**Subject:** Re: Request - BOE Approval for Travel: Health Equity Awakened Fellowship

Hello Steve,

I'm writing as follow up to confirm that my colleague Genny Turner (cc-ed) and I participated in the [Health Equity Awakened Leadership Institute Fellowship](#) in-person meeting outside of Boston, MA from June 7-June 10, 2022. The purpose of this fellowship is to develop personal, institutional, and structural level approaches to health equity and racial justice. As indicated below, Human Impact Partners, the program sponsor, covered the cost of our flights and rooming accommodations to attend this meeting. Please advise if you require any additional information.

Thank you as always for your support.

Happy Wednesday,

Kate
