Subject: Use of Consultant Space for Visiting Students

Hello Erin and Rich,

CDOT will be hosting a group of about 30 college students the afternoon of Friday, September 27 who wish to hear more about the planning of the Riverwalk. WSP, a consulting firm located in 30 N. LaSalle, has offered the use of their conference room. I understand that this could be considered a gift to me as I am organizing the visit. However, as I would be accepting the use of their conference room on behalf of CDOT I believe it should be ok but I do not want to run afoul of any Ethics rules or regs.

Please let me know if this is ok and if you have any questions or concerns.

Thank you

Dave
