Subject: Re: Confidential - RE: Your Question

Richard,

This is my follow up reporting for my attendants at the 40th General convention of the United Association in San Diego, California August 23rd to August 28th.

I did not receive any awards or special consideration. All 3,337 delegates to this convention in both the USA and Canada have received \$6,428. This onetime payment covers the costs of the hotel, air fare and a per diem for food and ground transportation expenses. All payments for the convention in the USA will be reported via 1099 to the IRS for 2021 income taxes.

This concludes my report.

Thank you

Denis Riordan
