Disclosure of Retained Parties

A Definitions and Disclosure Requirements
1. As used herein, the term "Contractor" means a person or entity who has any contract lease with the City of Chicago.
2. Pursuant to Executive Order 97-1, every city contract and lease must be accompanied by a disclosure statement providing certain information and attorneys, lobbyists, accountants, consultants, subcontractors and other persons whom the contractor has retained or expects to retain with respect to the contract or lease. In particular, the contractor must disclose the name of each such person, his or her business address, the nature of the relationship, and the amount of fees paid or estimated to be paid.
3. The Contractor is not required to disclose employees who are paid solely through the Contractor's regular payroll.

4. "Lobbyist" means any person (a) who for compensation or on behalf of any person other than himself undertakes to influence any legislative or administrative action, or (b) any part of whose duties as an employee of another includes undertaking to influence any legislative or administrative action.

3 Certification
Contractor hereby certifies as follows:

1. This Disclosure relates to the following transaction:

Reason why the MOA differs from the Sub Order

Project No: 09-84-11-033
Michigan Avenue Bus Pad and Randolph Street Overlay

1. The Sub Order amount differs from the MOA estimate for the following reasons:

1. Once pavement removal was done, it was determined that additional removal was required due to more extensive damage that was not anticipated in the original scope of work.

2. All this work was carried out during night time hours due to large volume of vehicular traffic on these streets. Due to the sensitive nature of this location the roadway closures are typically limited to a 12 hour window during the night.

Utilizing JOC For City Construction Projects

Project Number: 09-84-11-033  Department: TRANSPORTATION
Project Manager: O. Chaves  Telephone #: (312) 744-0647

For all Proposed JCC Projects, Please complete Items 1 and 2 below. As appropriate, Complete items 3, 4 and 5. Attach to MOA (JOC Approval Letter)

1. Please describe the major features of this project.
   The northbound curb lane of Michigan Avenue between Jackson Boulevard and Van Buren Street and the west bound lanes of Randolph Street at Beaubien Court require emergency repairs. Both roadways are located over occupied spaces, one is over the Grant Park Garage and the second is over the Metra Station. In both cases, the pavement failures could damage the structural slab over the occupied spaces below. In addition, the bus pad on Michigan Avenue has failed. We have to repair both roadways prior to the start of the Taste of Chicago. For the pavement rehabilitation, we will be using a stone matrix asphalt mix (SMA) that is both durable and resistant to rutting and sliding. The paving work has to be done at night due to large volume of vehicles on both roadways. Since we are using an SMA mix, we have to use a paving contractor that can supply the material and has the equipment and experience for placing the material. This work is not covered by an existing term agreement and City forces do not have equipment or the experience handling this material.

2. Please explain why this project could not be bid using the city's traditional bid process and the need to use JOC Procurement system.
   The proposed emergency repairs have to be done at night and prior to the start of the Taste of Chicago. The work requires special equipment and experience placing SMA, the emergency nature of this repair does not allow us to go through the City’s traditional bid process.

3. If the project is a one trade project, please provide additional explanation of why it would be in the city’s best interest to do the project under JOC:
   Not applicable - various trades will participate.

4. If it is anticipated that over 25% of the project will consist of Non-prepriced items, please provide an explanation on why JOC should be used.
   N. A.

5. If some elements of the proposed JOC project scope of work are covered by city term agreements, explain why they are included in this JOC project instead of being procured through the term agreements.
   N. A.
