For all Proposed JOC Projects, Please complete Items 1 and 2 below. As appropriate, Complete items 3,4 and 5. Attach to MOA (JOC Approval Letter)

1. Please describe the major features of this project.
   Expediting the reconstruction of the bridge deck to accommodate left turning vehicles in advance of the adjacent development work which includes construction of a new traffic signal/intersection at Roosevelt and Delano Pl.

2. Please explain why this project could not be bid using the city’s traditional bid process and the need to use JOC Procurement system.
   The scope of this work is too complex to be performed by In-house forces and it would not be time or cost effective for us to perform the work through the City’s traditional bid process.

3. If the project is a one trade project, please provide additional explanation of why it would be in the city’s best interest to do the project under JOC:
   Not applicable -various trades will participate.

4. If it is anticipated that over 25% of the project will consist of Non-prepriced items, please provide an explanation on why JOC should be used.
   N.A.

5. If some elements of the proposed JOC project scope of work are covered by city term agreements, explain why they are included in this JOC project instead of being procured through the term agreements.
