Justification for Non-Competitive Procurement Worksheet

PROCUREMENT HISTORY

1) Due to the importance of state funding, legislation, and administrative actions to the operations and finances of the City, the City of Chicago has consistently had a presence in Springfield. Historically, this team has been composed of a number of City employees, as well as one or more professional legislative consultants. The City requires the services of a consultant with extensive knowledge of the state legislative process and the people that work within that process. As such, it is important to maintain outside representation continuously. Such a consultant provides advice and insight regarding state legislative matters and furthers the City’s interests in initiatives taking place at the state level.

Mr. Filan (Consultant) has served as such a consultant for the City since 1995. The Consultant has been engaged through the non-competitive procurement process on the basis of Consultant’s background, expertise on state and city issues, understanding of the legislative process, and insitutional knowledge. Based on his expertise and performance to date, it was determined it would be beneficial for the City to continue this engagement.

2) Mr. Filan currently has an active contract with the city PO 46750 that will expire on December 28, 2018. We are requesting a new contract effective December 29, 2018 for 12 months plus a 12-month extension option.

3) There have been no efforts to competitively bid this requirement as it is believed the Consultant is uniquely situated to be the provider of the required services to the City.

4) N/A

5) It is possible that there will be future requests made for the services of the Consultant. This will depend on the City’s needs and the performance of the Consultant.

6) The expertise and qualifications that are critical to legislative consulting, including relationships within both City government and state government, as well as a history with and understanding of the needs and priorities of the City and how these needs and priorities intersect with state policy, regulation, legislation, and funding, are often specific to an individual. As such, it is likely that such services will continue to be procured through the public non-competitive procurement process.

ESTIMATED COST

1) Mr. Filan current schedule of compensation under his contract, William Filan shall be paid for services performed under this Agreement at a quarterly rate of $23,000.00. The contact is funded with finance general funds.

2. Therefore the annual costs to be paid to the Consultant by the City is $82,000 per year.

3) The proposed contract rate is the same as the rate under the current contract. The cost of the contract and the proposed extension is based on Consultant’s experience and expertise, the travel, time, and ‘24/7 on call’ requirements of the engagement, and rates for other consultants doing the same or similar work. The Consultant’s almost 40 years of experience in state legislative affairs makes his services especially valuable to the City.

4) N/A

5) Mr. Filan has kept his cost the same for the past 7 years.

SCHEDULE REQUIREMENTS

1) The Consultant will be engaged year-round, and will be especially active during the legislative session, when he will have to spend weeks in Springfield consulting and strategizing on the City’s state legislative agenda. More specifically: Planning and preparation will largely occur during the late summer and fall months; execution of the agenda will occur during the winter and spring months, mostly in Springfield; and late spring and summer will entail
review of the prior legislative session. The Consultant will also assist in regulatory matters, which occur all year.

2) N/A

3) Because of the year-round schedule described above and the volatility of schedules and needs related to state legislation and funding, it is critical to have a consistent presence in state legislative affairs. Contracting with a state legislative consultant provides the flexibility and coverage to achieve this.

4) N/A

<table>

<tr>
<th>EXCLUSIVE OR UNIQUE CAPABILITY</th>
</tr>
</thead>
<tbody>
<tr>
<td>1) The Consultant is uniquely qualified to represent the City’s interest before state governmental bodies and to assist the City in forming strategies to influence the posture of state legislation, state regulations or other matters affecting the City. The Consultant provides critical institutional knowledge, advice, and direction to City officials and staff. The Consultant also has an in-depth understanding of how the budget process works, which is critical to City finances and initiatives. In addition, the Consultant’s relationships with key political leaders, as well as rank and file members of the legislature, enhances the City’s standing and provides direct access to decision-makers. The Consultant’s keen understanding of the legislative process is invaluable to the City in a setting that changes quickly and is often difficult to navigate.</td>
</tr>
<tr>
<td>2) The qualifications discussed in this application relate to a specific individual, Mr. Filan.</td>
</tr>
<tr>
<td>3) The Consultant brings a unique experience from his prior work in both the public and private sector at the state and local levels, including almost 40 years of involvement in the state legislative process, significantly enhancing the City’s ability to be effective in Springfield. Additionally, the Consultant has worked on several top-tier issues that the City will continue to work on going forward including education reform, sales-tax sourcing, and efforts to strengthen public safety, including issues related to the gun laws. The Consultant has also worked on state budget issues and their impact on the City. The Consultant has worked on all of these issues in the past and his background will be critical for the City into the future.</td>
</tr>
<tr>
<td>4) N/A.</td>
</tr>
</tbody>
</table>

5) The City team must work under significant time constraints and deadlines while in Springfield and must be on call at all times throughout the day and year. Having an individual such as the Consultant is indispensable to provide a direct line to decision-makers and senior staff to make quick progress on vital issues. The numerous committee action and amendments that are offered on a daily basis requires an individual with experience and the ability to act quickly and strategically, and Consultant has the capabilities and the network to do so.

