Good Morning Commissioner, Steve and Scott:

On yesterday, prior to starting our task force inspections the team and I went to have lunch at Eppels. After being seated Melvin Bailey walked over to the table and spoke to all of us and engaged in small talk.

While eating our waitress came and told us our bill had been paid in full in the amount of \$105.42, which we all immediately asked by who and she told us the gentleman who was at our table.

We thank informed them that we couldn't accept his payment that we would be paying our own bill and they accepted our payment (see attached) bill using a debit card (Kevin Callahan).

The team:

Mario Ficco

Ken Buehring

Kevin Callahan

Jesus Vasquez

Chris O'Leary

Dave Trejo

I'm attaching our receipt as proof of our payment

Respectfully,

Marlene Hopkins

Managing Deputy Commissioner

Department of Buildings
