interest to do the project under JOC:**
   
   Multi-Trade.

4. **If it is anticipated that over 25% of the project will consist of Non-prepriced items, please provide an explanation on why JOC should be used.**
   
   Not anticipated to be over 25%. Non-Pre-Priced

5. **If some elements of the proposed JOC project scope of work are covered by city term agreements, explain why they are included in this JOC project instead of being procured through the term agreements.**
   
   There are no existing term agreements currently in place that would cover this scope of work and trades involved.