Ms. Maria Guerra  
Director  
Mayor’s Office of Intergovernmental Affairs  
City of Chicago  
121 North LaSalle Street, Room 406  
Chicago, IL 60602

Dear Ms. Guerra:

I have been involved in the legislative process for close to 40 years and have worked with the City of Chicago on many of their issues for over 20 years. I am a problem solver that provides valuable institutional knowledge, advice and direction to your excellent staff and city departments. I assist in the reviewing of over 2500 bills that are introduced in any given session, and then follow many of these bills throughout the legislative session. I have established relationships with my peers, members of the General Assembly, the legislative staff and the executives who run the various departments within the Executive Branch under the Governor.

Some of the issues that confront us in Springfield range from transportation, public safety and pension stability to protecting our water, airports and home rule powers.

I have extensive knowledge on the various public policy issues confronting the City of Chicago. I believe my strategic advice and legislative expertise are invaluable to your team during a legislative session that moves and changes quickly. I understand the budget process and the rules that run the legislative process in both the Senate and the House.

In the past, I have worked with your team to prevent laws from being passed that would be detrimental to the City. I have also worked closely with your team to make sure Chicago gets its fair share of state revenue. My strengths lie in constantly reviewing strategies and tactics for new and creative ways to help achieve your goals. I am aggressive, tenacious and very resourceful with ideas to protect the City’s interests in Springfield.

As we all know, passing and defeating a law can be very cumbersome. Legislators do not have the time to be experts in every issue and cannot possibly keep up with the daily process of both the Senate and House. The countless legislative committees and amendments that are
offered on a daily basis requires someone with the institutional knowledge to help protect the City’s interests. I believe that my professional experience and demonstrated talents in both the administrative and legislative areas, combined with my strategic advice, would continue to be a worthwhile endeavor. Once again, I look forward to the opportunity to work with your team.

Yours very truly,

William Filan

Mr. Filan has extensive experience in many aspects of the State of Illinois legislative process having served in both state and city government, and having cultivated relationships and established credibility with state legislators. His unique and specific expertise is highly valuable and useful in coordinating lobbying efforts in Springfield for the City of Chicago. The countless legislative committees and amendments that are offered on a daily basis require an individual with Mr. Filan’s valuable expertise to protect the City’s interests. Mr. Filan is uniquely qualified to represent the City’s interests before state governmental bodies and to assist the city in forming strategies to influence the posture of state legislation, state regulations and other matters affecting the city during legislative sessions.

3. Describe the nature of the work to be performed. 4. Explain how the personal services contractor will function as an independent contractor and not function as employee-like (for guidance, please refer to attached criteria). The contractor will not have an office at City Hall nor will he be supplied with equipment or support staff, but will instead provide consulting services from his personal office, home, over the phone, and from Springfield. He will provide strategic counsel and guidance based upon his unique qualifications, employment history, and legislative perspective and relationships. With his

decades of experience in Springfield, Mr. Filan will maintain a distinct role by providing critical guidance and strategic advice to employees during legislative session to aid them in completing their objectives. Mr. Filan will also assist in the training of the City’s newer staff members on the state legislative process. He will also apply his skills and learned perspective in appearing before state legislative committees representing the City’s interest. Mr. Filan is uniquely qualified to represent the City’s interest before state governmental bodies and to assist the City in forming strategies to influence the posture of state legislation, state regulations or other matters affecting the City. Mr. Filan had been involved in legislative process for over 30 years and provides critical institutional knowledge, advice and direction to City officials and staff. He also has an in-depth understanding of how the budget process works. His relationship with key political leaders, as well as rank and file members, enhances the City’s standing and provides direct access to decision makers. While in Springfield, the City team must work under incredible time constraints and deadlines. Having a consultant, such as Mr. Filan, is indispensable to provide a direct line to decision makers and senior staff to make quick progress on vital issues. The countless legislative committees and amendments that are offered on a daily basis require an individual with experience and unique expertise to protect the City’s interests. Mr. Filan’s legislative expertise, strategic advice and reputation are critical to the City’s complex interests in Springfield.

5. Number of hours that the personal services contractor is expected to work per week: It varies from week to week. During a legislative session, hours of operations could mean working long days, meeting with state legislators or sitting in committee meetings which could add up to 35 to 50 hours a week. During a non-legislative session, it could be 10 to 25 hours a week. Due to the sporadic schedule we have agreed to an annually rate of $92,000 to be paid to the consultant after submission of a quarterly invoice summarizing the hours and activities for that particular month. When not providing services to the City during the term of the contract between Mr. Filan and the City, and not during a legislative session, Mr. Filan may choose to continue providing services to other consulting clients to the extent that he is able to fulfill his consulting duties for the City under the agreed upon terms of the contract.

6. Project(s) to which the personal services contractor will be assigned: Review, analyze and comment on state legislative proposals, state regulatory proposals or other matters which may have a bearing on City policy or programs given by City departments, City officials and City employees; Provide strategies to approach the Illinois General Assembly and its leaders as well as the Illinois Executive Branch and various state agencies on issues critical to the City; Appear before state legislative committees representing the City’s interest; Provide training to our staff on the legislative process. By its very nature the legislative process is fluid and changing, so the types and specific nature of the proposals and policies that Mr. Filan is asked to comment on may not be consistent. However, what will be

consistent is that Mr. Filan will be autonomous in that he will control and direct the carrying out of his analysis, strategizing and trainings in his role as consultant for the City of Chicago on the state legislative process and the people that work within that process.
