Hello Steve,

I apologize for the delay in following up about the Goodman Theatre's opening gala that I attended on September 23. I attended with Glenn Humphreys, Curator of our Special Collections Department (copied here), which is also the custodian of the Goodman Theatre Archive. It had been several years since I was involved with the Goodman and it was wonderful to renew acquaintances and discuss collaboration and partnership between the Goodman and CPL, including expanding their the reach of their education/engagement programs through our branch system. Glenn and I both had a great conversation with Willa Taylor, Director of Education and Engagement.

After dinner, we attended the performance of Bernhardt/Hamlet.

Please let me know if you have any other questions about this event.

Thank you,
Andrea.
