HMO GROUP CERTIFICATE RIDER

This Certificate, to which this Rider is attached to and becomes a part of, is amended as stated below.

The following is added to the **OTHER THINGS YOU SHOULD KNOW** section of your Certificate:

MEMBER DATA SHARING

You may, under certain circumstances, as specified below, apply for and obtain, subject to any applicable terms and conditions, replacement coverage. The replacement coverage will be that which is offered by Blue Cross and Blue Shield of Illinois, a division of Health Care Service Corporation, or, if you do not reside in the Blue Cross and Blue Shield of Illinois service area, by the Host Blues whose service area covers the geographic area in which you reside. The circumstances mentioned above may arise in various circumstances, such as from involuntary termination of your health coverage sponsored by your Group, but solely as a result of a reduction in force, plant/office closing(s) or group health plan termination (in whole or in part). As part of the overall plan of benefits that Blue Cross and Blue Shield of Illinois offers to, you, if you do not reside in the Blue Cross and Blue Shield of Illinois service area, Blue Cross and Blue Shield of Illinois may facilitate your right to apply for and obtain such replacement coverage, subject to applicable eligibility requirements, from the Host Blue in which you reside. To do this we may (1) communicate directly with you and/or (2) provide the Host Blues whose service area covers the geographic area in which you reside, with your personal information and may also provide other general information relating to your coverage under the Policy the Group has with Blue Cross and Blue Shield of Illinois to the extent reasonably necessary to enable the relevant Host Blues to offer you coverage continuity through replacement coverage.

Except as amended by this Rider, all terms, conditions, limitations and exclusions of the Certificate to which this Rider is attached will remain in full force and effect.

HMO GROUP CERTIFICATE RIDER

This Certificate, to which this Rider is attached to and becomes a part of, is amended as stated below.

A. YOUR PRIMARY CARE PHYSICIAN

The seventh paragraph under the **YOUR PRIMARY CARE PHYSICIAN** section of this Certificate is revised to read as follows:

The only time that you can receive benefits for services not ordered by your Primary Care Physician or Woman's Principal Health Care Provider is when you are receiving either emergency care, treatment for Mental Illness other than Serious Mental Illness or routine vision examinations. These benefits are explained in detail in the EMERGENCY CARE BENEFITS, HOSPITAL BENEFITS sections and, for routine vision examinations or Mental Illness other than Serious Mental Illness, in the PHYSICIAN BENEFITS section of this Certificate. It is important that you understand the provisions of those sections.

B. SUBSTANCE USE DISORDER TREATMENT BENEFITS

1. The second paragraph under the **SUBSTANCE USE DISORDER TREATMENT BENEFITS** section of this Certificate is revised to read as follows:

Covered Services are the same as those provided for any other condition, as specified in the other benefit sections of this Certificate. In addition, benefits are available for Covered Services provided by a Substance Use Disorder Treatment Facility or a Residential Treatment Center in the BlueAdvantage Substance Use Disorder Network. To obtain benefits for Substance Use Disorder Treatment, they must be authorized by your Primary Care Physician or Woman's Principal Health Care Provider.

2. The following paragraph under the **SUBSTANCE USE DISORDER TREATMENT BENEFITS** section of this Certificate is deleted in its entirety:

Benefits are available through the BlueAdvantage Chemical Dependency Network for the treatment of Chemical Dependency whether or not the Covered Services rendered have been ordered by your Primary Care Physician or Woman's Principal Health Care Provider.

C. EXCLUSIONS — WHAT IS NOT COVERED

The second bullet under the **EXCLUSIONS — WHAT IS NOT COVERED** section of this Certificate is revised to read as follows:

Services or supplies that were not ordered by your Primary Care Physician or Woman's Principal Health Care Provider except as explained in the EMERGENCY CARE BENEFITS section, HOSPITAL BENEFITS section and, for Mental Illness (other than Serious Mental Illness) or routine vision examinations, in the PHYSICIAN BENEFITS section of this Certificate.

Except as amended by this Rider, all terms, conditions, limitations and exclusions of the Certificate to which this Rider is attached will remain in full force and effect.

HMO GROUP CERTIFICATE RIDER

This Certificate, to which this Rider is attached to and becomes a part of, is amended as stated below.

A. PRIMARY CARE PHYSICIAN

The second paragraph under the **YOUR PRIMARY CARE PHYSICIAN** section is revised to read as follows:

At the time that you applied for this coverage, you selected a Participating Individual Practice Association (IPA) and a Primary Care Physician or a Participating Medical Group. If you enrolled in Family Coverage, then members of your family may select a different Participating IPA/Participating Medical Group. You must choose a Primary Care Physician for each of your family members from the selected Participating IPA/Participating Medical Group. In addition, female members also may choose a Woman's Principal Health Care Provider. You may also select a pediatrician from the same or a different Participating IPA/Participating Medical Group as the Primary Care Physician for your dependent children. A Woman's Principal Health Care Provider may be seen for care without referrals from your Primary Care Physician, however your Primary Care Physician and your Woman's Principal Health Care Provider must be affiliated with or employed by your Participating IPA/Participating Medical Group.

