Attn: Carol Johnson
Job Order Contract (JOC) Manager

Re: Memorandums of Authorization (MOA) for the UST Removal Projects

Dear Mr. Gayles:

A Contract was recently awarded by DPS to be used primarily for the City’s work associated with the Illinois Environmental Protection Agency’s Site Remediation Program and Underground Storage Tank (UST) Removal Program. All UST projects under this program are similar in scope; therefore, submitting an MOA for each individual UST project under the program is redundant.

We therefore request that this one MOA be sufficient for all UST Removal projects completed under the DOE JOC Program. We propose that, for each project, this MOA will be included in the Sub Order Release Package sent to DPS. MOAs and Attachment A’s will continue to be submitted for approval for any projects involving site remediation where the removal of USTs does not make up the majority of the scope.

If you concur with our recommendation, please sign below and return.

Sincerely,

Suzanne Malec-McKenna
Commissioner

## Disclosure of Retained Parties

### A. Definitions and Disclosure Requirements

1. As used herein, the term "Contractor" means a person or entity who has any contract lease with the City of Chicago.
2. Pursuant to Executive Order 97-1, every city contract and lease must be accompanied by a disclosure statement. Providing certain information and attorneys, lobbyists, accountants, consultants, subcontractors, and other persons whom the contractor has retained or expects to retain with respect to the contract or lease, in particular, the contractor must disclose the name of each such person, his or her business address, the nature of the relationship, and the amount of fees paid or estimated to be paid.
3. The Contractor is not required to disclose employees who are paid solely through the Contractor's regular payroll.
4. "Lobbyist" means any person (a) who for compensation or on behalf of any person other than himself undertakes to influence any legislative or administrative action, or (b) any part or whose duties as an employee of another includes undertaking to influence any legislative or administrative action.

### B. Certification

MEMORANDUM

To: Jamie L. Rhee, Chief Procurement Officer

From: Jose A. Santiago
       Acting Executive Director
       Office of Emergency Management and Communications

Re: Blanket Memorandum of Authorization
    PO 14256
    City Lights, Ltd/ZSL Electric

Date: April 2, 2010

The Office of Emergency Management (OEMC) has been approved to use PO 14256: City Lights/Ltd/ZSL Electric under the Bureau of Electricity’s (BOE) JOC contract. OEMC was approved to use BOE’s JOC contract for the following:

- Joint OEMC/CPD Camera Surveillance program
- Fire Alarm Box Installation and Connectivity Program

All of the work for these projects is similar in scope and cost that BOE has under their JOC requirements.

OEMC is submitting a Memorandum of Authorization (MOA) for all new construction work done under this contract. It would be redundant and unnecessary to submit an individual MOA for each project.

We request that this MOA, with the following Attachment A, be sufficient for all emergency work done utilizing the BOE JOC contract. We propose that for each project, this MOA will be included in the Sub Order Release Package to DPS.

Please see Attachment A for additional details regarding the program.

If you concur with our recommendation, please sign below and return. Thank you.

Attachment A
Utilizing JOC For City Construction Projects

Project Number: J07-811.A  Department: OEMC
Project Manager: Frank Kelly  Telephone #: (312) 746-4414

For all Proposed JOC Projects, Please complete Items 1 and 2 below. As appropriate, Complete items 3, 4 and 5. Attach to MOA (JOC Approval Letter)

1. Please describe the major features of this project.
   The scope of this project is to complete the adjustment of 2 OEMC manhole roofs and frame and covers per the project design of the PBC to comply to ADA compliances for the project.

2. Please explain why this project could not be bid using the city's traditional bid process and the need to use JOC Procurement system.
   By using the JOC process, the time required is much less than the traditional bid process. The reason OEMC needs the JOC Procurement system is because we do not have personnel or proper equipment to complete this type of underground work.

3. If the project is a one trade project, please provide additional explanation of why it would be in the city's best interest to do the project under JOC:
   This is a one trade project because OEMC does not have the manpower to complete this task along with all other tasks

4. If it is anticipated that over 25% of the project will consist of Non-pre-priced items, please provide an explanation on why JOC should be used.
   This project will be priced fully by the JOC contractor

5. If some elements of the proposed JOC project scope of work are covered by city term agreements, explain why they are included in this JOC project instead of being procured through the term agreements.
   No elements are covered under city term agreement
