Disclosure Statement
Reason why the MOA differs from the Sub Order

Project No: M-08-016.A-4/06105
City of Chicago North Pumping Stations Site Lighting Enhancements

1. The Sub Order amount differs from the MOA estimate for the following reasons:

   The final Construction Cost Proposal is +9.6% higher (+$38,351.79) than the MOA estimated cost. About half of this cost increase can be accounted for due to two items missing from the consultant’s estimate namely $11,000 for underground surveys at all five PS locations and $8,000 for fence and brush removal at Cermak PS.
