Disclosure of Retained Parties

A. Definitions and Disclosure Requirements
1. As used herein, the term "Contractor" means a person or entity who has any contract lease with the City of Chicago.
2. Pursuant to Executive Order 97-1, every city contract and lease must be accompanied by a disclosure statement
   providing certain information and attorneys, lobbyists, accountants, consultants, subcontractors and other persons
   whom the contractor has retained or expects to retain with respect to the contract or lease. In particular, the contractor
   must disclose the name of each such person, his or her business address, the nature of the relationship, and the
   amount of fees paid or estimated to be paid.
3. The Contractor is not required to disclose employees who are paid solely through the Contractor’s regular payroll.
4. “Lobbyist” means any person (a) who for compensation or on behalf of any person other than himself undertakes to
   influence any legislative or administrative action, or (b) any part or whose duties as an employee of another
   includes undertaking to influence any legislative or administrative action.

Dear Ms. Rhee:

We request that the above referenced project be contracted under the Job Order Contracting (JOC) Method. Attachment A describes the scope of work and the appropriateness for using JOC for this project.

Please direct all technical inquiries to Project Manager Mike Batchman at (312) 744-1107 and all other inquiries to Lori Edwards at 744-8525.

If you concur with our recommendation, please sign below and return a copy for our files.

Sincerely,

David J. Reynolds
Commissioner

Attachment A

Utilizing JOC For City Construction Projects
01st District Police Station (New)
1718 S. State St.

Project No: WIC-10-022.C

For all Proposed JOC Projects, Please complete Items 1 and 2 below. As appropriate, Complete items 3,4 and 5.
Attach to MOA (JOC Approval Letter)

1. Please describe the major features of this project.

   Repair all areas of the building where the CMU walls & floor slab have sunken.

   Phase III Repairs, this project is a continuation of the initial slab settlement repairs, this work includes temporarily relocating the ATV Patrol section to use 3ea. connex boxes to house the CPD ATV's. Construct a partition wall enclosure @ the overhead area leading to the ATV shop area. Partition off area for Watch Commander to operate during off-hours. All Phase III work to be performed as indicated in the repair diagram provided by WJE (dated 7-8-2011). General repair areas include Watch Commanders Office & Admin. Support office, electrical closet, 4 storage closets, one large storage room and the ATV storage area. All work being performed will require the installation of new grade beams and underpinning the grade beams, once installed. The installation of air filtration system is required to prevent dust / dirt from escaping the immediate construction space. Perform X-Ray imaging of floor slabs to identify obstructions in the floor. Provide & install steel supports to stabilize CMU wall, as required. Remove and replace concrete slab, as required to facilitate new level floor slab. Remove & replaced damaged CMU. Install new pile jacks @ each grade beam location Paint all walls to match existing. Remove and replace VCT and replace terrazzo floor, as required. Repair/replace Access Control devices, steel doors, door frames and related hardware damaged from the wall / slab deflection.

2. Please explain why this project could not be bid using the city's traditional bid process and the need to use JOC Procurement system.

   We are unable to complete bid documents until after the trail repairs are completed

3. If the project is a one trade project, please provide an explanation of why it would not be in the city's best interest to do the project using DGS trades or existing term agreements.

   There will be various trades performing work on this project, riggers, construction laborers, iron workers, carpenters.

4. If it is anticipated that over 25% of the project will consist of Non Pre-Priced items, please provide an explanation on why JOC should be used.

   We do not anticipate using NPP items in excess of 25%.

5. If some elements of the proposed JOC Project scope of work are covered by city term agreements, these elements should be removed from the JOC Project.

   There are no City Term Agreement in place to perform these repairs.

6. Why Contractor was Selected?
Wight Industries was selected to perform this work because of their prior experience of successfully completing differential settlement repair projects, that were either equal or greater in size of this repair project. Their organization also has the necessary Engineering expertise required to coordinate & facilitate this type of civil engineering repairs.

The contractor was also selected for this work because it is a continuation of a multi-phased repair project.
