[Warning: External email]

Mr. Superfine,

I have returned from my October 4th-6th trip to Seattle, WA where I attended a board meeting of the Association of Local Government Auditors (ALGA). (I attended the meeting on those dates but did not return to the office until yesterday, October 17th.) I attended the board meeting as chair of one of the Association's committees to provide updates on my committee's work. ALGA will reimburse my travel expenses related to the board meeting.

This trip was related to my City position but does not involve City-specific information. There was no honorarium or other payment.

Thank you,

Claire Kruschke (she/her)
