Rich,

I have returned from my trip to Japan, where I participated in a workshop sponsored by Hiroshima University. This workshop was part of a larger grant that my international anthropology colleagues and I received in 2014 from the Japan Society for the Promotion of Science (JSPS). In the workshop we discussed our research findings and identified overlapping themes. The agenda is attached.

I was not in a position to give preference to any attendees from the City and the attendees were not in a position to take advantage of my instruction in any dealings with the City. My JSPS grant (disbursed by Hiroshima University) is reimbursing me for my travel expenses including airfare, ground transportation, hotel, and per diem. There is no honorarium or other payment.

Thank you,

Faith
