INSTRUCTIONS FOR PREPARATION OF NON-COMPETITIVE PROCUREMENT FORM (Rev. 5/04)

If a City Department has determined that the purchase of supplies, equipment, work and/or services cannot be done on a competitive basis, a sole source justification must be prepared on this "Justification for Non-Competitive Procurement Form" in which procurement is requested on a non-bid or non-competitive basis in accordance with 65 ILCS 5/8-19.4 of the Illinois Compiled Statutes. All applicable questions in each Section Area below must be answered. The information provided must be complete and in sufficient detail to allow for a decision to be made by the Non-Competitive Procurement Review Board. Also attach a complete CPAC Project Checklist, and any other required forms (see Other #1, below). The Board will not consider justifications with incomplete information documentation.

PROCUREMENT HISTORY (INCLUDING FUTURE PROCUREMENT OBJECTIVES)

1. Describe the requirement and how it evolved from initial planning to its present status.
2. Is this a first-time requirement or a continuation of previous procurement from the same source? If so, explain the procurement history.
3. Explain attempts made to competitively bid the requirement. (Attach copy of notices and list of sources contacted)
4. Describe all research done to find other sources. (List other cities contacted, companies in the industry contacted, professional organizations, periodicals and other publications used).
5. Explain future procurement objectives. Is this a one-time request or will future requests be made for doing business with the same source? 
6. Explain whether or not future competitive bidding is possible. If not, why not?

ESTIMATED COSTS ("ESTIMATED COST")

1. What is the estimated cost for this requirement (or for each contract, if multiple awards contemplated)? What is the funding source?
2. What is the estimated cost by fiscal year, if the job project or program covers multiple years?
3. Explain the basis for estimating the cost and what assumptions were made and/or data used (i.e. budgeted amount, previous contract price, current catalog or cost proposal from firms solicited, engineering or in-house estimate, etc.
4. Explain whether the proposed Contractor or the City has a substantial dollar investment in original design, tooling or other factors which would be duplicated at City expense if another source was considered. Describe cost savings or other measurable benefits to the City which may be achieved.
5. Explain what negotiation of price has occurred or will occur. Detail why the estimated cost is deemed reasonable.

SCHEDULE REQUIREMENTS ("SCHEDULE REQUIREMENTS")

1. Explain how the schedule was developed and at what point the specific dates were known.
2. Is lack of drawings and/or specifications a constraining factor to competitive bidding? If so, why is the proposed Contractor the only person or firm able to perform under these circumstances? Why are the drawings and specifications lacking? What is the lead time required to get drawings and specifications suitable for competition? If lack of drawings and specifications is not a constraining factor to competitive bidding, explain why only one person or firm can meet the required schedule.
3. Outline the required schedule by delivery or completion dates and explain the reasons why the schedule is critical.
4. Describe in detail what impact delays for competitive bidding would have on City operations, programs, costs and budgeted funds.

EXCLUSIVE OR UNIQUE CAPABILITY ("EXCLUSIVE OR UNIQUE CAPABILITY")

1. If contemplating hiring a person or firm as a Professional Service Consultant, explain in detail what professional skills, expertise, qualifications, other factors make this person or firm exclusively or uniquely qualified for the project. Attach copy of cost proposal and scope of services.
2. Does the proposed firm have personnel considered unquestionably predominant in the particular field?
3. What prior experience of a highly specialized nature does the person or firm exclusively possess that is vital to the job, project or program?
4. What technical facilities or test equipment does the person or firm exclusively possess of a highly specialized nature which is vital to the job?
5. What other capabilities and/or capacity does the proposed firm possess which is necessary for the specific job, project or program which makes them the only source who can perform the work within the required time schedule without unreasonable costs to the City?
6. If procuring products or equipment, describe the intended use and explain any exclusive or unique capabilities, features and/or functions the items have which no other brands or models, etc. possess. Is compatibility with existing equipment critical from an operational standpoint? Explain why.
7. Is competition precluded because of the existence of patent rights, copyrights, trade secrets, technical data, or other proprietary data? Attach documentation verifying such.
8. If procuring replacement parts and/or maintenance services, explain whether or not replacement parts and/or services can be obtained from any other sources? If not, is the proposed firm the only authorized or exclusive dealer/distributor and/or service center? If so, attach letter from manufacturer.

