PROCUREMENT HISTORY – In 1990, the Bureau of Operations and Distributions worked in conjunction with the Engineers of the Bureau of Engineering to purchase and implement a hydraulic disassembly wrench, had known as wet/dry Barrel Hydrant Handler Machines for the removal of frozen seats in a Chicago Fire hydrant. This wrench replace manually operated wrench which in many cases could not remove the damaged hydrant seats. It also improved work safety by eliminating the use of the hydrant truck to put additional force on the manual wrench to remove difficult seats. The Bureau of Operations & Distribution purchased six (6) hydraulic wrenches and they were received in January 1991 and are continually in use. Four (4) new units were ordered in 1993. Three (3) old units were sent back to the manufacturer for rehab at no expenses to the Bureau of Operations & Distribution. The three (3) old units were rehabbed and returned to Bureau of operations & Distribution in “1995”. Five (5) new units were purchased in May 2002.

The Sole Source Board approved this contract PO 22183 Mineola Specialty Services on 11/22/2010. The Sole Source Contract was awarded for (Parts and Services for the Wet Barrel Hydrant Handler Machine). This contract is used to maintain and repair Wet/Dry Barrel Hydrant Machines for the City of Chicago Water distribution system.

The contract has exceeded its vendor limit because of ongoing maintenance of these machines coupled with DWM’s increase initiative in infrastructure production to repair and install new fire hydrants.

ESTIMATED COST – $250,000.00

The vendor limit increase is being requested to cover an outstanding release in the amount of $5,480.00 and to cover future expenditures estimated to be $13,584.44/month x 18 months.

INSTRUCTIONS FOR PREPARATION OF NON-COMPETITIVE PROCUREMENT FORM

If a City Department has determined that the purchase of supplies, equipment, work and/or services cannot be done on a competitive basis, a justification must be prepared on this “Justification for Non-Competitive Procurement Form” in which procurement is requested on a non-bid or non-competitive basis in accordance with 65 ILCS 5/8-10-4 of the Illinois Compiled Statutes. All applicable questions in each Subject Area below must be answered. The information provided must be complete and in sufficient detail to allow for a decision to be made by the Non-Competitive Procurement Review Board. Also attach a DPS Checklist and any other required documentation. The Board will not consider justification with incomplete information documentation or omissions.

3. Explain attempts made to competitively bid the requirement. (Attach copy of notices and list of sources contacted)
4. Describe all research done to find other sources. (List other cities contacted, companies in the industry contacted, professional organizations, periodicals and other publications used).
5. Explain future procurement objectives. Is this a one-time request or will future requests be made for doing business with the same source?
6. Explain whether or not future competitive bidding is possible. If not, why not?

ESTIMATED COST
1. What is the estimated cost for this requirement (or for each contract, if multiple awards contemplated)? What is the funding source?
2. What is the estimated cost by fiscal year, if the job project or program covers multiple years?
3. Explain the basis for estimating the cost and what assumptions were made and/or data used (i.e., budgeted amount, previous contract price, current catalog cost proposal from firms solicited, engineering or in-house estimate, etc.)
4. Explain whether the proposed Contractor or the City has a substantial dollar investment in original design, tooling or other factors which would be duplicated at City expense if another source was considered. Describe cost savings or other measurable benefits to the City which may be achieved.
5. Explain what negotiation of price has occurred or will occur. Detail why the estimated cost is deemed reasonable.

SCHEDULE REQUIREMENTS
1. Explain how the schedule was developed and at what point the specific dates were known.
2. Is lack of drawings and/or specifications a constraining factor to competitive bidding? If so, why is the proposed Contractor the only person or firm able to perform under these circumstances? Why are the drawings and specifications lacking? What is the lead time required to get drawings and specifications suitable for competition? If lack of drawings and specifications is not a constraining factor to competitive bidding, explain why only one person or firm can meet the required schedule.
3. Outline the required schedule by delivery or completion dates and explain the reasons why the schedule is critical.
4. Describe in detail what impact delays for competitive bidding would have on City operations, programs, costs and budgeted funds.

