Payment on this order will be made upon receipt of an original vendor invoice form referencing this order.
Submit the original invoice to the department referenced above.
Mark all packages and papers with the purchase number.
Any deliveries containing overshipments will be reflected unless otherwise authorized in this purchase.
This purchase is subject to the City of Chicago General Conditions for Supplies, Work, or Professional Consulting Services; Special Conditions, Disclosure Ownership, Acceptance Page, as applicable, which are attached hereto or incorporated herein by reference.
Disclosure of Retained Parties

A. Definitions and Disclosure Requirements
1. As used herein, the term "Contractor" means a person or entity who has any contract lease with the City of Chicago.
2. Pursuant to Executive Order 97-1, every city contract and lease must be accompanied by a disclosure statement.
   Providing certain information and attorneys, lobbyists, accountants, consultants, subcontractors, and other persons
   whom the contractor has retained or expects to retain with respect to the contract or lease. In particular, the contractor
   must disclose the name of each such person, his or her business address, the nature of the relationship, and the
   amount of fees paid or estimated to be paid.
3. The Contractor is not required to disclose employees who are paid solely through the Contractor's regular payroll.
4. "Lobbyist" means any person (a) who for compensation or on behalf of any person other than himself undertakes to
   influence any legislative or administrative action, or (b) any part or whose duties as an employee of another
   includes undertaking to influence any legislative or administrative action.

B. Certification

Contractor hereby certifies as follows:
1. This Disclosure relates to the following transaction:
   Project name: 11-84-9-004
   Halsted Street Viaduct over Kinzie Street
   Specification/loan or other identifying number: 58904
2. Name of Contractor: MQ Construction
3. EACH AND EVERY attorney, lobbyist, accountant, consultant, subcontractor, or other person retained or anticipated
   to be retained by the Contractor with respect to or in connection with the contract or lease is listed below
   (attach additional pages if necessary):

CHECK HERE IF NO SUCH PERSONS HAVE BEEN RETAINED OR ARE ANTICIPATED TO BE RETAINED

4. The Contractor Understands and agrees that the city may rely on the information provided herein and that providing
   any false incomplete or inaccurate information shall constitute default under the contract and may result in
   termination of the contract or lease.
5. The Contractor understands and agrees that in any case in which the Contractor is uncertain whether a disclosure is required under the Executive order, the Contractor must either
   ask the city whether disclosure is required or make the disclosure.

Under the Penalties of perjury, I certify that I am authorized to execute this Disclosure on behalf of the Contractor that the information disclosed herein is true and complete, and that no
relevant information has been withheld.

Utilizing JOC For City Construction Projects

Project Number: 11-84-9-004 Department: Transportation
Project Manager: Omar Alsharabini Telephone #: (312) 744-4686

For all Proposed JOC Projects, Please complete Items 1 and 2 below. As appropriate, Complete Items 3, 4 and 5. Attach to MOA (JOC Approval Letter)

1. Please describe the major features of this project.

   This project includes several critical repairs to the Halsted Street Viaduct over Kinzie Street, including removal and replacement of the south expansion bearings, concrete repair of the south abutment stem and back wall, limited superstructure steel repair, and resetting the roadway expansion joints. A recent bridge inspection identified serious concerns of bearings in poor condition, concrete spalling with exposed corroded reinforcement on the south abutment, and expansion joints significantly out of alignment. The severe spalls on the south abutment and the condition of the expansion bearings jeopardize the integrity and safety of the structure; therefore, it is imperative that these deficiencies be addressed immediately. Repairs are required to avoid possible bridge failure or restrictions to traffic on Halsted Street.

2. Please explain why this project could not be bid using the city’s traditional bid process and the need to use JOC Procurement system.

   CDOT uses the traditional bid process for the vast majority of bridge work, with small scale maintenance repairs routinely performed by in-house crews. This project exceeds the capacity of the CDOT operations crews, but is considered a small scale repair relative to other bridge projects. CDOT has an existing JOC contract with a qualified bridge contractor, and in the past we have found the JOC prices for small to medium scale projects are equal to or better than those from competitive bids. The established contract and prices reduce the overhead and management hours required to bid the project competitively and for small to medium sized projects that overhead reduction can significantly impact the final cost. Additionally, the traditional bid process requires several months and the approaching freeze-thaw cycle will accelerate the existing deterioration even further. Because this is a critical repair with a relatively small scope, it is most effective to utilize the JOC Procurement system.

3. If the project is a one trade project, please provide additional explanation of why it would be in the city’s best interest to do the project under JOC:

   Not applicable - various trades will participate.

4. If it is anticipated that over 25% of the project will consist of Non-priced items, please provide an explanation on why JOC should be used.

   Not applicable

5. If some elements of the proposed JOC project scope of work are covered by city term agreements, explain why they are included in this JOC project instead of being procured through the term agreements.

   Not applicable
