Utilizing JOC For City Construction Projects

Project Number: 09-84-10-016  Department: Transportation
Project Manager: Jerry Kalwasinski  Telephone #: (312) 744-5887

For all Proposed JOC Projects, Please complete Items 1 and 2 below. As appropriate, Complete items 3,4 and 5. Attach to MOA (JOC Approval Letter)

1. Please describe the major features of this project.
   Install new tree grates in the 4th Ward at the following locations as indicated.
   
   957 E. 44th Street. (2 new grates to be installed and painted)
   950 E. 45th Street. (2 new grates to be installed and painted)
   955 E. 45th Street. (2 new grates to be installed and painted)
   800 E. 45th Street. (6 new grates to be installed and painted)
   4500 S. Cottage Grove Avenue (2 new grates to be installed and painted)
   4600 S. Cottage Grove Avenue (2 new grates to be installed and painted)
   1312 W. 53rd Street. (2 new grates to be installed and not to be painted)
   1320 W. 53rd Street. (1 new grate to be installed and not to be painted)

2. Please explain why this project could not be bid using the city’s traditional bid process and the need to use JOC Procurement system.

   Project is time sensitive. Urgency and efficiency is required to complete this project during the 2009 Spring construction season. The missing tree grates in these existing sidewalk areas are a public hazard. This installation can best be managed via the JOC system. Pacific Construction has been chosen to do this work since they had done work in this area under its first phase. Phase one of this project is JOC #07-84-8-037 4th Ward Streetscape Repairs.

3. If the project is a one trade project, please provide additional explanation of why it would be in the city’s best interest to do the project under JOC:

   This project uses multiple trades for purchase and construction.

4. If it is anticipated that over 25% of the project will consist of Non-prepriced items, please provide an explanation on why JOC should be used.

   N/A

5. If some elements of the proposed JOC project scope of work are covered by city term agreements, explain why they are included in this JOC project instead of being procured through the term agreements.

   The use of the JOC process would assist in the management and implementation of this time sensitive project. By the utilization of the JOC process, efficient timing of the installation between city departments can be maintained for the completion during the Spring 2009 construction year. There are no term agreements available at this time that will allow painting and installing tree grates.