MBE/WBE COMPLIANCE PLAN

1. All submissions must contain detailed information about how the proposed firm will comply with the requirements of the City's Minority and Women Owned Business program. All submissions must include a complete C-1 and D-1 form, which is available on the Procurement Services page on the City's intranet site.

OTHER ("OTHER")

1. Explain other related considerations and attach all applicable supporting documents (an approved Information Technology Strategy Committee (ITSC) form, an approved Request for Individual Contract Services form, etc.)

REVIEW AND APPROVAL ("REVIEW AND APPROVAL")

This form must be signed by both the Originator of the request and approved by the Department Head or authorized designee. After review and final disposition from the Board, this form will be stamped to indicate the final disposition and signed by the Chairperson of the Board of authorized designee. This form must be signed by both the Originator of the request and approved by the Department Head or authorized designee. After

INSTRUCTIONS FOR PREPARATION OF NON-COMPETITIVE PROCUREMENT FORM (Rev. 5/04)

If a City Department has determined that the purchase of supplies, equipment, work and/or services cannot be done on a competitive basis, a sole source justification must be prepared on this "Justification for Non-Competitive Procurement Form" in which procurement is requested on a non-bid or non-competitive basis in accordance with 65 ILCS 5/8-10-4 of the Illinois Compiled Statutes. All applicable questions in each Subject Area below must be answered. The information provided must be complete and in sufficient detail to allow for a decision to be made by the Non-Competitive Procurement Review Board. Also attach a complete CPAC Project Checklist, and any other required forms (see Other #1, below). The Board will not consider justifications with incomplete information documentation.

PROCUREMENT HISTORY (INCLUDING FUTURE PROCUREMENT OBJECTIVES)

1. Describe the requirement and how it evolved from initial planning to its present status.
2. Is this a first time requirement or a continuation of previous procurement from the same source? If so, explain the procurement history.
3. Explain attempts made to competitively bid the requirement. (Attach copy of notices and list of sources contacted)
4. Describe all research done to find other sources. (List other cities contacted, companies in the industry contacted, professional organizations, periodicals and other publications used).
5. Explain future procurement objectives. Is this a one-time request or will future requests be made for doing business with the same source?
6. Explain whether or not future competitive bidding is possible. If not, why not?

ESTIMATED COST (estimated cost)

7. What is the estimated cost for this requirement (or for each contract, if multiple awards contemplated)? What is the funding source?
8. What is the estimated cost by fiscal year, if the job project or program covers multiple years?
9. Explain the basis for estimating the cost and what assumptions were made and/or data used (ie. budgeted amount, previous contract price, current catalog or cost proposal from firms solicited, engineering or in-house estimate, etc.).
10. Explain whether the proposed Contractor or the City has a substantial dollar investment in original design, tooling or other factors which would be duplicated at City expense if another source was considered. Describe cost savings or other measurable benefits to the City which may be achieved.
11. Explain what negotiation of price has occurred or will occur. Detail why the estimated cost is deemed reasonable.

SCHEDULE REQUIREMENTS (to "SCHEDULE REQUIREMENTS")

12. Explain how the schedule was developed and at what point the specific dates were known.
13. Is lack of drawings and/or specifications a constraining factor to competitive bidding? If so, why is the proposed Contractor the only person or firm able to perform under these circumstances? Why are the drawings and specifications lacking? What is the lead time required to get drawings and specifications suitable for competition? If lack of drawings and specifications is not a constraining factor to competitive bidding, explain why only one person or firm can meet the required schedule.
14. Outline the required schedule by delivery or completion dates and explain the reasons why the schedule is critical.
15. Describe in detail what impact delays for competitive bidding would have on City operations, programs, costs and budgeted funds.

EXCLUSIVE OR UNIQUE CAPABILITY (to "EXCLUSIVE OR UNIQUE CAPABILITY")

16. If contemplating hiring a person or firm as a Professional Service Consultant, explain in detail what professional skills, expertise, qualifications, other factors make this person or firm exclusively or uniquely qualified for the project. Attach copy of cost proposal and scope of services.
17. Does the proposed firm have personnel considered unquestionably predominant in the particular field?
18. What prior experience of a highly specialized nature does the person or firm exclusively possess that is vital to the job, project or program?
19. What technical facilities or test equipment does the person or firm exclusively possess of a highly specialized nature which is vital to the job?
20. What other capabilities and/ or capacity does the proposed firm possess which is necessary for the specific job, project or program which makes them the only source who can perform the work within the required time schedule without unreasonable costs to the City?
21. If procuring products or equipment, describe the intended use and explain any exclusive or unique capabilities, features and/or functions the item has which no other brands or models, etc. possess. Is compatibility with existing equipment critical from an operational standpoint?
22. Explain why?
23. Is competition precluded because of the existence of patent rights, copyrights, trade secrets, technical data, or other proprietary data? Attach documentation verifying such.
24. If procuring replacement parts and/ or maintenance services, explain whether or not replacement parts and/ or services can be obtained from any other sources? If not, is the proposed firm the only authorized or exclusive dealer/distributor and/ or service center? If so, attach letter from manufacturer.