B. OTHER THINGS YOU SHOULD KNOW

The **OTHER BLUE CROSS AND BLUE SHIELD PLANS' SEPARATE FINANCIAL ARRANGEMENTS WITH PROVIDERS** provision of the **OTHER THINGS YOU SHOULD KNOW** section of your Certificate is replaced with the following:

OTHER BLUE CROSS AND BLUE SHIELD PLANS' SEPARATE FINANCIAL ARRANGEMENTS WITH PROVIDERS

BlueCard

The Plan hereby informs you that other Blue Cross and Blue Shield Plans outside of Illinois ("Host Blue") may have contracts similar to the contracts described above with certain Providers ("Host Blue Providers") in their service area.

Under BlueCard, when you receive health care services outside of Illinois and from a Provider which does not have a contract with the Plan, the amount you pay, if not covered by a flat dollar Copayment, for Covered Services is calculated on the lower of:

- The billed charges for your Covered Services, or
- The negotiated price that the Host Blue passes on to the Plan.

Often, this "negotiated price" will consist of a simple discount which reflects the actual price paid by the Host Blue. Sometimes, however, it is an estimated price that factors into the actual price increases or reductions to reflect aggregate payment from expected settlements, withholds, any other

contingent payment arrangements and non-claims transactions with your health care provider or with a specified group of providers. The negotiated price may also be billed charges reduced to reflect an average expected savings with your health care provider or with a specified group of providers. The price that reflects average savings may result in greater variation (more or less) from the actual price paid than will the estimated price. The negotiated price will also be adjusted in the future to correct for over- or underestimation of past prices. However, the amount you pay is considered a final price.

Statutes in a small number of states may require the Host Blue to use a basis for calculating your liability for Covered Services that does not reflect the entire savings realized, or expected to be realized, on a particular claim or to add a surcharge. Should any state statutes mandate your liability calculation methods that differ from the usual BlueCard method noted above in paragraph one of this provision or require a surcharge, the Plan would then calculate your liability for any covered health care services in accordance with the applicable state statute in effect at the time you received your care.

Out-of-Area Services

The Plan has a variety of relationships with other Blue Cross and/or Blue Shield Plans under their Licensed Controlled Affiliates (“Licensees”) referred to generally as “Inter-Plan Programs”. Whenever you obtain health care services outside of your Plan’s service area, the claims for these services may be processed through one of these Inter-Plan Programs.

Typically, when accessing care outside your Plan’s service area and the service area of your Participating IPA/Participating Medical Group, you will obtain care from health care providers that have a contractual agreement (i.e., are “Participating IPA’s/Participating Medical Groups”) with the local Blue Cross and/or Blue Shield Licensee in that other geographic area (“Host Blue”). In some instances, you may obtain care from Non-Participating providers. The Plan’s payment practices in both instances are described below.

The Plan covers only limited health care services received outside of your Plan’s Participating IPA’s/Participating Medical Group’s service area. As used in this section, **Other Things You Should Know** “Out-of-Area Covered Services” include emergency care, Urgent Care and follow-up care obtained outside the geographic area of the Plan’s Participating IPA’s/Participating Medical Group’s service area. Any other services will not be covered when processing through any Inter-Plan Programs arrangements, unless authorized by your Primary Care Physician (“PCP”) or Women’s Principal Health Care Provider (“WPHCP”).

BlueCard® Program

Under the BlueCard Program, when you obtain Out-of-Area Covered Services, as defined above, from a health care Provider participating with a Host Blue, the Plan will remain responsible for fulfilling Blue Cross and Blue Shield’s contractual obligations. However the Host Blue is responsible

for contracting with and generally handling all interactions with its participating healthcare providers.

The BlueCard Program enables you to obtain Out-of-Area Covered Services, as defined above, from a health care provider participating with a Host Blue, where available. The participating Provider will automatically file a claim for the Out-of-Area Covered Services provided to you, so there are no claim forms for you to fill out. You will be responsible for the Copayment amount, as stated in this Certificate.

Emergency Care Services:

If you experience a medical emergency while traveling outside the Plan's the Participating IPA's/Participating Medical Group's service area, go to the nearest emergency facility, Urgent Care facility, or other health care Provider.

Whenever you access Covered Services outside your Plan's the Participating IPA's/Participating Medical Group's service area and the claim is processed through the BlueCard Program, the amount you pay for Covered Services, if not a flat dollar Copayment, is calculated based on the lower of:

- The billed charges for your Covered Services, or
- The negotiated price that the Host Blue makes available to the Plan.

Often, this "negotiated price" will be a simple discount that reflects an actual price that the Host Blue pays to your healthcare provider. Sometimes, it is an estimated price that takes into account special arrangements with your healthcare provider or provider group that may include types of settlements, incentive payments, and/or other credits or charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of healthcare providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing, going forward, also take into account adjustments to correct for over or underestimation of modifications of past pricing for the types of transaction modifications noted above. However, such adjustments will not affect the price the Plan use[s] for your claim because they will not be applied retroactively to claims already paid.

