Utilizing JOC For City Construction Projects

Project Number: 08-84-11-006

Department: Transportation

Project Manager: Lynn Hollenberg

Telephone #: (312) 742-4771

For all Proposed JOC Projects, Please complete Items 1 and 2 below. As appropriate, Complete items 3,4 and 5. Attach to MOA (JOC Approval Letter)

1. Please describe the major features of this project.

This project is located between 2725 and 2800 N. Maplewood Ave., directly adjacent to the new Green Exchange Building at 2545 W. Diversey. Project scope includes new curb, gutter, ADA ramps, high albedo concrete sidewalk, permeable pavers in parking lane, underdrain, and a landscaped planter.

2. Please explain why this project could not be bid using the city's traditional bid process and the need to use JOC Procurement system.

Completion of project needs to coincide with the opening of the new Green Exchange on Nov 1, 2008. Time frame precludes the standard bidding process.

3. If the project is a one trade project, please provide additional explanation of why it would be in the city's best interest to do the project under JOC:

No. Work will involve concrete workers, brick layers, plumbers and landscapers.

4. If it is anticipated that over 25% of the project will consist of Non-prepriced items, please provide an explanation on why JOC should be used.

It is anticipated that non pre-priced items will not be used in this project

5. If some elements of the proposed JOC project scope of work are covered by city term agreements, explain why they are included in this JOC project instead of being procured through the term agreements.

The Green Alley term agreement has permeable pavers priced at \$27 per sq. ft. Past projects have demonstrated that permeable pavers can be installed for \$8 per square foot through the JOC contract. Therefore the term agreement will not be used to perform this work.