MBE/WBE COMPLIANCE PLAN

1. All submissions must contain detailed information about how the proposed firm will comply with the requirements of the City’s Minority and Women Owned Business program. All submissions must include a complete C-1 and D-1 form, which is available on the Procurement Services page on the City’s intranet site.

OTHER (to "OTHER")

1. Explain other related considerations and attach all applicable supporting documents (an approved Information Technology Strategy Committee (ITSC) form, an approved Request for Individual Contract Services form, etc.)

REVIEW AND APPROVAL (to "REVIEW AND APPROVAL")

1. This form must be signed by both the Originator of the request and approved by the Department Head or authorized designee. After review and final disposition from the Board, this form will be stamped to indicate the final disposition and signed by the Chairperson of the Board of authorized designees. If the "This form must be signed by both the Originator of the request and approved by the Department Head or authorized designees. After
Procurement History

Describe the requirement and how it evolved from initial planning to its status.

1. The robot and related equipment that is being requested is for the Chicago fire Chicago Fire Department's Special Operations Division. This program is relative to our ability to safely, effectively, and efficiently provide hazardous material's and technical rescue response to Chemical, Biological, Radiological, Nuclear and Explosive (CBRNE) incidents. This request is a determination of what was needed in relation to equipment, training and operational procedures in order to bring the Special Operation's response team to a level of operational readiness for CBRNE incidents. It has additional been determined that this equipment will be necessary for the Chicago Fire Department to be interoperable with the police department to be able to provide the necessary support to their operations.

Is this a first time requirement or a continuation of previous procurement from the same source? If so, explain the procurement history.

2. This is the first procurement for this equipment by the Chicago Fire Department.

Explain attempts made to competitively bid the requirement.

3. None. No other robot has this technology or detection equipment interfaces

Describe all research done to find other sources.

4. The Chicago Department utilized the research compiled by the Chicago Police department for their robot purchase.

Additionally the following major cities have purchased the Andros Robot:

<table>
<thead>
<tr>
<th>City</th>
<th>Number purchased</th>
</tr>
</thead>
<tbody>
<tr>
<td>New York</td>
<td>(3)</td>
</tr>
<tr>
<td>Los Angeles</td>
<td>(3)</td>
</tr>
<tr>
<td>Philadelphia</td>
<td>(2)</td>
</tr>
<tr>
<td>Boston</td>
<td>(1)</td>
</tr>
<tr>
<td>Miami</td>
<td>(1)</td>
</tr>
</tbody>
</table>

There are over 1300 Andros robots in service throughout the United States.
Explain future procurement objectives. Is this a one-time request or will future requests by made for doing business with the same source?

5. Future purchases may be possible pending available hinds. One of the benefits of this platform is that it is designed to adapt to new technological developments.

Explain whether or not future competitive bidding is possible. If not, why not?

6. Future competitive bidding would be possible if other manufacturers develop a robot with the same features.

**ESTIMATED COSTS**

What is the estimated cost for this requirement. What is the funding source?

1. The 2004 UASI funding for the robot is $183,000. The funding source is the 2004 Urban Area Security Initiative grant.

What is the estimated cost by fiscal year, if the job project or program covers multiple years?

2. See # 1

Explain the basis for estimating the cost and what assumptions were made and/or data used.

3. See attached Quotes
Explain whether the proposed Contractor or the City has a substantial dollar investment in original design, tooling or other factors which would be duplicated at City expense if another source was considered.

4. The City has no investment in the design of any of the items requested.

Explain what negotiation of price has occurred or will occur. Detail why the estimated cost is deemed reasonable.

5. The Fire department deems the price reasonable given the technology involved and the functionality of the equipment as well as is competitive with the GSA pricing schedule for this unit.

Schedule Requirements

Explain how the schedule was developed and at what point the specific dates were known.

