

The following registered lobbyists were found in violation of the City's lobbying laws by the Board's Executive Director for filing their 2017 Statements of Registration or Notices of Termination late. Therefore, pursuant to the Governmental Ethics Ordinance, they were given written notice to file (or present a valid reason for their lateness) within seven (7) City business days of the date of the notice or else they would be fined \$1,000.00 per day, beginning on that seventh day. Those lobbyists who filed beyond that date were fined \$1,000.00 a day for each day they did not file. Those who were fined are indicated in the list below, along with the amount of their fine.
