City of Chicago
Because you are a City employee with outside employment, please note that the following additional provisions of the Ordinance and City Ethics Code apply:

- Sections 156-030, "Conflicts of Interest," prohibit you from participating in or exercising influence on any decision or action affecting your City position.
- Sections 156-020, "Quasi-Judicial Duty," prohibit you from exercising professional judgment or performing any duties to another entity.
- Section 156-040, "Use of City Resources," prohibits you from using or revealing confidential information you may have acquired during the course of your City position.
- Section 156-060, "City-Owned Property," prohibits you from being a director or officer of any organization.

The provisions of the Ordinance relevant to your situation do not prohibit you from having contracts with independent corporations, such as the Chicago Housing Authority, or the Chicago Board of Education, or the City Colleges of Chicago, since these are separate entities from the City. These provisions also do not prohibit you from having contracts with county, state, or federal agencies.

Please note that other laws or rules also may apply to this situation, and that City department may adopt restrictions that are more strict than those imposed by the Ethics Ordinance.
