Subject: CTL: Torino Visit 2023

Hi Steve,

Apologies for the late response. During the week of March 13 - 17th Commissioner Novara attended many workshops in Torino the focus is for the government and community to learn how change occurs in a government context and specifically how each city can learn from and not worsen segregation and its impact. The trip was covered by the MacArthur Foundation and the Fondazione Cariplo.

Please let me know if anything else is needed.

Best,

Samantha Hill

Executive Administrative Assistant II

Dept. of Housing, City of Chicago
