PROCUREMENT HISTORY

The Chicago Department of Public Health (CDPH), and Medifax-EDI, LLC. (The Consultant) entered into an agreement, January 1, 2007. The Consultant provides a portal through which “CDPH” execute Illinois Medicaid (Eligibility Verification & Claim Status Verification) by submitting an appropriate data combination needed to perform the corresponding claim status inquiry.

Subscribers may transmit eligibility inquiries 24 hours per day, 7 days per week, other than scheduled and announced maintenance hours.

When this partnership began, CDPH had a Clinic Practice Management Information System (“CPMIS”) that was built on a MUMPS/Cache platform.

In October, 2007, CDPH implemented a new system with Cerner Corporation which includes an EMR (Electronic Medical Record) and Patient Management Systems. CDPH has continued its relationship with Medifax. During the implementation of the CHAMPS system, the portal was integrated in Power Works Patient Management (PWPM). This made it possible for CDPH staff to be able to execute on-demand eligibility checking on the patients.

A very beneficial function, batch eligibility verification was not implemented when CDPH installed the
CHAMPS system. Not having this functionality available to staff has had a negative impact on CDPH’s revenue generating potential. Making this change affords CDPH the opportunity to capitalize on this functionality and seeks to implement it as soon as possible.

This is a continuation of a previous procurement from the same source. CDPH did reach out to the Cerner Corporation, but it was not able to deliver the services sought. The proposal offered by Cerner would not deliver the results sought by CDPH and would require additional resources.

While a proposal from the Cerner Corporation was hosted by Alvin Williamson of DoIT, myself and Tom Harrison of the Cerner Corporation, after reviewing their proposal, we determined the resources needed to achieve our goal outweighed the resources and results in the proposal presented by Emdeon. The results, utilization of Emdeon product would result in a cost savings to CDPH and delivery of optimal results, more revenue.

Based on past performance, this has not been nor will be a one-time engagement. CDPH will continue to partner with Emdeon in future endeavors as it has proved to be a leader in the industry.

Regarding future bids, CDPH is always open to competitive bidding. Vendors who offer their services in the Eligibility Verification arena are always welcome. Proposals which offer seamless, efficient services will be given serious consideration.

☐ ESTIMATED COST

**AccuPost Fee Structure:**

In addition to the current fees that are in place today for the eligibility transactions and support through the Revenue Analysis (R.A.) service, the AccuPost Fees are as follows:

- **One Time Implementation Fee**  $5,000
- **Monthly Maintenance Fee**  $500/mo

While the AccuPost functionality will be new to the CHAMPS system, CDPH used similar functionality with the VeriQuest system when CDPH had the Global System in place.

The estimates which are based in part on historical usage and current cost of living index CDPH believes are fair and reasonable... Implementation of AccuPost will reduce the cost of the On-Demand verifications in the clinics. CDPH should see a noticeable decrease in the number of errors that have been encountered in the past because Accupost will update the patient’s profile/insurance per the criteria defined by CDPH during implementation. The benefits for the City – a greater percentage of claims will be billed to the payors without errors and adjudication/reimbursement forthcoming after the initial review.

CDPH is only seeking a one year extension of this contract. Therefore, the estimated cost is being calculated for a one year period.

**Basis for Cost Estimate:** The fee structure for this additional AccuPost service includes a onetime Implementation fee and an ongoing monthly maintenance fee. The Implementation fee covers the implementation and programming efforts by Emdeon to implement the posting process of the eligibility responses into Cerner. The monthly maintenance fee covers ongoing maintenance and customer support for this service. The basis of this cost estimate is that CDPH only intends to use AccuPost for the posting of eligibility response data but across multiple payer types. No other EDI transactions (such as electronic

DEPARTMENT OF PUBLIC HEALTH – Schedule Requirements

AccuPost is a web based program which can be utilized to post eligibility benefits from the ANSI 271 file into Cerner. During the implementation of the AccuPost application the team at City of Chicago will outline the business rules indicating what data elements should be posted and where within Cerner. This is a customized posting application which has been developed for posting to pre-defined fields, free text notes and/or custom built screens. This outline will be prepared and submitted to Emdeon for their review prior to the onset of the implementation to allow for any modifications based on the business rules.