Federal law or the laws in a small number of states may require the Host Blue to add a surcharge to your calculation. If federal law or any state laws mandate other liability calculation methods, including a surcharge, the Plan would then calculate your liability for any Covered Services according to applicable law.

Non-Participating Healthcare Providers Outside The Plan's Service Area

Liability Calculation

a. In General:

Except for emergency care and Urgent Care, services received from a Non-Participating Provider outside of the service area will not be covered.

For emergency care and Urgent Care services received from Non-Participating Providers outside of your Participating IPA's/Participating Medical Group's service area, but within the Plan's service area, please refer to the EMERGENCY CARE BENEFITS section of this Certificate.

For emergency care and Urgent Care services that are provided outside of the Plan's service area by a Non-Participating Provider, the amount(s) you pay for such services will be calculated using the methodology described in the EMERGENCY CARE BENEFITS section for Non-Participating Providers located inside the service area.

b. Exceptions:

In some exception cases, the Plan may, but is not required to, in its sole and absolute discretion, negotiate a payment with such Non-Participating Provider on an exception basis.

Except as amended by this Rider, all terms, conditions, limitations and exclusions of the Certificate to which this Rider is attached will remain in full force and effect.

HMO GROUP CERTIFICATE RIDER

This Certificate, to which this Rider is attached to and becomes a part of, is amended as stated below.

The following ELIGIBILITY section replaces the ELIGIBILITY section in your Certificate:

A. ELIGIBILITY

Changes in state or federal law or regulations or interpretations thereof may change the terms and conditions of coverage.

Subject to the other terms and conditions of the Group Policy, the benefits described in this Certificate will be provided to persons who:

- Meet the definition of Eligible Person as specified in the Group Policy;
- Have applied for this coverage;
- Have received a Blue Cross and Blue Shield identification card; and
- Live within the service area of Blue Cross and Blue Shield. (Contact your Group or Member Services at 1-800-892-2803 for information regarding service area.); and,
- Reside, live or work in the geographic network service area served by Blue Cross and Blue Shield for this Certificate of coverage. You may call customer service at the number shown on the back of your identification card to determine if you are in the network service area or log on to the Web site at www.bcbsil.com.
- If Medicare eligible, have both Part A and B coverage.

REPLACEMENT OF DISCONTINUED GROUP COVERAGE

When your Group initially purchases this coverage and such coverage is purchased as replacement of coverage under another carrier's group policy, those persons who are Totally Disabled on the effective date of this coverage and who were covered under the prior group policy will be considered eligible for coverage under this Certificate.

Your Totally Disabled dependents will be considered eligible dependents under this Certificate provided such dependents meet the description of an eligible family member as specified below under the heading Family Coverage.

Your dependent children who have reached the limiting age of this Certificate will be considered eligible dependents under this Certificate if they were covered under the prior group policy and, because of a handicapped condition, are incapable of self sustaining employment and are dependent upon you or other care providers for lifetime care and supervision.

If you are Totally Disabled, you will be entitled to all of the benefits of this Certificate. The benefits of this Certificate will be coordinated with benefits under your prior group policy. Your prior group policy will be considered the primary coverage for all services rendered in connection with your disabling condition when no coverage is available under this Certificate due to

the absence of coverage in this Certificate. The provisions of this Certificate regarding Primary Care Physician referral remain in effect for such Totally Disabled persons.

APPLYING FOR COVERAGE

You may apply for coverage for yourself and/or your spouse, party to a Civil Union, Domestic Partner and/or dependents (see below) by submitting the application(s) for medical insurance form, along with any exhibits, appendices, addenda and/or other required information (“Application(s)”) to the Plan.

You can get the application form from your Group Administrator. An application to add a newborn to Family Coverage is not necessary if an additional premium is not required. However, you must notify your Group Administrator within 31 days of the birth of a newborn child for coverage to continue beyond the 31 day period or you will have to wait until your Group’s open enrollment period to enroll the child.

The Application(s) for coverage may or may not be accepted. Please note, some Employers only offer coverage to their employees, not to their employees’ spouses, parties to a Civil Union, Domestic Partners or dependents. In those circumstances, the references in this Certificate to an employee’s family members are not applicable.

No eligibility rules or variations in premium will be imposed based on your health status, medical condition, Claims experience, receipt of health care, medical history, genetic information, evidence of insurability, disability or any other health status related factor. You will not be discriminated against for coverage under this Certificate on the basis of race, color, national origin, disability, age, sex, gender identity or sexual orientation. Variations in the administration, processes or benefits of this Certificate that are based on clinically indicated, reasonable medical management practices, or are part of permitted wellness incentives, disincentives and/or other programs do not constitute discrimination.

You may enroll in or change coverage for yourself and/or your eligible spouse and/or dependents during one of the following enrollment periods. Your and/or your eligible spouse and/or dependents’ effective date will be determined by the Plan depending upon the date your application is received and other determining factors.

The Plan may require acceptable proof (such as copies of legal adoption or legal guardianship papers, or court orders) that an individual qualifies as an Eligible Person under this Certificate.

Annual Open Enrollment Periods/Effective Date of Coverage

Your Group will designate annual open enrollment periods during which you may apply for or change coverage for yourself and/or your eligible spouse, party to a Civil Union, Domestic Partner and/or dependents.

