Subject: Travel disclosures

Steve,

Sorry for the delay. I am reporting on two trips where my expenses were paid from an outside entity.

October 26-28 I traveled to and from California via the San Francisco airport to speak at the Monterey Design Conference on accessibility. The conference was sponsored by the California Institute of Architects. They paid my airfare and one night lodging at the conference site. Food was provided at the conference.

October 30th I flew to DC to receive an award from AT & T called the Connection of Humanity. AT&T paid for my flight from Chicago to Washington DC and one night lodging at a nearby hotel.

Both travels went through the proper pre-approvals with the Mayor's Office, budget and ethics

Karen Tamley