Emdeon’s AccuPost application is being used by many other Cerner clients. It has in-depth experience working with the Cerner application and has implemented this product in hospitals, clinics, and physician practices. It has a proven successful track record. Competitive bidding would definitely delay the opportunity to generate additional revenue and still realize cost savings.
EMDEON/MEDIFAX

EMDEON/MEDIFAX is one of two REV Contractors utilized by Illinois Department Healthcare and Family Services (HFS), formerly known as Illinois Department of Public Aid (IDPA). It has direct telecommunication access to HFS databases. It’s developed, standardized software (EDI-Transactions) for providers to use in the eligibility verification process.

As stated in the Procurement History section of this document, CDPH and Emdeon/Medifax have been partners in the current agreement since 2007. CDPH had a prior contractual agreement with this vendor when the application used was “VeriQuest”. That application was sunset several years ago and replaced with currently used. Their staff have always offered excellent support and responded promptly to any issues encountered by CDPH. They have been very timely in offering solutions to those issues without the City incurring additional costs.

It has continued to improve the features and functionality of its eligibility verification. It now offers add-on products which work with and enhance the eligibility verification. Using this application will further promote revenue growth for CDPH.

CDPH has no plans to hire any additional personnel as the AccuPost product will login to the Cerner application remotely, load the files with the eligibility verification results without CDPH staff participation. The time that staff have spent in the past, creating reports in Cerner, running those reports in Emdeon’s Revenue and Analysis (RA) application, and disseminating those reports to the clinics for the results to be updated in the patients insurance, all can be eliminated once AccuPost is implemented. This will be a significant cost savings to the City.

A noted uniqueness is the partnership that the Cerner Corporation and Emdeon/Medifax have developed over the past several years. Emdeon functionality is being integrated in Cerner applications. Implementation of the new features/functionality will help eliminate manual tasks now performed by the clinical staff, i.e. on-demand eligibility checking in the clinics, and modifying patient profiles/insurances.

The results of these changes – increased efficiency in using staff time. Staff will have more time to focus on the delivery of patient care services.

Competition was not excluded due to any specific existence of patent rights, copyrights, trade secrets, technical data, or other proprietary data.

While Emdeon/Medifax is not the only company that can post EDI data into Cerner, we do not believe it would be prudent to utilize an additional third party that would not be versed on how Emdeon/Medifax returns the eligibility data.
INSTRUCTIONS FOR PREPARATION OF NON-COMPETITIVE PROCUREMENT FORM

If a City Department has determined that the purchase of supplies, equipment, work and/or services cannot be done on a competitive basis, a justification must be prepared on this "Justification for Non-Competitive Procurement Form" in which procurement is requested on a non-bid or non-competitive basis in accordance with 65 ILCS 5/8-10-4 of the Illinois Compiled Statutes. All applicable questions in each Subject Area below must be answered. The information provided must be complete and in sufficient detail to allow for a decision to be made by the Non-Competitive Procurement Review Board. Also attach a DPS Checklist and any other required documentation. The Board will not consider justification with incomplete information documentation or omissions.

PROCUREMENT HISTORY
1. Describe the requirement and how it evolved from initial planning to its present status.
2. Is this a first time requirement or a continuation of previous procurement from the same source? If so, explain the procurement history.
3. Explain attempts made to competitively bid the requirement. (Attach copy of notices and list of sources contacted)
4. Describe all research done to find other sources. (List other cities contacted, companies in the industry contacted, professional organizations, periodicals and other publications used).
5. Explain future procurement objectives. Is this a one-time request or will future requests be made for doing business with the same source?
6. Explain whether or not future competitive bidding is possible. If not, why not?

ESTIMATED COST
1. What is the estimated cost for this requirement (or for each contract, if multiple awards contemplated)? What is the funding source?
2. What is the estimated cost by fiscal year, if the job project or program covers multiple years?
3. Explain the basis for estimating the cost and what assumptions were made and/or data used (i.e., budgeted amount, previous contract price, current catalog or cost proposal from firms solicited, engineering or in-house estimate, etc.)
4. Explain whether the proposed Contractor or the City has a substantial dollar investment in original design, tooling or other factors which would be duplicated at City expense if another source was considered. Describe cost savings or other measurable benefits to the City which may be achieved.
5. Explain what negotiation of price has occurred or will occur. Detail why the estimated cost is deemed reasonable.