This section “Annual Open Enrollment Periods/Effective Date of Coverage” is subject to change by the Plan, and/or applicable law, as appropriate.

SPECIAL ENROLLMENT PERIODS

Special Enrollment Periods/Effective Dates of Coverage

Special enrollment periods have been designated during which you may apply for or change coverage for yourself and/or your eligible spouse, party to a Civil Union, Domestic Partner and/or dependents. You must apply for or request a change in coverage within 31 days from the date of a special enrollment event, except as otherwise provided below, in order to qualify for the changes described in this Special Enrollment Periods/Effective Dates of Coverage section.

Special Enrollment Events:

- a. You gain or lose a dependent or become a dependent through marriage, or becoming a party to a Civil Union or establishment of a Domestic Partnership. New coverage for you and/or your eligible spouse, party to a Civil Union or Domestic Partner and/or dependents will be effective on the date of the qualifying event, so long as you apply 31 days from the qualifying event date.
- b. You gain or lose a dependent through birth, placement of a foster child, adoption or placement of adoption or court-ordered dependent coverage. New coverage for you and/or your eligible spouse, party to a Civil Union or Domestic Partner, and/or dependents will be effective on the date of the birth, placement of a foster child, adoption, or placement of adoption. However, the effective date for court-ordered eligible child coverage will be determined by the Plan in accordance with the provisions of the court-order.
- c. You lose eligibility for coverage under a Medicaid plan or a state child health plan under title XXI of the Social Security Act. You must request coverage within 60 days of the loss of coverage.
- d. You become eligible for assistance, with respect to coverage under the group health plan or health insurance coverage, under such Medicaid plan or state child health plan. You must request coverage within 60 days of such eligibility.

This section “Special Enrollment Periods/Effective Date of Coverage” is subject to change by Plan and/or applicable law, as appropriate.

Other Special Enrollment Events/Effective Dates of Coverage:

You must apply for or request a change in coverage within 31 days from the date of the below other special enrollment events in order to qualify for the changes described in this Other Special Enrollment Events/Effective Dates of Coverage section.

1. Loss of eligibility as a result of:
 - Legal separation, divorce, or dissolution of a Civil Union or a Domestic Partnership;
 - Cessation of dependent status (such as attaining the limiting age to be eligible as a dependent child under this Certificate);

- Death of an Employee;
 - Termination of employment, reduction in the number of hours of employment.
2. Loss of coverage through an HMO in the individual market because you and/or your eligible spouse, party to a Civil Union, Domestic Partner and/or dependents no longer reside, live or work in the network service area.
 3. Loss of coverage through an HMO, or other arrangement, in the group market because you and/or your eligible spouse, party to a Civil Union or Domestic Partner and/or dependents no longer reside, live or work in the network service area, and no other coverage is available to you and/or your eligible spouse, party to a Civil Union, Domestic Partner and/or dependents.
 4. You incur a claim that would meet or exceed a lifetime limit on all benefits.
 5. Loss of coverage due to a plan no longer offering benefits to the class of similarly situated individuals that include you.
 6. Your Employer ceases to contribute towards your or your dependent's coverage (excluding COBRA continuation coverage).
 7. COBRA continuation coverage is exhausted.

Coverage resulting from any of the special enrollment events outlined above is contingent upon timely completion of the Application(s) and remittance of the appropriate premiums in accordance with the guidelines as established by the Plan. Your spouse, party to a Civil Union or Domestic Partner and other dependents are not eligible for a special enrollment period if the Group does not cover dependents.

This section "Other Special Enrollment Periods/Effective Date of Coverage" is subject to change by the Plan and/or applicable law, as appropriate.

NOTIFICATION OF ELIGIBILITY CHANGES

It is the Eligible Person's responsibility to notify the Plan of any changes to an Eligible Person's name or address or other changes to eligibility. Such changes may result in coverage/benefit changes for you and your eligible dependents. For example, if you move out of the Plan's "network service area". You must reside, live or work in the geographic "network service area" designated by the Plan. You may call the customer service number shown on the back of your identification card to determine if you live in the network service area, or log on to the Web site at www.bcbsil.com.

INDIVIDUAL COVERAGE

If you have Individual Coverage, only your own health care expenses are covered, not the health care expenses of other members of your family.

FAMILY COVERAGE

Under Family Coverage, your health care expenses and those of your enrolled spouse and your (and/or your spouse's) enrolled children who are under the limiting age specified in the **BENEFIT HIGHLIGHTS** section will be covered. All of the provisions of this Certificate that pertain to a spouse also apply to a party of a Civil Union unless specifically noted otherwise. A Domestic Partner and his or her children who have not attained the limiting age specified in the **BENEFIT HIGHLIGHTS** section may also be eligible dependents. All of the provisions of this Certificate that pertain to a spouse also apply to a Domestic Partner unless specifically noted otherwise.

