Subject: disposition of \$25 gift certificate

Last December I received a \$25 gift certificate for Lettuce Entertain You from Sylvester J. Kerwin, an appraiser I use for evaluating demolished properties. At the time, rules for gift certificates had recently changed and neither Kerwin nor I understood the new requirements.

Recently, I accepted the certificate on behalf of the city. On May 24, I secured a tray of cut-up deserts from Petterino's. The tray was placed in the front lobby of the Law Department Torts Division. The lobby has a receptionist and a fair share of public traffic. The tray was place to invite anyone, including members of the public, to take a sweet.

Thank you (and your lawyer Anna) for your guidance in this matter.