SCHEDULE REQUIREMENTS
1. Explain how the schedule was developed and at what point the specific dates were known.
2. Is lack of drawings and/or specifications a constraining factor to competitive bidding? If so, why is the proposed Contractor the only person or firm able to perform under these circumstances? Why are the drawings and specifications lacking? What is the lead time required to get drawings and specifications suitable for competition? If lack of drawings and specifications is not a constraining factor to competitive bidding, explain why only one person or firm can meet the required schedule.
3. Outline the required schedule by delivery or completion dates and explain the reasons why the schedule is critical.
4. Describe in detail what impact delays for competitive bidding would have on City operations, programs, costs and budgeted funds.

EXCLUSIVE OR UNIQUE CAPABILITY
1. If contemplating hiring a person or firm as a Professional Service Consultant, explain in detail what professional skills, expertise, qualifications, and/or other factors make this person or firm exclusively or uniquely qualified for the project. Attach a copy of the cost proposal, scope of services, and temporary consulting services form.
2. Does the proposed firm have personnel considered unquestionably predominant in the particular field?
3. What prior experience of a highly specialized nature does the person or firm exclusively possess that is vital to the job, project or program?
4. What technical facilities or test equipment does the person or firm exclusively possess of a highly specialized nature which is vital to the job?
5. What other capabilities and/or capacity does the proposed firm possess which is necessary for the specific job, project or program which makes them the only source who can perform the work within the required time schedule without unreasonable costs to the City?
6. If procuring products or equipment, describe the intended use and explain any exclusive or unique capabilities, features and/or functions the items have which no other brands or models, etc. possess. Is compatibility with existing equipment critical from an operational standpoint? Explain why?
7. Is competition precluded because of the existence of patent rights, copyrights, trade secrets, technical data, or other proprietary data? Attach documentation verifying such.
8. If procuring replacement parts and/or maintenance services, explain whether or not replacement parts and/or services can be obtained from any other sources? If not, is the proposed firm the only authorized or exclusive dealer/distributor and/or service center? If so, attach letter from manufacturer.

MBE/WBE COMPLIANCE PLAN
* All submissions must contain detailed information about how the proposed firm will comply with the requirements of the City's Minority and Women Owned Business program. All submissions must include a complete C-1 and D-1 form, which is available on the Procurement Services page on the City's intranet site. The City Department must submit a Compliance Plan, including details about direct and indirect compliance.

OTHER
* Explain other related considerations and attach all applicable supporting documents, i.e., an approved ITGB form.

REVIEW AND APPROVAL
This form must be signed by both Originator of the request and signed by the Department Head or authorized designee. After review and final disposition from the Board, this form will be signed by the Chairperson of the Board. After review and final disposition from the Board, this form will be signed by the Chief Procurement Officer for final approval.

Re: Procurement history for Emdeon/Medifax

Emdeon/Medifax is one of two REV Contractors utilized by Illinois Department Healthcare and Family Services (HFS), formerly known as Illinois Department of Public Aid (IDPA). It has direct telecommunication access to HFS databases. It’s developed, standardized software (EDI-Transactions) for providers to use in the eligibility verification process.

As stated in the Procurement History section of this document, CDPH and Emdeon/Medifax have been partners in the current agreement since 2007. CDPH had a prior contractual agreement with this vendor when the application used was “VeriQuest”. That application was sunset several years ago and replaced with currently used. Their staff have always offered excellent support and responded promptly to any issues encountered by CDPH. They have been very timely in offering solutions to those issues without the City incurring additional costs.

It has continued to improve the features and functionality of its eligibility verification. It now offers add-on products which work with and enhance the eligibility verification. Using this application will further promote revenue growth for CDPH.

CDPH has no plans to hire any additional personnel as the AccuPost product will login to the Cerner application remotely, load the files with the eligibility verification results without CDPH staff participation. The time that staff have spent in the past, creating reports in Cerner, running those reports in Emdeon’s Revenue and Analysis (RA) application, and disseminating those reports to the clinics for the results to be updated in the patients insurance, all can be eliminated once AccuPost is implemented. This will be a significant cost savings to the City.
A noted uniqueness is the partnership that the Cerner Corporation and Emdeon/Medifax have developed over the past several years. Emdeon functionality is being integrated in Cerner applications. Implementation of the new features/functionality will help eliminate manual tasks now performed by the clinical staff, i.e. on-demand eligibility checking in the clinics, and modifying patient profiles/insurances.