“Child(ren)” used hereafter in this Certificate, means a natural child(ren), a stepchild(ren), adopted child(ren), foster child(ren), a child(ren) of your Domestic Partner, a child(ren) who is in your custody under an interim court order prior to finalization of adoption or placement of adoption vesting temporary care, whichever comes first, child(ren) for whom you are the legal guardian under 26 years of age, regardless of presence or absence of a child's financial dependency, residency, student status, employment status, marital status, eligibility for other coverage or any combination of those factors. In addition, enrolled unmarried children will be covered up to the age of 30 if they:

- Live within the service area of the Plan network for this Certificate; and
- Have served as an active or reserve member of any branch of the Armed Forces of the United States; and
- Have received a release or discharge other than a dishonorable discharge.

Coverage for children will end on the last day of the period for which premium has been accepted.

If you have Family Coverage, newborn children will be covered from the moment of birth. Please notify the Plan within 31 days of the birth so that your membership records can be adjusted. Your Group Administrator can tell you how to submit the proper notice through the Plan.

Children who are under your legal guardianship or who are in your custody under an interim court order prior to finalization of adoption or placement of adoption vesting temporary care, whichever comes first, and foster children will be covered. In addition, if you have children for whom you are required by court order to provide health care coverage, those children will be covered.

Any children who are incapable of self-sustaining employment and are dependent upon you or other care providers for lifetime care and supervision because of a handicapped condition occurring prior to reaching the limiting age will be covered regardless of age as long as they were covered prior to reaching the limiting age.

This coverage does not include benefits for grandchildren (unless such children have been legally adopted or are under your legal guardianship).

Coverage under this Certificate is contingent upon timely receipt by the Plan of necessary information and initial premium.

MEDICARE ELIGIBLE COVERED PERSONS

A series of federal laws collectively referred to as the “Medicare Secondary Payer” (MSP) laws regulate the manner in which certain Employers may offer group health care coverage to Medicare eligible employees, spouses, and in some cases, dependent children. Reference to spouse under this section do not include a party to a Civil Union with the Eligible Person, the Domestic Partner (provided your Employer covers Domestic Partners) of the Eligible Person or their children.

The statutory requirements and rules for MSP coverage vary depending on the basis for Medicare and employer group health plan (“GHP”) coverage, as well as certain other factors, including the size of the employers sponsoring the GHP. In general, Medicare pays secondary to the following:

1. GHPs that cover individuals with end-stage renal disease (“ESRD”) during the first 30 months of Medicare eligibility or entitlement. This is the case regardless of the number of employees employed by the employer or whether the individual has “current employment status.”
2. In the case of individuals age 65 or over, GHPs of employers that employ 20 or more employees if that individual or the individual’s spouse (of any age) has “current employment status.” If the GHP is a multi-employer or multiple employer plan, which has at least one participating employer that employs 20 or more employees, the MSP rules apply even with respect to employers of fewer than 20 employees (unless the plan elects the small employer exception under the statute).
3. In the case of disabled individuals under age 65, GHPs of employers that employ 100 or more employees, if the individual or a member of the individual’s family has “current employee status.” If the GHP is a multi-employer or multiple employer plan, which has at least one participating employer that employs 100 or more employees, the MSP rules apply even with respect to employers of fewer than 100 employees.

Please see your employer or Group Administrator if you have any questions regarding the ESRD Primary Period or any other provisions of the MSP laws and their application to you, your spouse or your dependents.

Your MSP Responsibilities

In order to assist your employer in complying with MSP laws, it is very important that you promptly and accurately complete any requests for information from the Plan and/or your employer regarding the Medicare eligibility of you, your spouse and covered dependent children. In addition, if you, your spouse or covered dependent child becomes eligible for Medicare, or has Medicare eligibility terminated or changed, please contact your employer or your group administrator promptly to ensure that your claims are processed in accordance with applicable MSP laws.

YOUR IDENTIFICATION CARD

You will receive an identification (ID) card from the Plan. Your ID card contains your identification number. Do not let anyone who is not named in your coverage use your card to receive benefits. If you want additional cards or need to replace a lost card, contact Customer Service or go to www.bcbsil.com and get a temporary card online. Always carry your ID card with you.

LATE APPLICANTS

If you do not apply for Family Coverage or to add dependents within the allotted time, you will have to wait until your Group's annual open enrollment period to do so. Your Family Coverage or the coverage for your additional dependents will then be effective on the first day of month following open enrollment. Benefits will not be provided for any treatment of an illness or injury to a newborn child unless you have Family Coverage. (Remember, you must add the newborn child within 31 days of the date of birth.)

TERMINATION OF COVERAGE

If the Plan terminates your coverage under this Certificate for any reason, the Plan will provide you with a notice of termination of coverage that includes the termination effective date and the reason for termination at least 30 days prior to the last day of coverage, except as otherwise provided in this Certificate.

Your and your eligible spouse, party to a Civil Union, Domestic Partner and/or dependents' coverage will be terminated due to the following events and will end on the dates specified below:

- a. The termination date specified by you, if you provide reasonable notice.
- b. When the Plan does not receive the full amount of the premium payment or other charge or amount on time or when there is a bank draft failure of premiums for your and/or your eligible spouse, party to a Civil Union or Domestic Partner and/or dependents' coverage and the grace period, if any, has been exhausted.
- c. You no longer live, reside or work in the Plan's service area or live, reside or work in the network service area.
- d. Your coverage has been rescinded.
- e. In the case of intentional fraud or material misrepresentation.
- f. You no longer meet the previously stated description of an Eligible Person.
- g. The entire coverage of your Group terminates.

