Disclosure of Retained Parties

A. Definitions and Disclosure Requirements
1. As used herein, the term "Contractor" means a person or entity who has any contract or lease with the City of Chicago.
2. Pursuant to Executive Order 07-1, every city contract or lease must be accompanied by a disclosure statement
   providing certain information and attorneys, lobbyists, accountants, consultants, subcontractors, and other persons
   whom the contractor has retained or expects to retain with respect to the contract or lease. In particular, the contractor
   must disclose the name of each such person, his or her business address, the nature of the relationship, and the
   amount of fees paid or estimated to be paid.
3. The Contractor is not required to disclose employees who are paid solely through the Contractor's regular payroll.
4. "Lobbyist" means any person (a) who for compensation or on behalf of any person other than himself undertakes to
   influence any legislative or administrative action, or (b) any part or whose duties as an employee of another
   includes undertaking to influence any legislative or administrative action.

CHECK HERE IF NO SUCH PERSONS HAVE BEEN RETAINED OR ARE ANTICIPATED TO BE RETAINED

4. The Contractor understands and agrees that the city may rely on the information provided herein and that providing
   any false incomplete or inaccurate information shall constitute default under the contract and may result in
   termination of the contract or lease.
5. The Contractor understands and agrees that in any case in which the Contractor is uncertain whether a disclosure is required under the Executive order, the Contractor must either
   ask the city whether disclosure is required or make the disclosure.

Under the Penalties of perjury, I certify that I am authorized to execute this Disclosure on behalf of the Contractor that the information disclosed herein is true and complete, and that no
relevant information has been withheld.

Re: Memorandums of Authorization (MOA) for the Residential Lighting Program

Dear Ms. Lumpkin:

A Contract was recently awarded by DPS to be used primarily for construction the City's Residential Lighting Program. All projects constructed for this program are similar in scope and cost, and therefore submitting an MOA for each individual work order under the program is redundant and unnecessary.

We therefore request that this one MOA (with the following Attachment A) be sufficient for all projects constructed under the Residential Lighting Program. We propose that for each project this MOA will be included in the Sub Order Release Package sent to DPS - MOAs and Attachment As will continue to be submitted for approval for any projects to be constructed with JOC that are outside the scope of the Residential Lighting Program.

Please see Attachment A for additional details regarding the program.

If you concur with our recommendation, please sign below and return.

Sincerely,

UTILIZING JOC FOR THE CITY RESIDENTIAL LIGHTING PROGRAM

The Bureau of Electricity is continuing to provide construction services for the Mayor's Residential Lighting Program and the Aldermanic Menu Program with this Contract. The scope of work for these projects consists of the: furnishing and installation of davit light poles, helix foundations, piggyback light fixtures, handholds, directional bore conduit and other electrical equipment. Each project to be accomplished under the Residential Lighting Program will be of similar scope.

The Residential Light Program is a fast track program to provide residential lighting as quickly as possible to the various wards. When the program was first initiated, in order to meet the demanding time schedule, BOE performed the program with in-house forces. However, due to the increased work load and reduced forces, BOE in-house forces were unable to continue to do the program. So it was decided four years ago that JOC would afford BOE the ability to continue to perform the program in a timely manner. Under JOC, the Contractor starts construction in less than 20 days after the project design is prepared.

The cost of a typical project to provide lighting for two blocks is from $100,000 to $150,000. We anticipate constructing about 80 projects for the program in 2007.

Our Construction Task Catalog includes virtually every work task that will be required to accomplish the program. Therefore, we anticipate that the amount of Non Pre-priced work will be very small, less than 2% of the program value.
