**Subject:** RE: June 2023 travel to Toronto, CA

Hi Steve,

Toronto was super productive:

We had our Board of Directors meetings for the Water Research Foundation (June 10<sup>th</sup> and June 12<sup>th</sup>) and the Association of Municipal Water Agencies (June 11<sup>th</sup>), where I served as Chicago's representative for both. I also attended talks and spoke twice at the American Water Works Association ACE national conference between June 12-June 14. So in total I was there June 9<sup>th</sup> to June 14<sup>th</sup>. The Water Research Foundation covered hotel accommodations and dinners for all of the Board of Directors. So that left conference registration and airfare to be paid by DWM. I did not accept any honoraria.

Thanks,  
Andrea