1. This department received final approval to expend this money in April 2005. The ensuing months were spent researching the most appropriate avenue of obtaining this equipment. The current expiration date of the UASI funding is May 31st, 2006. It is imperative for this department to have a contract released with priority to ensure this equipment can be ordered and paid by this expiration date. The City cannot afford to lose this amount of funding.

Is the lack of drawings and/or specifications a constraining factor to competitive bidding?

2. D/N/A.

Outline the required schedule by delivery or completion dates and explain the reason why the schedule is critical.

3. See Number 1 above.

Describe in detail what impact delays for competitive bidding would have on City operations, programs, costs and budgeted funds.

4. Competitive bidding is not possible.
Exclusive or Unique Capability

If contemplating hiring a person or firm as a Professional Service Consultant, explain in detail what professional skills they possess.

1. DNA

Does the proposed firm have personnel considered predominant in the particular field?

2. DNA

What prior experience of a highly specialized nature does the person of firm possess?

3. DNA

What technical facilities or test equipment does the person or firm exclusively possess of a highly specialized nature which is vital to the job.

4. DNA

What other capabilities and/or capacity does the proposed firm possess which is necessary for the specific job?

5. DNA

If procuring products or equipment, describe the intended use and explain any unique capabilities, features and/or functions the items have which no other brands or models, etc. possess. Is compatibility with existing equipment critical from an operational standpoint? Explain why.

6. The intended use of this robot is to perform remote operations in hazardous environments to provide initial air monitoring as well as visual recon. The Remotec uses a patented articulated track design, which allows it to maneuver over a wide range of terrains and environments. The robot is capable of climbing stairs up to a 45-degrees angle and traversing an 18-inch wall. This capability gives the robot far greater access to dangerous areas. This platform provides the most reliable method for adaptation to the tools used in air monitoring, sample collection, hazard mitigation video/audio recon. The Chicago Police Department, F.B.I. and Cook County Bomb Squads utilize the Remotec robot which gives us interoperability when supporting their operations or receiving support for our operations. These are the primary squads with which we conduct joint operations. The purchase of this robot will allow our personnel to operate in a more effective manner when on a hazardous scene as well as to work in areas that would have been inaccessible previously due to extremely hazardous conditions. This robot is designed to accept new technology without extensive retrofitting. And is compatible with our current monitoring equipment.
Is competition precluded because of the existence of patent rights, copyrights, trade secrets, technical data, or other proprietary data?

7. Remotec is the only authorized distributor of the Andros F6A Robot. See attached Letter

If procuring replacement parts and/or maintenance services, explain whether or not replacement parts and/or services can be obtained from other sources?

8. Replacement parts and maintenance service is provided through Remotec
April 5, 2006

Len Edling
Chicago Fire Department
10 West 35th St.
Chicago, IL 60616

Dear Mr. Edling:

This letter is to inform you that REMOTEC, Inc., the World Leader in EOD robots, is the sole manufacturer and distributor of the ANDROS line of hazardous duty mobile robots. REMOTEC's ANDROS F6A robot is one of the most popular units with Police Departments, Fire Departments, SWAT teams, HazMat teams and government agencies in the United States and throughout the world. The ANDROS F6A is used by the FBI Hazardous Devices School in the Robot Course and Basic Course of instruction. Some of the benefits and features of the ANDROS F6A include the following:

1. REMOTEC is the leading supplier of EOD (Explosive Ordnance Disposal) robots for the United States military, Central Intelligence Agency, Federal Bureau of Investigation Bomb Data Center and the United States Secret Service White House Security.

2. REMOTEC has over 1300 robots currently in use including 400 ANDROS Mark VI-A/F6A robots.

3. The dual articulating track design of the ANDROS F6A allows the operator to lengthen or shorten the robot to operate in confined spaces. The ANDROS F6A is the only unit of its size and type that has this capability. The track design is patented under U.S. Patent Nos. 4,932,831 and 5,022,912.

4. REMOTEC robots are manufactured in Oak Ridge, Tennessee. All parts and service support are provided from this location, which allows the capability to provide most replacement parts within a 24 hour time period.

5. REMOTEC provides after hour and weekend service for those customers who may have a question and / or may need other forms of assistance.

6. REMOTEC robots are environmentally sealed and can function in all climates. All Remotec robots may be decontaminated using detergent and water pressures less than 100 PSI.