Upon termination of your coverage under this Certificate, you may request a Certificate of Creditable Coverage within 24 months of termination of your or your dependent's coverage under this Certificate.

Termination of a Dependent's Coverage

If one of your dependents no longer meets the description of an eligible family member as given above under the heading "Family Coverage," his/her coverage will end as of the date the event occurs which makes him/her ineligible (for example, date of divorce). Coverage for children will end on the last day of the calendar month in which they reach the limiting age as shown in the BENEFIT HIGHLIGHTS section of this Certificate.

WHO IS NOT ELIGIBLE

- a. Non-citizens or non-nationals of the United States, or individuals who are non-citizens and not lawfully present in the United States, and are not reasonably expected to be a citizen, national, or a non-citizen, who is not lawfully present for the entire period for which open enrollment is sought. Please see the Initial and Annual Open Enrollment Periods/Effective Date of Coverage section of this Certificate.
- b. Incarcerated individuals, other than incarcerated individuals pending disposition of charges.
- c. Individuals that do not live, reside or work in the network service area.
- d. Individuals that do not meet the Plan's eligibility requirements or residency standards, as appropriate.

This section "WHO IS NOT ELIGIBLE" is subject to change by the Plan and/or applicable law, as appropriate.

Extension of Benefits in Case of Discontinuance of Coverage

If you are Totally Disabled at the time your entire Group terminates, benefits will be provided for (and limited to) the Covered Services described in this Certificate which are related to the disability. Benefits will be provided when no coverage is available under the succeeding carrier's policy whether due to the absence of coverage in the policy or lack of required Creditable Coverage for a preexisting condition. Benefits will be provided for a period of no more than 12 months from the date of termination. These benefits are subject to all of the terms and conditions of this Certificate including, but not limited to, the requirements regarding Primary Care Physician referral. It is your responsibility to notify the Plan, and to provide, when requested by the Plan, written documentation of your disability. This extension of benefits does not apply to the benefits provided in the following benefit section(s) of this Certificate.

- Outpatient Prescription Drug Program Benefits

CONTINUATION COVERAGE RIGHTS UNDER COBRA

NOTE: Certain employers may not be affected by CONTINUATION OF COVERAGE RIGHTS UNDER COBRA. See your employer or Group Administrator should you have any questions about COBRA.

Introduction

You are receiving this notice because you have recently become covered under your employer's group health plan (the Plan). This notice contains important information about your right to COBRA continuation coverage, which is a temporary extension of coverage under the Plan. **This notice generally explains COBRA continuation coverage, when it may become available to you and your family, and what you need to do to protect the right to receive it.**

The right to COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA continuation coverage can become available to you when you would otherwise lose your group health coverage. It can also become available to other members of your family who are covered under the Plan when they would otherwise lose their group health coverage.

For additional information about your rights and obligations under the Plan and under federal law, you should review the Plan's Summary Plan Description or contact the Plan Administrator.

What Is COBRA Continuation Coverage?

COBRA continuation coverage is a continuation of Plan coverage when coverage would otherwise end because of a life event known as a "qualifying event." Specific qualifying events are listed later in this notice. After a qualifying event, COBRA continuation coverage must be offered to each person who is a "qualified beneficiary." You, your spouse, and your dependent children could become qualified beneficiaries if coverage under the Plan is lost because of the qualifying event. Under the Plan, qualified beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage.

If you are an employee, you will become a qualified beneficiary if you lose your coverage under the Plan because either one of the following qualifying events happens:

- Your hours of employment are reduced; or
- Your employment ends for any reason other than your gross misconduct.

If you are the spouse of an employee, you will become a qualified beneficiary if you lose your coverage under the Plan because any of the following qualifying events happens:

- Your spouse dies;
- Your spouse's hours of employment are reduced;
- Your spouse's employment ends for any reason other than his or her gross misconduct;
- Your spouse becomes enrolled in Medicare benefits (under Part A, Part B, or both); or
- You become divorced or legally separated from your spouse.

Your dependent children will become qualified beneficiaries if they lose coverage under the Plan because any of the following qualifying events happen:

- The parent-employee dies;
- The parent-employee's hours of employment are reduced;
- The parent-employee's employment ends for any reason other than his or her gross misconduct;
- The parent-employee becomes enrolled in Medicare benefits (under Part A, Part B, or both);
- The parents become divorced or legally separated; or
- The child stops being eligible for coverage under the Plan as a "dependent child."

If the Plan provides health care coverage to retired employees, the following applies: Sometimes, filing a proceeding in bankruptcy under title 11 of the United States Code can be a qualifying event. If a proceeding in bankruptcy is filed with respect to your employer, and that bankruptcy results in the loss of coverage of any retired employee covered under the Plan, the retired employee will become a qualified beneficiary with respect to the bankruptcy. The retired employee's spouse, surviving spouse, and dependent children will also become qualified beneficiaries if bankruptcy results in the loss of their coverage under the Plan.

