For all Proposed JOC Projects, Please complete Items 1 and 2 below. As appropriate, Complete items 3,4 and 5. Attach to MOA (JOC Approval Letter)

1. Please describe the major features of this project.

   In order to comply with the Federal Court order, the City of Chicago must complete installing the remaining 40 ADA ramps from the 2006 Menu program by the end of 2008. The only term agreement for this area is Sumit Construction and they are at maximum capacity. Also, Sumit Construction will not be able to construct these ramps within the required time frame. Therefore, in order to meet the Federal Court mandate we must use the Job Order Contract to construct the remaining ADA ramps by the required deadline. In addition, City forces are also at capacity and can not perform this work.

2. Please explain why this project could not be bid using the city's traditional bid process and the need to use JOC Procurement system.

   In order to comply with the deadline imposed by the Federal Court order, this work cannot go through the City's traditional bid process due to the restricted timeline.

3. If the project is a one trade project, please provide additional explanation of why it would be in the city's best interest to do the project under JOC:

   Not applicable - various trades will participate.

4. If it is anticipated that over 25% of the project will consist of Non-prepriced items, please provide an explanation on why JOC should be used.

   N. A.

5. If some elements of the proposed JOC project scope of work are covered by city term agreements, explain why they are included in this JOC project instead of being procured through the term agreements.
