SUBJECT:  SOLE SOURCE PROCUREMENT, 184 Days EXTENSION  
Siemens Industry, Inc.  
Specification No. B29295503  
PO# 15105

Dear Madam:

Chicago Airport Transit System was supplied and commissioned by MATRA Transit (now part of Siemens Industry Inc - SII) in 1993. Subsequent to that we have supported the operation of the ATS system thru a Technical Services Agreement (TSA). The current TSA runs through June 2012.

This high performance, fully automatic, driverless system relies on Siemens design, hardware and software for its reliability and safety. The TSA covers the repair and maintenance of this system including the hardware and software components. This requires not only access to and familiarity with the exclusive proprietary hardware and software but also a thorough knowledge of the overall System Integration and Interfaces to other subsystems. This is our practice and policy for the VAL driverless systems thru out the world.

We have had a long and successful relationship with the City of Chicago to help make the Chicago ATS the best of its class in availability and performance.

We are committed to continuing our successful relationship and would like to enter into discussion with the City of Chicago for extending the current contract beyond June 2012 with the same terms and conditions but with an updated fixed budget of 1,105,672.50 USD for first six (6) months. We are also committed to meet the contract’s MBE/WBE requirements with Industria Inc. (MBE) at 2.93%, Cal Communications Inc (MBE) at 13.97% and TEC HSERV corp. (WBE) at 4.5%, for a total (MBE) participation of 16.9% and a total (WBE) participation of 4.5 

Respectfully yours,

Dear Carlos Lopez:

We are pleased to inform you that Cal Communications, Inc. continued eligibility for certification as a Disadvantaged Business Enterprise (DBE) with the City of Chicago has been granted. Re-validation of certification is required by September 1, 2012.

It is mandatory under Federal Regulation 49 CFR Part 26 and 23 that all Disadvantaged Business Enterprise (DBE) firms, upon completing their fifth fiscal year of certification, must re-validate with its host agency. Since the City of Chicago is your host agency, we will send you a copy of the new "Continued Eligibility Affidavit" for your convenience when it is due at the end of your term.

Please note that you must include a copy of your most current Corporate Federal Tax Returns, Personal Net Worth Statement (PNW), and the Continued Eligibility Affidavit with supporting documentation. Failure to file this Affidavit will result in the removal of your certification.

You must also notify the Certification Unit of any changes in ownership or control of your firm or any other matters or facts affecting your firm’s eligibility for certification. The City may commence actions to remove your firm’s eligibility if you fail to notify us of any changes in ownership, management or control, or otherwise fail to cooperate with the City in any inquiry or investigation. Removal of eligibility procedures may also be commenced if your firm is found to be involved in bidding or contractual irregularities.

Cal Communications, Inc. will appear in the Illinois Certification Program (IL UCP) DBE Directory under the area(s) of specialty listed below. The Directory can be accessed via the internet at http://www.dot.state.il.us/ucp/ucp.html.

NIGP-28029: COMMUNICATIONS CABLE
NIGP-91438: ELECTRICAL
NIGP-99829: COMPUTERS, PARTS AND SUPPLIES

Your firm’s participation on City contracts will be credited only toward DBE/ACDBE goals in your area(s) of specialty. While your participation on City contracts is not limited to your specialty, credit toward Disadvantaged Business Enterprise (DBE) goals will be given only for work done in a specialty category.

Thank you for your continued interest in the City’s Disadvantaged Business Enterprise (DBE) Program.

Sincerely,

Siemens Industry, Inc. submits this attachment as a supplement to the City of Chicago Economic Disclosure Statement. Please note that this document primarily reflects information related only to Siemens Industry, Inc. and not to its affiliates. Siemens Industry, Inc. and its affiliates are part of a large corporate enterprise, with numerous directly or indirectly controlled or controlling affiliates, conducting various disparate businesses in multiple jurisdictions, and employing over 69,000 employees in the United States. Information from Siemens Industry, Inc. affiliates regarding issues not material to the business Siemens Industry, Inc. is generally not centrally maintained by Siemens Industry, Inc. As a result, Siemens Industry, Inc. cannot ensure the completeness of such information.

Section V. Question B. 1

Siemens Industry, Inc. formerly Siemens Building Technologies, Inc. ("SBT")

On June 27, 2008, a former general manager of SBT Baltimore office pled guilty in Baltimore County Circuit Court to a misdemeanor for conspiring to bribe the manager of the University of Maryland Baltimore County ("UMBC") Construction Services. This plea results from an investigation by the Maryland Attorney General's Office (the "Maryland AG") into corruption at UMBC. UMBC employees regularly demanded and obtained cash and gifts from contractors. The former SBT employee received a two-year suspended sentence, two years of supervised probation, community service and a $5,000 fine. The Maryland AG has informed SBT that no other SBT employees will be charged and that SBT is not a target of the investigation.

