For all Proposed JOC Projects, Please complete Items 1 and 2 below. As appropriate, Complete items 3, 4 and 5. Attach to MOA (JOC Approval Letter)

1. **Please describe the major features of this project.**
   The roofs of the vaulted alleys at Benton Place and Holden Ct. have to be rebuilt due to poor structural conditions. The scope of the project includes: waterproofing the new vaulted alley roof decks, construction of new sidewalks along State Street and Benton Place, matching the finishes on State Street, paving of the new alleys and installation of ornamental bollards. These items could not be performed by City Forces and are not covered by an existing term agreement. The scope of work increased due to unanticipated full depth concrete deck repairs for the vaulted sidewalks on State Street. Also, additional asphalt replacement was required due to additional ADA ramps.

2. **Please explain why this project could not be bid using the city’s traditional bid process and the need to use JOC Procurement system.**
   The proposed additional work is part of an ongoing project. Therefore, it would not be time or cost effective for us to perform the work through The City’s traditional bid process.

3. **If the project is a one trade project, please provide additional explanation of why it would be in the city’s best interest to do the project under JOC:**
   Not applicable - various trades will participate.

4. **If it is anticipated that over 25% of the project will consist of Non-prepriced items, please provide an explanation on why JOC should be used.**
   N. A.

5. **If some elements of the proposed JOC project scope of work are covered by city term agreements, explain why they are included in this JOC project instead of being procured through the term agreements.**
   N. A.
