Disclosure of Retained Parties

A. Definitions and Disclosure Requirements

1. As used herein, the term "Contractor" means a person or entity who has any contract lease with the City of Chicago.

2. Pursuant to Executive Order 97-1, every city contract and lease must be accompanied by a disclosure statement. Providing certain information and attorneys, lobbyists, accountants, consultants, subcontractors, and other persons whom the contractor has retained or expects to retain with respect to the contract or lease. In particular, the contractor must disclose the name of each such person, his or her business address, the nature of the relationship, and the amount of fees paid or estimated to be paid.

3. The Contractor is not required to disclose employees who are paid solely through the Contractor's regular payroll.

4. "Lobbyist" means any person (a) who for compensation or on behalf of any person other than himself undertakes to influence any legislative or administrative action, or (b) any part or whose duties as an employee of another includes undertaking to influence any legislative or administrative action.

B. Certification

Contractor hereby certifies as follows:

1. This Disclosure relates to the following transaction:

   Project name: 09-DMD-004 Northside Prep-Riverwalk

Attachment A
Utilizing JOC For City Construction Projects

Project No: 09-TES-017

For all Proposed JOC Projects, Please complete items 1 and 2 below. As appropriate, Complete items 3,4 and 5. Attach to MOA (JOC Approval Letter)

1. Please describe the major features of this project.

   The project site is a riverwalk located behind the Northside College Preparatory High School, 5501 N. Kedzie Avenue. The scope of work will include the establishment of new 100 amp electrical service, installation of new electrical conduit lines, and replacement of the existing lighting fixtures with more reliable and energy efficient LED lighting technology.

2. Please explain why this project could not be bid using the city's traditional bid process and the need to use JOC Procurement system.

   The JOC procurement system would be advantageous for construction due to the smaller scope of work and the accelerated contract process. The smaller scope would be impractical for the full-blown traditional bid process. An expedited time frame is sought as many of the lights at the site are not functional.

3. If the project is a one trade project, please provide an explanation of why it would not be in the city's best interest to do the project using in house trades or existing term agreements.

   This is a multi-trade project.

4. If it is anticipated that over 25% of the project will consist of Non Pre-Priced items, please provide an explanation on why JOC should be used.

   Given the limited electrical scope in the cost catalog, non pre-priced items may exceed 25%. However, the use of JOC is very advantageous given the reasons described above. Cost will remain competitive as the contractor is required to submit three independent bids for the non pre-priced items.

5. If some elements of the proposed JOC Project scope of work are covered by city term agreements, these elements should be removed from the JOC Project.