EXCLUSIVE OR UNIQUE CAPABILITY
1. If contemplating hiring a person or firm as a Professional Service Consultant, explain in detail what professional skills, expertise, qualifications, and/or other factors make this person or firm exclusively or uniquely qualified for the project. Attach a copy of the cost proposal, scope of services, and temporary consulting services form.
2. Does the proposed firm have personnel considered unquestionably predominant in the particular field?
3. What prior experience of a highly specialized nature does the person or firm exclusively possess that is vital to the job, project or program?
4. What technical facilities or test equipment does the person or firm exclusively possess of a highly specialized nature which is vital to the job?
5. What other capabilities and/or capacity does the proposed firm possess which is necessary for the specific job, project or program which makes them the only source who can perform the work within the required time schedule without unreasonable costs to the City?
6. If procuring products or equipment, describe the intended use and explain any exclusive or unique capabilities, features and/or functions the items have which no other brands or models, etc., possess. Is compatibility with existing equipment critical from an operational standpoint? Explain why?
7. Is competition precluded because of the existence of patent rights, copyrights, trade secrets, technical data, or other proprietary data? Attach documentation verifying such.
8. If procuring replacement parts and/or maintenance services, explain whether or not replacement parts and/or services can be obtained from any other sources? If not, is the proposed firm the only authorized or exclusive dealer/distributor and/or service center? If so, attach letter from manufacturer.

MBE/WBE COMPLIANCE PLAN
* All submissions must contain detailed information about how the proposed firm will comply with the requirements of the City’s Minority and Women Owned Business program. SUBJECT: Request for Vendor Limit Increase
Specification No. 85302
Contract No. 22183-Mineola Specialty Services (Sole Source)

DATE: July 23, 2012

The Department of Water Management would like to request permission from the Sole Source Board to add additional monies in the amount of $250,000 to provide continued services for the above referenced sole source contract. This contract is used to maintain/repair the wet dry barrel hydrant handler machines, which are used for removing and replacing the main water valves of high pressured fire hydrants for the City of Chicago water distribution system. The Sole Source Board approved this contract on 11/22/2010. However, the contract has exceeded its vendor limit because of ongoing maintenance of these machines coupled with DWM's increased initiative in infrastructure production to repair and install new fire hydrants. The vendor limit increase is being requested to cover an outstanding release in the amount of $5,480 and to cover future expenditures estimated to be $13,584.44/month x 18 months. Therefore, we are asking for a vendor limit increase in the total amount $250,000. We respectfully ask that you approve our request.

Thank you in advance for your cooperation in expediting the requested vendor limit increase for this contract. Please feel free to contact Felicia Rawlings, Supervisor of Contracts at 312-745-0581 if you require any additional information.

Annual Certificate Expires: June 30, 2013

Dear Lori Parker-Psencik:

Congratulations on your continued eligibility for certification as a Women Business Enterprise (WBE) by the City of Chicago. This certification is valid until June 30, 2014.

As you know, your firm must also be re-validated annually. As such, your firm’s next No Change Affidavit is due by June 30, 2013. Please remember, you have an affirmative duty to file your No-Change Affidavit 60 days prior to the date of expiration.

It is important to note that you also have an ongoing affirmative duty to notify the City of Chicago of any changes in ownership or control of your firm, or any other fact affecting your firm’s eligibility for certification within 10 days of such change. These changes may include but are not limited to a change of address, change of business structure, change in ownership or ownership structure, change of business operations, and/or gross receipts that exceed the program threshold.

Please note – you shall be deemed to have had your certification lapse and will be ineligible to participate as a MBE/WBE/BEPD if you fail to:

- file your No Change Affidavit within the required time period;
- provide financial or other records requested pursuant to an audit within the required time period; or
- notify the City of any changes affecting your firm’s certification within 10 days of such change.

Further, if you or your firm is found to be involved in certification, bidding and/or contractual fraud or abuse, the City will pursue decertification and debarment. And in addition to any other penalty imposed by law, any person who knowingly
obtains, or knowingly assists another in obtaining, a contract with the city by falsely representing that the individual or entity, or the individual or entity assisted, is a minority-owned business or a woman-owned business, is guilty of a misdemeanor, punishable by incarceration in the county jail for a period not to exceed six months or a fine of not less than $5,000.00 and not more than $10,000, or both.

Your firm is listed in the City’s Directory of Minority Business Enterprises and Women Business Enterprises in the specialty area(s) of:

STEEL CONSTRUCTION; INSTALLATION OF STEEL; FABRICATION OF STEEL; ORNAMENTAL STEEL; STRUCTURAL STEEL; BALCONY AND METAL DECKING

Your firm’s participation on City contracts will be credited only toward Women Business Enterprise (WBE) goals in your area(s) of specialty. While your participation on City contracts is not limited to your specialty, credit toward Women Business Enterprise (WBE) goal will be given only for work done in a specialty category.

Thank you for your continued participation in the City’s Certification and Compliance Program.