7. The REMOTEC ANDROS F6A is capable of climbing 45°, forward and backward.

8. The dual articulating track design of the ANDROS F6A allows the vehicle to climb over 18-inch obstacles and 24-inch wide ditches.
9. The ANDROS F6A can climb the roll out steps on commercial airplanes. It can also traverse down the aircraft aisle and reach into overhead compartments and across seats to retrieve suspect packages.

10. The ANDROS F6A vehicle can be operated in DC or AC operational mode for extended run time for such applications as hostage negotiations or negotiating with a barricaded suspect.

11. The ANDROS F6A comes standard with a two-way audio system. This system can be utilized for hostage negotiation or other remote forms of communication.

12. The ANDROS F6A is the only vehicle in its size class that can mount and fire the JROD from the robot arm. The JROD is the most widely used among EOD teams within the United States Military.

13. The ANDROS F6A comes with three cameras, a pan and tilt color surveillance camera with 216:1 zoom and night vision capabilities and 360-degree rotation, a fixed color 216:1 zoom arm camera, and a black and white drive camera. The system can be upgraded to a total of four cameras. There is an optional pan and tilt with 216:1 zoom and night vision capabilities, 360-degree rotation color arm camera.

14. The ANDROS F6A can be utilized for a Weapons of Mass Destruction (WMD) scenario and can be outfitted with multiple chemical and radiation sensors.

15. All REMOTEC products are built to ISO-9001 quality control standards.

16. REMOTEC is the only company that offers remote chemical agent and radiation monitoring displaying the results back through the robot data link. Detection modes are changed remotely from the switchbox that controls the robot.

17. The ANDROS F6A can pull a minimum of a 175 lb. downed individual.

18. The ANDROS F6A can pull a 2 ½" charged fire hose a minimum of 100’ and direct the spray as required.

19. The ANDROS F6A robot can mount up to four PAN Disrupters on the arm at one time.

Please contact me at REMOTEC if I can provide any additional information on the ANDROS F6A and its capabilities.

Sincerely,

Vito Gambino
Sales Manager
Remotec
### REMOTEC, INC. BUDGETARY ESTIMATE - GSA

**FROM:** REMOTEC, Inc.  
353 JD Yarnell Industrial Parkway  
Clinton, TN 37716

Subtotal $180,188.00

Shipping & Handling Charges $350.00

**TOTAL COST** $180,538.00

* Assemblies Will be Painted if Paint Option is Selected

** Requires ATF License Transfer. Product shipment may be delayed

1. Prices listed are for sales in U.S.A. only. Export prices are available upon request.
2. Additional pricing available upon request for off-site training at customer's facility.
3. Please see REMOTEC's terms and conditions for details on our 1 year limited warranty. Extended Service contracts are available.
4. Prices are based upon acceptance of REMOTEC's Terms and Conditions (attached). Any deviation from these conditions may result in a price increase.
5. The prices contained herein are budgetary, are submitted for planning purposes only and are not to be construed as a firm quotation. Any resultant contract shall be contingent upon negotiation of mutually acceptable terms and conditions.
6. For Military Use Only

NOTE: "Acceptance of order may be delayed while negotiating terms and conditions, acquiring customer order details, acquiring radio frequencies, and resolving any other unforeseen issues which may require resolution prior to scheduling the production of items ordered. If radio frequencies are not supplied by customer at time of order, REMOTEC is expressly authorized to ship and invoice order less the Radio Control Assembly. The Radio Control Assembly will be shipped and invoiced upon completion."
Scope of Work for ROBOT

General Scope of Work

The Sole Source vendor will deliver, F.O.B.,

Model Needed: Model F6A, a mid range robot under 18" wide, 48" high and 52' long with an articulated track design capable of climbing 45 degree stairs and surmounting an 18" ledge. The robot should have the capacity to lift 25 pounds at full extension and 60 pounds at 18" reach. It should be equipped with drive, surveillance and arm cameras. It should be capable of carrying and interfacing with remote motoring equipment and reporting reading back to the operator. It should have remote control and fiber optic controls.

Compensation and Increases

Same as for the recent Police purchase

Contract Term and Extensions

One Time purchase to include 1 year factory warranty, 3 year extended warranty and on-site training at time of delivery

MBE/WBE/DBE Compliance

Same as for the recent police purchase

User Department Contacts

Any questions in the technical, operational and performance for the fire department should be directed to the Commander Leonard Edling, Bureau Of Operations. The phone number is 312-745-1045 and is located at 10 West 35th Street, Chicago IL 14th Floor