When Is COBRA Coverage Available?

The Plan will offer COBRA continuation coverage to qualified beneficiaries only after the Plan Administrator has been notified that a qualifying event has occurred. When the qualifying event is the end of employment or reduction of hours of employment, death of the employee, in the event of retired employee health coverage, commencement of a proceeding in bankruptcy with respect to the employer, or the employee's becoming entitled to Medicare benefits (under Part A, Part B, or both), the employer must notify the Plan Administrator of the qualifying event.

You Must Give Notice of Some Qualifying Events

For the other qualifying events (divorce or legal separation of the employee and spouse or a dependent child's losing eligibility for coverage as a dependent child), you must notify the Plan Administrator within 60 days after the qualifying event occurs. Contact your employer and/or COBRA Administrator for procedures for this notice, including a description of any required information or documentation.

How Is COBRA Coverage Provided?

Once the Plan Administrator receives notice that a qualifying event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. Each qualified beneficiary will have an independent right to elect COBRA continuation coverage. Covered employees may elect

COBRA continuation coverage on behalf of their spouses, and parents may elect COBRA continuation coverage on behalf of their children.

COBRA continuation coverage is a temporary continuation of coverage. When the qualifying event is the death of the employee, the employee's becoming entitled to Medicare benefits (under Part A, Part B, or both), your divorce or legal separation, or a dependent child's losing eligibility as a dependent child, COBRA continuation coverage lasts for up to 36 months.

When the qualifying event is the end of employment or reduction of the employee's hours of employment, and the employee became entitled to Medicare benefits less than 18 months before the qualifying event, COBRA continuation coverage for qualified beneficiaries other than the employee lasts until 36 months after the date of Medicare entitlement. For example, if a covered employee becomes entitled to Medicare 8 months before the date on which his employment terminates, COBRA continuation coverage for his spouse and children can last up to 36 months after the date of Medicare entitlement, which is equal to 28 months after the date of the qualifying event (36 months minus 8 months). Otherwise, when the qualifying event is the end of employment or reduction of the employee's hours of employment, COBRA continuation coverage generally lasts for only up to a total of 18 months. There are two ways in which this 18-month period of COBRA continuation coverage can be extended.

Disability Extension of 18-Month Period of Continuation Coverage

If you or anyone in your family covered under the Plan is determined by the Social Security Administration to be disabled and you notify the Plan Administrator in a timely fashion, you and your entire family may be entitled to receive up to an additional 11 months of COBRA continuation coverage, for a total maximum of 29 months. The disability would have to have started at some time before the 60th day of COBRA continuation coverage and must last at least until the end of the 18-month period of continuation coverage. Contact your employer and/or the COBRA Administrator for procedures for this notice, including a description of any required information or documentation.

Second Qualifying Event Extension of 18-Month Period of Continuation Coverage

If your family experiences another qualifying event while receiving 18 months of COBRA continuation coverage, the spouse and dependent children in your family can get up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months, if notice of the second qualifying event is properly given to the Plan. This extension may be available to the spouse and dependent children receiving continuation coverage if the employee or former employee dies, becomes entitled to Medicare benefits (under Part A, Part B, or both), or gets divorced or legally separated or if the dependent child stops being eligible under the Plan as a dependent child, but only if the event would have caused the spouse or dependent child to lose coverage under the Plan had the first qualifying event not occurred.

If You Have Questions

Questions concerning your Plan or your COBRA continuation coverage rights, should be addressed to your Plan Administrator. For more information about your rights under ERISA, including COBRA, the Health Insurance Portability and Accountability Act (HIPAA), and other laws affecting group health plans, contact the nearest Regional or District Office of the U. S. Department of Labor's Employee Benefits Security Administration (EBSA) in your area or visit the EBSA website at www.dol.gov/ebsa. (Addresses and phone numbers of Regional and District EBSA Offices are available through EBSA's website.)

Keep Your Plan Informed of Address Changes

In order to protect your family's rights, you should keep the Plan Administrator informed of any changes in the addresses of family members. You should also keep a copy, for your records, of any notices you send to the Plan Administrator.

COVERAGE AFTER TERMINATION (Illinois State Laws)

The purpose of this section of your Certificate is to explain the options available for continuing your coverage after termination, as it relates to Illinois state legislation. The provisions which apply to you will depend upon your status at the time of termination. The provisions described in Article A will apply if you are the Eligible Person (as specified in the Group Policy) at the time of termination. The provisions described in Article B will apply if you are the spouse of a retired Eligible Person or the party to a Civil Union with a retired Eligible Person and are at least 55 years of age or the former spouse of an Eligible Person or the former party to a Civil Union with a retired Eligible Person who has died or from whom you have been divorced or from whom your Civil Union has been dissolved. The provisions described in Article C will apply if you are the dependent child of an Eligible Person who has died or if you have reached the limiting age under this Certificate and not eligible to continue coverage as provided under Article B.

Your continued coverage under this Certificate will be provided only as specified below. Therefore, after you have determined which Article applies to you, please read the provisions very carefully.

