Hello Steve,

I attended the Conference and most of the events in the program, including three meals – two dinners and a lunch that were open to all conference participants.

There were IT professionals from other Cities in attendance, including Pheonix Police and Los Angeles County Sherriff representatives.

The Samsung employees that I interacted with were:

Akhil Mehrotra, Public Sector B2B Sales Representative
Todd Maxwell, Director, Head of Government Business Development
Brad Haczynski, Senior VP B2B America

There was a Samsung Galaxy Watch 6 in the registration bag. It has a list value much higher than \$50. I was going to assign it to the Public Safety Mobility shop for testing. We have tested devices like this in the past for units like the CPD Bike team. Let me know if that is an appropriate step to take with that device. I can also coordinate returning it to Samsung.

Thanks,
Dan

Hello Steve,

I am interested in attending this conference. We use Samsung products through the cellular providers that have contracts with the City. Is this something that I could attend? Let me know if you need any additional information.

Here is the synopsis from the Website:

April 17-19, 2024

WHAT TO EXPECT

You will attend executive keynotes, lively panel discussions and hear from industry thought leaders on the latest trends. Choose the sessions that matter most to you and your business.

- Join discussions on innovations, market trends, go-to-market strategy, media trends and more.

- Drive greater value with a unique look into our product offerings: Mobile, Home Entertainment, Digital Appliances, Displays & Digital Signage, Memory, Networks, Solutions and more.

In the Samsung Product Showcase, you will be immersed in innovative, real-world environments where you can interact with the latest Samsung technology and our ecosystem of partners.

Join Samsung and your peers to network and celebrate partnership together during our dinners, evening mixers and entertainment.

Thanks,
Dan
