BOARD CHAIRPERSON

DATE: __________
PROCUREMENT HISTORY (INCLUDING FUTURE PROCUREMENT OBJECTIVES)

1. Describe the requirement and how it evolved from initial planning to its present status.

The Chicago Fire Dept. has a need to purchase a Red Sled Rapid Extrication Sled unit and accessories. This unit will be used for the Rapid Intervention program, Haz Mat emergencies and wherever it may be needed. At the present time Red Sled, Inc. is the only manufacturer of this type product.

2. Is this a first time requirement or a continuation of previous procurement from the same source? If so, explain the procurement history.
   - This will be the first purchase of this equipment.

3. Explain attempts made to competitively bid the requirement. (Attach a copy of notices and list of sources contacted).
   - This Bureau did not attempt to competitively bid the requirement due to the fact that Red Sled, Inc. is the only vendor capable of providing the Red Sled Ranger 31 Rapid Extrication Sled and all of the accessories.

4. If an RFP/RFQ or other application was issued, attach a.) List of firms notified and list of respondents; b.) Copy of RFP/RFQ and newspaper ads; c.) List of selection/evaluation criteria used; d.) Evaluation committee members and e.) Evaluation summary which compares the proposals and explains the reason for each selection(s). For Delegate Agencies, attach list of all agencies to be funded; description of program goals and a narrative of the solicitation and evaluation process used to make the selection(s) including specific reasons for funding some agencies and not others.
   - Does not apply.

5. Describe any research done to find other sources (List other cities contacted, companies in the industry contacted, professional organizations, periodicals and other publications used).
   - This product is a one of a kind product at the present moment used by the military, civil support teams, FBI, as well as fire and police departments throughout the United States.

6. Explain future procurement objectives. Is this a one-time request or will future requests be made for doing business with the same source? U N D E T E R M I N E D AT T H I S T I M E.

7. Explain whether or not future competitive bidding is possible. If not, why?
   - There will be no future competitive bidding. No other company can supply this equipment to the Chicago Fire Dept. since this company is the manufacturer and does not have distributors, etc.

ESTIMATED COST

1. What is the estimated cost for this requirement (or for each contract, if multiple awards contemplated)? What is the funding source?
   - The cost for this equipment is listed in enclosed price list and quote. Funding is from the Mass Casualty Tools and equipment account # 01 03 443 59 2005 2007 0440 5445911.

2. What is the estimated cost by fiscal year, if the job project or program covers multiple years?
   - $19,000.00 is the amount for the first purchase. This would be a minimum amount. This number could rise should there be any type of terrorist attack or major rescue incident in the City.
3. Explain the basis for estimating the cost and what assumptions were made and/or data used (i.e.,
    Budgeted amount, previous contract price, current catalog or cost proposal from firms solicited,
    engineering or in-house estimate, etc.
    - Cost is based on price quote attached. Cannot compare it to other items of similar design since this is a
      one of a kind product

4. Explain whether the proposed contractor or the city has a substantial dollar investment in original
    design, tooling or other factors which would be duplicated at city expense if another source was
    considered. Describe cost savings or other measurable benefits to the city which may be achieved.
    - Does not apply.

5. Explain what negotiation of price has occurred or will occur. Detail why the estimated cost is
    deemed reasonable
    - There will be no negotiations. The prices quote from the vendor is acceptable to the Chicago Fire
      Department.

SCHEDULE REQUIREMENTS

1. Explain how the schedule was developed and what point the specific dates were known.
    -Does not apply.

2. Is lack of drawings and/or specifications a constraining factor to competitive bidding? If so, why is
    the proposed contractor the only person or firm able to perform under these circumstances? Why
    are the drawings and specifications lacking? What is the least time required to get drawings and
    specifications suitable for competition? If lack of drawings and specifications is not a constraining
    factor to competitive bidding, explain why only one person or firm can meet the required schedule.
    -As stated above, this manufacturer holds all patent rights to this product and this product is a one of a kind
      product. There are no distributors or other means of acquiring this equipment without going directly to the
      manufacturer.

3. Outline the required schedule by delivery or completion dates and explain the reasons why the
    schedule is critical.
    Does Not Apply

4. Describe in detail what impact delays for competitive bidding would have on city operations,
    programs, costs and budgeted funds.
    - The Chicago Fire Department is constantly striving to acquire equipment that will assist its’ members in
      performing to the highest levels expected by the citizens of the city. With this equipment the user will be
      able to rescue injured fire personnel from the scene of an incident, bring equipment to the scene of an
      incident, etc. quicker while using less effort by the operator.

EXCLUSIVE OR UNIQUE CAPABILITY

1. If contemplating hiring a person or firm as a professional service consultant, explain in detail what
    professional skills, expertise, qualification or other factors make this person or firm exclusively or
    uniquely qualified for this project. Attach a copy of the cost proposal and scope of services.
    - Does not apply.