Section V. Question B. 2 b

Please also answer to Section V. Question B. 1

Section V. Question B. 2 e

Siemens is a multi-billion dollar company involved in wide ranging construction projects. As such SBT has been involved in miscellaneous litigation (e.g., collection of fees, workers’ compensation, etc.) arising out of its business, none of which are of a material nature, individually or collectively, as to adversely impact its ability to completely and satisfactorily perform any of its projects.

Section V. Question B. 3

Although Siemens Medical Solutions is not an “Affiliate Entity” of the submitting vendor, in the spirit of good faith disclosures, please find the following information:

Siemens Medical Solutions USA, Inc.

On February 8, 2007, Siemens Medical Solutions, Inc., ("SMS"), pleaded guilty to a single federal criminal charge of obstruction of justice in connection with 2001 civil litigation that followed a competitive bid to provide radiology equipment to Cook County Hospital, located in Illinois, in 2000. On May 22, 2007, SMS was sentenced and ordered to pay a fine of $1 million and restitution of approximately $1.5 million. No probation was ordered. On February 27, 2007, two Siemens employees pleaded guilty to federal criminal charges in connection with the 2000-2001 civil litigation and bid. On February 28, 2008, the two employees were sentenced to probation, a fine and community service. Neither individual is currently employed by SMS, its parent or any of its affiliates.

Diagnostics Products Corporation:

Diagnostics Products Corporation (DPC) (an entity acquired by Siemens Medical Solutions USA, Inc (SMS) on July 27, 2006) discovered that certain improper payments had been made in China by certain employees of its wholly owned Chinese subsidiary, and which extended over a period ending in 2002. DPC promptly investigated and disclosed these to the Securities and Exchange Commission (SEC) and the Department of Justice (DOJ). In May, 2005, DPC resolved these issues with both the SEC and the DOJ (i) by paying an aggregate of approximately $4.8 million to those agencies (consisting of $2.0 million in fines and approximately $2.8 million in disgorgement of profits and related interest charges) and agreeing to a cease and desist order with the SEC and (ii) by DPC's Chinese subsidiary pleading guilty to violations of the United States Foreign Corrupt Practices Act (FCPA) and agreeing to take certain actions. All such events, and the resolution thereof, occurred prior to the date that DPC was acquired by SMS. This RFP response does not include any services from DPC.
Although Siemens AG is an indirect owner of the submitting vendor, in the spirit of good faith disclosures, please find the following information:

Siemens AG

On December 15, 2008, Siemens AG, a corporation organized under the laws of the Federal Republic of Germany, entered a plea of guilty to criminal charges of violating the accounting provisions of the Foreign Corrupt Practices Act ("FCPA"). On the same day, three non-U.S. subsidiaries of Siemens AG each entered pleas of guilty to criminal charges for conspiracy to violate certain provisions of the FCPA. Also on the same day, Siemens AG entered into a Consent Decree with the U.S. Securities and Exchange Commission ("SEC") for violations of the FCPA, and also settled administrative charges with the Munich Public Prosecutor for failure to supervise its employees. Siemens paid over $1.9 billion in fines and disgorgement to U.S. and German authorities in connection with the settlements and related tax matters. On December 9, 2008, the Defense Logistics Agency ("DLA"), the U.S. Government agency responsible for conducting a responsibility review of Siemens AG and its respective subsidiaries in light of the FCPA conviction, concluded that due to Siemens' cooperation in the U.S. Department of Justice ("DOJ") and SEC investigations, and its remedial actions, corporate cleansing, and the enhancement of internal controls and compliance procedures, Siemens AG is a "presently reliable and responsible company" and "it is not necessary to exclude Siemens from [U.S.] Government contracting." Also in connection with the settlements, the DOJ stated that Siemens AG and its subsidiaries demonstrated "extraordinary cooperation" during the government investigations and engaged in what the DOJ viewed as "extraordinary remediation and self-cleaning efforts." Letters from the DOJ and DLA are attached.

On March 9, 2009, Siemens received a decision by the Vendor Review Committee of the United Nations Secretariat Procurement Division (UNPD) suspending Siemens AG from the UNPD vendor database for a minimum period of six months. The suspension applies to contracts with the UN Secretariat and stems from Siemens' guilty plea in December 2008 to violations of the U.S. Foreign Corrupt Practices Act. At the end of the suspension period, the UNPD will review its decision and determine whether Siemens' eligibility for registration in the UNPD vendor database will be reinstated. On January 14, 2011, the suspension was lifted.

On July 1, 2009, Siemens AG entered into a global settlement with the World Bank in connection with the World Bank’s investigation into corruption by Siemens and specifically in a project in Russia involving a non-U.S. subsidiary of Siemens. In connection with the settlement, Siemens AG agreed to make a $100 million contribution to fight corruption by funding projects and organizations with anti-corruption agendas. Siemens AG also agreed to a two-year voluntary restraint by Siemens AG and its consolidated subsidiaries and affiliates from bidding on or otherwise participating in World Bank projects, as well as a four-year debarment of the Siemens AG subsidiary involved in the World Bank project at issue in Russia.