The results of these changes – increased efficiency in using staff time. Staff will have more time to focus on the delivery of patient care services.

Competition was not excluded due to any specific existence of patent rights, copyrights, trade secrets, technical data, or other proprietary data.

While Emdeon/Medifax is not the only company that can post EDI data into Cerner, we do not believe it would be prudent to utilize an additional third party that would not be versed on how Emdeon/Medifax returns the eligibility data.

Thank you for your assistance in this matter. If you have any questions or need additional information, please contact Maribel Valdez at 312-747-8828 or Kenneth McGhee at 312-747-8841.

DEPARTMENT OF PUBLIC HEALTH – Schedule Requirements

AccuPost is a web based program which can be utilized to post eligibility benefits from the ANSI 271 file into Cerner. During the implementation of the AccuPost application the team at City of Chicago will outline the business rules indicating what data elements should be posted and where within Cerner. This is a customized posting application which has been developed for posting to pre-defined fields, free text notes and/or custom built screens. This outline will be prepared and submitted to Emdeon for their review prior to the onset of the implementation to allow for any modifications based on the business rules.

Emdeon’s AccuPost application is being used by many other Cerner clients. It has in-depth experience working with the Cerner application and has implemented this product in hospitals, clinics, and physician practices. It has a proven successful track record. Competitive bidding would definitely delay the opportunity to generate additional revenue and still realize cost savings.

<td>$500 x 12 months = $6,000</td>
</tr>
<tr>
<td>Total amount for one year</td>
<td></td>
<td>$11,000</td>
</tr>
</tbody>
</table>

2. The cost of this project is based on the average being paid by other grants to evaluators doing similar work.

3. The proposed contractor does not have a substantial dollar investment in original design, tooling or other factors that will be duplicated at the City expense if another source was considered.

4. Revenue obtained from the collection of fees from the clients will continue providing funding to pay Emdeon/Medifax for the services.

CDPH SCOPE OF WORK
FOR EMDEON/MEDIFAX-EDI, LLC

Additional responsibilities to the existing contract with Emdeon/Medifax include:

- Emdeon/Medifax will check all the self-pay clients in all facilities if they have any type of insurance coverage.
- Emdeon/Medifax will post the insurance coverage information returned from the query in the current billing system.
- Emdeon/Medifax will deliver and implement an automated process which will not require clinic staff to be trained. Implementation will be based on a predetermined eligibility selection criteria.
- Emdeon/Medifax will be executing the eligibility checking and posting of the query results weekly.
- Emdeon/Medifax has Revenue Analysis (RA) reports that will be delivered to CDPH every time the process is ran.
- Emdeon/Medifax has provided similar services to CDPH in priors. However, the application AccuPost executes the eligibility checking search and posts the results automatically.

SCOPE OF SERVICES PROPOSAL

Between

MEDIFAX-EDI, LLC

And

THE CHICAGO DEPARTMENT OF PUBLIC HEALTH

For

AccuPost Fee Structure

This proposal is made by Medifax-EDI, LLC, a subsidiary of Emdeon Business Services LLC hereinafter referred to as Vendor, to enter into an agreement for the AccuPost Fee Structure with the Chicago Department of Public Health with principal address at 333 South State Street, Chicago, IL 60604 hereinafter referred to as the Department.

I. SCOPE OF SERVICES

AccuPost will automate the posting of batch eligibility responses into CDPH’s Cerner environment.

In addition to the current fees that are in place today for the eligibility transactions and support through the Revenue Analysis (R.A.) service, the AccuPost Fees are as follows:

- One Time Implementation Fee $5,000
- Monthly Maintenance Fee $500/mo

While the AccuPost functionality will be new to the CHAMPS system, CDPH used similar functionality with the VeriQuest system when CDPH had the Global System in place.

Implementation of AccuPost should reduce the cost of the On-Demand verifications in the clinics. CDPH should see a noticeable decrease in the number of errors that have been encountered in the past due to AccuPost’s ability to update the patient’s profile/insurance per the criteria defined by CDPH during implementation. The potential benefits for the City include: automation of a current manual process of posting data, reduce errors associated with posting, and a greater percentage of claims should be billed to the payors without errors and adjudication/reimbursement forthcoming after the initial review.
CDPH is only seeking a one year extension of this contract. Therefore, the estimated cost is being calculated for a one year period.

