# THE FOUNDATION PROJECT

La Casa Norte is the largest provider of services to homeless youth in the City of Chicago. For over 14 years we have been helping homeless youth and families find their own homes. Working with individuals in 43 different zip codes across the Chicagoland region, LCN empowers homeless and at-risk communities to increase housing stability and economic self-sufficiency.

La Casa Norte is excited to announce that on September 9, 2016 we broke ground on the largest project in our history – **The Foundation Project**, a housing development and community center in a newly constructed facility to be located in Chicago's Humboldt Park neighborhood. This new center will become an anchor of redevelopment for Chicago's west side community and the North Avenue corridor. A first of its kind in Chicago, The Foundation Project will serve as an example for future innovative programming.

In the new facility, La Casa Norte will establish the Pierce House, providing 25 Supportive Housing Units (*studios, 1- and 2-bedroom units*) for youth and families that are homeless. The new Community Center will also provide integrated and comprehensive, wraparound services from a holistic perspective including:

- \* HOMELESS YOUTH DROP IN CENTER
- \* COMMUNITY HEALTHCARE CENTER
- \* CAFÉ & FOOD PANTRY
- \* HOUSING LOCATION & PREVENTION SERVICES
- \* EMERGENCY TOILETRIES & CLOTHING

With these fundamental building blocks, La Casa Norte will be able to lay the foundation that our clients and our communities so desperately need to transform their lives and break the cycle of poverty.

Through our transformative center, **The Foundation Project** will help those most vulnerable regain their dignity and rebuild their lives.

# THANK YOU TO OUR GENEROUS SPONSORS