2. Does the proposed firm have personnel considered unquestionably predominant in the particular
    field?
    - Yes. Mr. Jason Simione is the technical expert, inventor and owner of the company for this equipment.
    He is also very familiar with the Fire Service, being a trained firefighter with the City of Hollywood, FL.
    and a fire service training officer also.
3. What prior experience of a highly specialized nature does the person or firms exclusively possess that is vital to the job, project or program?
   - See above

4. What technical facilities or test equipment does the person or firm exclusively possess of a highly specialized nature which is vital to the job?
   - This company can provide train-the-trainer sessions wherever needed on this particular equipment.

5. What other capabilities and/or capacity does the proposed firm possess which is necessary for the specific job, project or program which make them the only source who can perform the work within the required time schedule without unreasonable costs to the city?
   - This equipment is especially made for the use of personnel extrication from hazardous incidents, etc.

6. If procuring products or equipment, describe the intended use and explain any exclusive or unique capabilities, features and/or functions the items have which no other brands or models, etc. possess. Is compatibility with existing equipment critical from an operation standpoint? Explain why.
   - The intended use of the product(s) requested is that the Red Sled can move injured fire personnel from a hazardous incident without delay by putting them on this sled and pulling them without having to remove their protective ensemble. The Sled can also be used to bring equipment to the scene of an emergency.

7. Explain how the proposed products or equipment were chosen over others
   - This product is the only one of its kind for this type of emergency operation.

8. Is competition precluded because of the existence of patent rights, copyrights, trade secrets, technical data, or other proprietary data? Attach documentation verifying such.
   - See attached letter.

9. If procuring replacement parts and/or maintenance services, explain whether or not replacement parts and/or services can be obtained from any other sources? If not, is the proposed firm the only authorized or exclusive dealer/distributor and/or service center? If so, attach a letter from manufacturer.
   - See attached letter.

OTHER

1. Explain other related considerations and attach all applicable supporting documents (MIS Steering Committee Approval form, etc.)
   - None

2. Explain what opportunities of direct/indirect involvement of Minority or Women Business Enterprises have been discussed and/or are available on this contract.
   - Unknown

GENERAL DESCRIPTION

Listed below are the accessories offered with the Ranger31 Rapid Extrication Sled unit.
- See attached literature. Information can also be found on the following website; www.redsledinc.com.
Detailed Specifications/Scope of Services
for
Red Sled Rapid Extrication Sleds

General Scope of Work:
This specification covers a Red Sled Ranger 31 Rapid Extrication sled and accessories. This sled can only be provided by the manufacturer, Red Sled, Inc. Training on the operation, maintenance and use of the sled will be provided by the manufacturer.

Locations:
All training will be conducted at a Chicago Fire Department facility or at an agreed upon location in the City of Chicago.

Compensation and Increases:
The quote shall contain the cost for ten (10) Red Sleds (as per quote) part number R31.

Chicago Fire Dept. Contact:
The contact person for this project will be Commander Anthony Vasquez from the Bureau of Operations. His address is 10 W. 35th St. 14th floor, Chicago, IL, 60616. The phone number to reach him is (312)745-4209. His E-mail address is avasquez@cityofchicago.org. The fax number to reach him is (312)745-4248.

Employee Qualifications: Employees involved in the training of Chicago Fire Department personnel must be factory trained and certified in the operation, maintenance, etc. of the R31 Red Sled and accessories.

Training:
Contractor will provide training and/or technical expertise to Chicago Fire Department Special Operations personnel (train the trainer) on an as needed basis with the maximum number of fifty (200) trained personnel.

Warranty/Guarantee: The manufacturer will offer a lifetime warranty.

Chicago Fire Department
Attention: Tony Vasquez
10 West 35 St. Floor 14
Chicago, IL. 60616

Dear Mr. Vasquez,

Red Sled Inc is the sole source developers/designer in charge of the exclusive manufacturing and production process. Red Sled is currently in the Patent Pending process, our application is number 10/117,573 (U.S. Patent) on our product, its application as well as the theory.

Our product is a one-rescuer one-victim response/equipment deployment cart system designed to move equipment over varying terrain as well as accommodating victims wearing SCBA or any type of backpack equipment. The Red Sled is used in the deployment of equipment such as hazmat tools and monitors, rapid intervention firefighting equipment and deployment of military ammunitions and weapons.

I would like to take this opportunity to thank for your interest in the Red Sled. For your information we have included the following numbers, our Fed EIN number is 80-0002848, our Duns number is 113503903, cage code 1ZD14 and GSA Advantage #GS-07F-5342P for Federal Supply Schedule 084.

Sincerely,

Donna Peplin
V. President
Red Sled Inc. Product Warranty

A full 100% money back guarantee within 30 days of receipt of purchase if for any reason you are dissatisfied with the product or its performance (the purchaser shall be responsible for all shipping and handling). This warrantee does not cover: (a) Damage resulting from accident, misuse, abuse, or neglect and/or other damage from any type of transportation resulting from improper packaging. (b) Damage to our product which has been altered in any fashion. (c) Damage resulting from causes other than product defects, including lack of technical skill, and/or failure to use the product in accordance to instructions provided.

The Red Sled carries a lifetime warrantee against manufacture defects, we will replace or repair any sled with defects at NO CHARGE.
