Subject: Donated Books

Hi Steve,

Attached is a list of the donated books that CPL has received from January –June 2016. Some of these you may have received directly from the branch and as we continue to refine the reporting process you may get a few more stragglers. Our goal is for me to provide this report to you on a quarterly basis.

I am also working on a report to provide the foundation donations (and gifts in kind) to you. Hence, my many questions on the topic last week. We're still refining that report and how we will collect the information so I will send that report at a later date.

Thanks for your help.
