

2022 Gross Receipts Limit

The Department of Procurement Services, which is responsible for the City of Chicago's Certification Program, has recalculated the average gross receipts limit that defines whether a business is an "Established Business." Pursuant to section 2-92-420(o) of the Municipal Code of Chicago, the gross receipts U.S. limit is adjusted annually based on the Consumer Price Index for Urban Wage Earners and Clerical Workers (CPI-W)¹.

The Annual CPI-W (U.S. City Average) in 2020 was 252.248. The Annual CPI-W (U.S. City Average) in 2021 was 265.510. By applying the following formula, the Gross Receipts Limit for Non-Construction businesses can be recalculated as follows:

(2021 Gross Receipts Limit / 2020 CPI) * 2021 CPI = 2022 Gross Receipts Limit

Or

$$(\$41,070,574.08 / 252.248) * 265.510 = \underline{\underline{\$43,229,869.51}}$$

¹ CPI data is available at
