2. Please explain why this project could not be bid using the city’s traditional bid process and the need to use JOC Procurement system.

3. If the project is a one trade project, please provide an explanation of why it would not be in the city’s best interest to do the project using DGS trades or existing term agreements.

   NO

5. If some elements of the proposed JOC Project scope of work are covered by city term agreements, these elements should be removed from the JOC Project.

   There is no term agreement in place to complete this work.

6. Why Contractor was Selected?

   Paul Borg was selected on the bases of being the JOC contractor with the lowest capacity used overall.
