Disclosure Statement
Reason why the MOA differs from the Sub Order

Project No: 08-84-11-008
Michigan Avenue Bridge Historic Railing and Sidewalk Replacement

1. The Sub Order amount differs from the MOA estimate for the following reasons:
   1). The cost of the project increased so substantially because of the dramatic increases in the cost of the materials needed including: petroleum, steel and aluminum.
   2). In addition the support system for the existing sidewalk panels is not sufficient to support the new sidewalk panels, so additional work there was required.
   3). Additional scope of the work could not be anticipated at the beginning phase of the project.

1. **Please describe the major features of this project.**
   
The scope of this project includes replacement and installation of sidewalk and the historic railing of the Michigan Avenue bridge.