Basis for Cost Estimate: The fee structure for this additional AccuPost service includes a onetime Implementation fee and an ongoing monthly maintenance fee. The Implementation fee covers the implementation and up to 40 hours of programming by Vendor to implement the posting process of the eligibility responses into Cerner. While it is not anticipated that more than 40 hours of programming will be required, should programming exceed 40 hours, each additional hour will be charged at $150.00 per hour. The monthly maintenance fee covers ongoing maintenance and customer support for this service. The basis of this cost estimate is that CDPH only intends to use AccuPost for the posting of eligibility response data but across multiple payer types. No other EDI transactions (such as electronic remittance advice, claim status) will be posted under this AccuPost module.

II. DURATION OF PROJECT AND SCHEDULE REQUIREMENTS

Listed below are the Schedule Requirements identified by the Department of Innovation Technology (DoIT) and Vendor. The scheduled completion of these requirements is June 30, 2012.

Re: Letter of Uniqueness for Medifax-EDI, LLC, a subsidiary of Emdeon Business Services LLC ("Emdeon")

Emdeon is one of three REV Contractors utilized by Illinois Department Healthcare and Family Services (HFS), formerly known as Illinois Department of Public Aid (IDPA). It has direct telecommunication access to HFS databases. It has developed standardized software (EDI-Transactions) for providers to use in the eligibility verification process.

CDPH and Emdeon have been contracted for eligibility services since 2007. CDPH had a prior contractual agreement with Emdeon when the application used was "VeriQuest". That application was sunset several years ago and replaced with the Receivables Analytics "R.A" solution currently used by CDPH. Emdeon staff has had a history of providing solid customer support to CDPH and has promptly responded to issues at no additional cost to CDPH.

Emdeon has continued to improve the features and functionality of its eligibility verification. It now offers add-on products which work with and enhance the eligibility verification.

CDPH has indicated it has no plans to hire any additional personnel to support the management and posting of eligibility data AccuPost product will login to the Cerner application remotely, load the eligibility verification result files with minimal CDPH staff participation. The time that staff has spent in the past disseminating the eligibility response reports to the clinics for the results to be updated in the patient’s insurance, all can be virtually eliminated once AccuPost is implemented. This should be a significant cost savings to the City.

A noted uniqueness is the partnership that the Cerner Corporation and Emdeon have developed over the past several years. Emdeon functionality interfaces in Cerner applications. Implementation of the new features/functionality will help eliminate many manual tasks now performed by the clinical staff, i.e. on-demand eligibility checking in the clinics, and modifying patient profiles/insurances.
While Emdeon is not the only company that can post EDI data into Cerner, we do not believe it would be prudent to utilize an additional third party that would not be versed on how Emdeon returns the eligibility data.

   b. have not, within a five-year period preceding the date of this EDS, been convicted of a criminal offense, adjudged guilty, or had a civil judgment rendered against them in connection with: obtaining, attempting to obtain, or performing a public (federal, state or local) transaction or contract under a public transaction; a violation of federal or state antitrust statutes; fraud; embezzlement; theft; forgery; bribery; falsification or destruction of records; making false statements; or receiving stolen property;
c. are not presently indicted for, or criminally or civilly charged by, a governmental entity (federal, state or local) with committing any of the offenses set forth in clause B.2.b. of this Section V;
d. have not, within a five-year period preceding the date of this EDS, had one or more public transactions (federal, state or local) terminated for cause or default; and
e. have not, within a five-year period preceding the date of this EDS, been convicted, adjudged guilty, or found liable in a civil proceeding, or in any criminal or civil action, including actions concerning environmental violations, instituted by the City or by the federal government, any state, or any other unit of local government.

