Subject: Ethics travel notification - ICC Spring Meeting, Tampa, FL

Steve,

I attended the International Code Council (ICC) spring interchange meeting in Tampa FL from April 29 to May 4, 2023. As a member of the ICC's Major Jurisdictions steering committee, I participated in an in-person meeting of that group. Per ICC policy, as a member of an ICC committee, ICC covered air and ground transportation, meals, and 2 nights of lodging. I stayed for several additional days of educational sessions, for which the registration and lodging were paid for by the City.

Best,
Grant
