Subject: Panel participation notice

Hello Steve,

On Sunday, August 17, 2025, I participated in a panel in my official capacity. The panel was organized by High Concept Labs and Unfolding Disability Futures as part of their ongoing series Art/Access Lab, and my participation was at the sponsors' invitation. This program was called "How to Sustain your Practice & Present New Work: Navigating space, funding, collaborations and more as an artist with disabilities". I did not receive any payment for my participation. It was a hybrid event; I attended in-person at the event site, Experimental Station, 6100 S Blackstone.

Please let me know if you require additional information. Thank you, as always, for your guidance.

Kind regards,

John