I certify the above to be true

3. Neither the Disclosing Party, nor any Contractor, nor any Affiliated Entity of either the Disclosing Party or any Contractor nor any Agents have, during the five years before the date this EDS is signed, or, with respect to a Contractor, an Affiliated Entity, or an Affiliated Entity of a Contractor during the five years before the date of such Contractor's or Affiliated Entity's contract or engagement in connection with the Matter:

a. bribed or attempted to bribe, or been convicted or adjudged guilty of bribery or attempting to bribe, a public officer or employee of the City, the State of Illinois, or any agency of the federal government or of any state or local government in the United States of America, in that officer's or employee's official capacity;
b. agreed or colluded with other bidders or prospective bidders, or been a party to any such agreement, or been convicted or adjudged guilty of agreement or collusion among bidders or prospective bidders, in restraint of freedom of competition by agreement to bid a fixed price or otherwise; or
c. made an admission of such conduct described in a. or b. above that is a matter of record, but have not been prosecuted for such conduct; or
d. violated the provisions of Municipal Code Section 2-92-610 (Living Wage Ordinance).

I certify the above to be true

4. Neither the Disclosing Party, Affiliated Entity or Contractor, or any of their employees, officials, agents or partners, is barred from contracting with any unit of state or local government as a result of engaging in or being convicted of

- bid-rigging in violation of 720 ILCS 5/33E-3;
- bid-rotating in violation of 720 ILCS 5/33E-4; or
- any similar offense of any state or of the United States of America that contains the same elements as the offense of bid-rigging or bid-rotating.

I certify the above to be true
5. Neither the Disclosing Party nor any Affiliated Entity is listed on any of the following lists maintained by the Office of Foreign Assets Control of the U.S. Department of the Treasury or the Bureau of Industry and Security of the U.S. Department of Commerce or their successors: the Specially Designated Nationals List, the Denied Persons List, the Unverified List, the Entity List and the Debarred List.

I certify the above to be true

6. The Disclosing Party understands and shall comply with the applicable requirements of Chapters 2-55 (Legislative Inspector General), Chapter 2-56 (Inspector General) and Chapter 2-156 (Governmental Ethics) of the Municipal Code.

I certify the above to be true

C. CERTIFICATION OF STATUS AS FINANCIAL INSTITUTION

The Disclosing Party certifies that, as defined in Section 2-32-455(b) of the Municipal Code, the Disclosing Party

is not a "financial institution"

E. CERTIFICATION REGARDING SLAVERY ERA BUSINESS

If the Disclosing Party cannot make this verification, the Disclosing Party must disclose all required information in the space provided below or in an attachment in the "Additional Info" tab. Failure to comply with these disclosure requirements may make any contract entered into with the City in connection with the Matter voidable by the City.

The Disclosing Party verifies that the Disclosing Party has searched any and all records of the Disclosing Party and any and all predecessor entities regarding records of investments or profits from slavery or slaveholder insurance policies during the slavery era (including insurance policies issued to slaveholders that provided coverage for damage to or injury or death of their slaves), and the Disclosing Party has found no such records.

I can make the above verification

SECTION VII -- ACKNOWLEDGMENTS, CONTRACT INCORPORATION, COMPLIANCE, PENALTIES, DISCLOSURE

The Disclosing Party understands and agrees that:
A. The certifications, disclosures, and acknowledgments contained in this EDS will become part of any contract or other agreement between the Applicant and the City in connection with the Matter, whether procurement, City assistance, or other City action, and are material inducements to the City's execution of any contract or taking other action with respect to the Matter. The Disclosing Party understands that it must comply with all statutes, ordinances, and regulations on which this EDS is based.

B. The City's Governmental Ethics and Campaign Financing Ordinances, Chapters 2-156 and 2-164 of the Municipal Code, impose certain duties and obligations on persons or entities seeking City contracts, work, business, or transactions. A training program is available on line at www.cityofchicago.org/city/en/depts/ethics.html, and may also be obtained from the City's Board of Ethics, 740 N. Sedgwick St., Suite 500, Chicago, IL 60610, (312) 744-9660. The Disclosing Party must comply fully with the applicable ordinances.

I acknowledge and consent to the above.

The Disclosing Party understands and agrees that:

C. If the City determines that any information provided in this EDS is false, incomplete or inaccurate, any contract or other agreement in connection with which it is submitted may be rescinded or be void or voidable, and the City may pursue any remedies under the contract or agreement (if not rescinded or void), at law, or in equity, including terminating the Disclosing Party's participation in the Matter and/or declining to allow the Disclosing Party to participate in other transactions with the City. Remedies at law for a false statement of material fact may include incarceration and an award to the City of treble damages.

