Hi Steve,

This email confirms that I did attend the National Housing Museum Luncheon in my official capacity at the invitation of Marisa Novara, National Public Housing Museum Board member. Please let me know if I need to provide any additional information.

Thanks

**Subject:** National Public Museum Luncheon

Good Evening, Steve,

Anna and I have been invited to attend a luncheon for the [National Public Housing Museum](#), by board member, Marisa Novara, former DOH commissioner. The luncheon is expected to highlight Public Housing on a national level.

DOH provided financing to fund 15 public housing/affordable units in the existing public housing museum building at 925 Ada Street. While the luncheon is not specifically related to this work, I wanted to provide this background.

I'm wondering if it is acceptable for us to attend.

Thanks in advance.
