Disclosure of Retained Parties

A. Definitions and Disclosure Requirements

1. As used herein, the term "Contractor" means a person or entity who has any contract lease with the City of Chicago.
2. Pursuant to Executive Order 97-1, every city contract and lease must be accompanied by a disclosure statement providing certain information and attorneys, lobbyists, accountants, consultants, subcontractors, and other persons whom the contractor has retained or expects to retain with respect to the contract or lease. In particular, the contractor must disclose the name of each such person, his or her business address, the nature of the relationship, and the amount of fees paid or estimated to be paid.
3. The Contractor is not required to disclose employees who are paid solely through the Contractor's regular payroll.
4. "Lobbyist" means any person (a) who for compensation or on behalf of any person other than himself undertakes to influence any legislative or administration action, or (b) any part or whose duties as an employee of another includes undertaking to influence any legislative or administrative action.

B. Certification

Contractor hereby certifies as follows:

Attachment A

Utilizing JOC For City Construction Projects

Project Number: 09-84-10-014 Department: Transportation
Project Manager: Jerry Kalwasinski Telephone #: (312) 744-5887

For all Proposed JOC Projects, Please complete Items 1 and 2 below. As appropriate, Complete items 3,4 and 5. Attach to MOA (JOC Approval Letter)

1. Please describe the major features of this project.

Install Brickprint Textured Crosswalks in the 10th Ward at the following intersections listed below.

106th S. Avenue H
106th S. Ewing Ave
112th S. Ewing Ave
87th S. Commercial Ave
91st S. Commercial Ave
92nd S. Commercial Ave

These intersections are being redone due to excessive cracking and spalling. CDOT has identified a material that is better suited for our cities conditions. The reason CDOT has agreed to this split cost is that we now will be installing a new and more durable product and this should solve any future failure problems at the above intersections.

2. Please explain why this project could not be bid using the city's traditional bid process and the need to use JOC Procurement system.

This project is a time sensitive installation on a small scale. This is due to the fact that the existing surface is causing a trip hazard to the public and work has been requested by the Alderman using menu funds.

3. If the project is a one trade project, please provide additional explanation of why it would be in the city's best interest to do the project under JOC:

This project involves the use of multiple trades for purchase and construction.

4. If it is anticipated that over 25% of the project will consist of Non-prepriced items, please provide an explanation on why JOC should be used.

NA

5. If some elements of the proposed JOC project scope of work are covered by city term agreements, explain why they are included in this JOC project instead of being procured through the term agreements.

The use of the JOC process would assist in the management and implementation of this time sensitive project. Efficient timing of the installation between city departments can be maintained for completion during the summer of the 2009 construction year. No existing term agreements are available to install brick-print to existing asphalt pavement.