D. It is the City's policy to make this document available to the public on its Internet site and/or upon request. Some or all of the information provided on this EDS and any attachments to this EDS may be made available to the public on the Internet, in response to a Freedom of Information Act request, or otherwise. By completing and signing this EDS, the Disclosing Party waives and releases any possible rights or claims which it may have against the City in connection with the public release of information contained in this EDS and also authorizes the City to verify the accuracy of any information submitted in this EDS.

E. The information provided in this EDS must be kept current. In the event of changes, the Disclosing Party must supplement this EDS up to the time the City takes action on the Matter. If the Matter is a contract being handled by the City's Department of Procurement Services, the Disclosing Party must update this EDS as the contract requires. NOTE: With respect to Matters subject to Article I of Chapter 1-23 of the Municipal Code (imposing PERMANENT INELIGIBILITY for certain specified offenses), the information provided herein
regarding eligibility must be kept current for a longer period, as required by Chapter 1-23 and Section 2-154-020 of the Municipal Code.

I acknowledge and consent to the above

The Disclosing Party represents and warrants that:

F.1. The Disclosing Party is not delinquent in the payment of any tax administered by the Illinois Department of Revenue, nor are the Disclosing Party or its Affiliated Entities delinquent in paying any fine, fee, tax or other charge owed to the City. This includes, but is not limited to, all water charges, sewer charges, license fees, parking tickets, property taxes or sales taxes.

I certify the above to be true

FAMILIAL RELATIONSHIPS WITH ELECTED CITY OFFICIALS AND DEPARTMENT HEADS

This question is to be completed only by (a) the Applicant, and (b) any legal entity which has a direct ownership interest in the Applicant exceeding 7.5 percent. It is not to be completed by any legal entity which has only an indirect ownership interest in the Applicant.

Under Municipal Code Section 2-154-015, the Disclosing Party must disclose whether such Disclosing Party or any "Applicable Party" or any Spouse or Domestic Partner thereof currently has a "familial relationship" with any elected city official or department head. A "familial relationship" exists if, as of the date this EDS is signed, the Disclosing Party or any "Applicable Party" or any Spouse or Domestic Partner thereof is related to the mayor, any alderman, the city clerk, the city treasurer or any city department head as spouse or domestic partner or as any of the following, whether by blood or adoption: parent, child, brother or sister, aunt or uncle, niece or nephew, grandparent, grandchild, father-in-law, mother-in-law, son-in-law, daughter-in-law, stepfather or stepmother, stepson or stepdaughter, stepbrother or stepsister or half-brother or half-sister.

"Applicable Party" means (1) all corporate officers of the Disclosing Party, if the Disclosing Party is a corporation; all partners of the Disclosing Party, if the Disclosing Party is a general partnership; all general partners and limited partners of the Disclosing Party, if the Disclosing Party is a limited partnership; all managers, managing members and members of the Disclosing Party, if the Disclosing Party is a limited liability company; (2) all principal officers of the Disclosing Party; and (3) any person having more than a 7.5 percent ownership interest in the Disclosing Party. "Principal officers" means the president, chief operating officer, executive director, chief financial officer, treasurer or secretary of a legal entity or any person exercising similar authority.
Does the Disclosing Party or any "Applicable Party" or any Spouse or Domestic Partner thereof currently have a "familial relationship" with an elected city official or department head?

N/A because the Disclosing party is not the Applicant nor has a direct ownership interest.

Re: Request for change of scope of services, PO #14134, Emdeon/Medifax-EDI, LLC.

The Chicago Department of Public Health (CDPH) requests to change the scope of services in the above referenced contract. Emdeon/Medifax-EDI, LLC provides payor direct, recipient eligibility verification system. This contract was awarded on a sole source basis to Emdeon/Medifax-EDI, LLC for four years for an amount of $1,072,620.26.

CDPH would add to the existing contract with Emdeon/Medifax the services of checking the self-pay clients in various clinics to see if they have any type of insurance coverage, and posts the insurance coverage in the current billing system. The cost to cover these services would be a total of $11,000 for the remainder of the existing contract. Please see detailed scope of services for more detailed information on the services and cost.

Thank you for your assistance in this matter. If you have any questions or need additional information, please contact Maribel Valdez at 312-747-8828 or Ken McGhee at 312-747-8841.
