Subject: Cresco Labs Visit on Sept. 6

Hi Steve:

Last Friday, Alderman O'Shea and I joined Commissioner Gorski, another DPD staffer and an aide for Alderman Silverstein for a tour of Cresco Labs' grow facility in Joliet.

Cresco representatives included their executive team as well as one of their registered lobbyists: John Borovicka.

After our tour of the facility, we were provided a boxed lunch with a turkey sandwich, potato chips and water.

During lunch, we discussed model legislation in other jurisdictions and discussed the impact various policies have on the cannabis industry.

We were not specifically lobbied to take a particular action or to support a specific policy - it was more of an educational briefing, as we prepare for the advent of recreational cannabis in Chicago on January 1st.