ARTICLE A: Continuation of coverage if you are the Eligible Person

If an Eligible Person's coverage under this Certificate should terminate because of termination of employment or membership or because of a reduction in hours below the minimum required for eligibility, an Eligible Person will be entitled to continue the Hospital, Physician and Supplemental coverage provided under this Certificate for himself/herself and his/her eligible dependents (if he/she had Family Coverage on the date of

termination). However, this continuation of coverage option is subject to the following conditions:

1. Continuation of coverage will be available to you only if you have been continuously insured under the Group Policy (or for similar benefits under any group policy which it replaced) for at least 3 months prior to your termination date or reduction in hours below the minimum required for eligibility.
2. Continuation of coverage will not be available to you if: (a) you are covered by Medicare or (b) you have coverage under any other health care program which provides group hospital, surgical or medical coverage and under which you were not covered immediately prior to such termination or reduction in hours below the minimum required for eligibility, or (c) you decide to become a member of the Plan on a “direct pay” basis.
3. If you decide to become a member of the Plan on a “direct pay” basis, you may not, at a later date, elect the continuation of coverage option under this Certificate. Upon termination of the continuation of coverage period as explained in paragraph 6 below, you may exercise the Conversion Privilege explained in the ELIGIBILITY section of this Certificate.
4. Within 10 days of your termination of employment or membership or reduction in hours below the minimum required for eligibility, your Group will provide you with written notice of this option to continue your coverage. If you decide to continue your coverage, you must notify your Group, in writing, no later than 30 days after your coverage has terminated or reduction in hours below the minimum required for eligibility or 30 days after the date you received notice from your Group of this option to continue coverage. However, in no event will you be entitled to your continuation of coverage option more than 60 days after your termination or reduction in hours below the minimum required for eligibility.
5. If you decide to continue your coverage under this Certificate, you must pay your Group on a monthly basis, in advance, the total charge required by the Plan for your continued coverage, including any portion of the charge previously paid by your Group. Payment of this charge must be made to the Plan (by your Group) on a monthly basis, in advance, for the entire period of your continuation of coverage under this Certificate.
6. Continuation of coverage under this Certificate will end on the date you become eligible for Medicare, become a member of the Plan on a “direct pay” basis or become covered under another health care program (which you did not have on the date of your termination or reduction in hours below the minimum required for eligibility) which provides group hospital, surgical or medical coverage. However, your continuation of coverage under this Certificate will also end on the first to occur of the following:
 - a. Twelve months after the date the Eligible Person’s coverage under this Certificate would have otherwise ended because of termination

of employment or membership or reduction in hours below the minimum required for eligibility.

- b. If you fail to make timely payment of required charges, coverage will terminate at the end of the period for which your charges were paid.
- c. The date on which the Group Policy is terminated. However, if this Certificate is replaced by similar coverage under another group policy, the Eligible Person will have the right to become covered under the new coverage for the amount of time remaining in the continuation of coverage period.

**ARTICLE B: Continuation of Coverage if you are the former spouse
an Eligible Person or spouse of a retired Eligible Person**

If the coverage of the spouse of an Eligible Person should terminate because of the death of the Eligible Person, a divorce from the Eligible Person, dissolution of a Civil Union from the Eligible Person, or the retirement of an Eligible Person, the former spouse or retired Eligible Person's spouse if at least 55 years of age, will be entitled to continue the coverage provided under this Certificate for himself/herself and his/her eligible dependents (if Family Coverage is in effect at the time of termination). However, this continuation of coverage option is subject to the following conditions:

1. Continuation will be available to you as the former spouse of an Eligible Person or spouse of a retired Eligible Person only if you provide the employer of the Eligible Person with written notice of the dissolution of marriage or Civil Union, the death or retirement of the Eligible Person within 30 days of such event.
2. Within 15 days of receipt of such notice, the employer of the Eligible Person will give written notice to the Plan of the dissolution of your marriage or Civil Union to the Eligible Person, the death of the Eligible Person or the retirement of the Eligible Person as well as notice of your address. Such notice will include the Group number and the Eligible Person's identification number under this Certificate. Within 30 days of receipt of notice from the employer of the Eligible Person, the Plan will advise you at your residence, by certified mail, return receipt requested, that your coverage and your covered dependents under this Certificate may be continued. The Plan's notice to you will include the following:
 - a. a form for election to continue coverage under this Certificate.
 - b. notice of the amount of monthly charges to be paid by you for such continuation of coverage and the method and place of payment.
 - c. instructions for returning the election form within 30 days after the date it is received from the Plan.
3. In the event you fail to provide written notice to the Plan within the 30 days specified above, benefits will terminate for you on the date coverage would normally terminate for a former spouse or spouse of a retired Eligible Person under this Certificate as a result of the dissolution of

marriage or Civil Union, the death or the retirement of the Eligible Person. Your right to continuation of coverage will then be forfeited.

4. If the Plan fails to notify you as specified above, all charges shall be waived from the date such notice was required until the date such notice is sent and benefits shall continue under the terms of this Certificate from the date such notice is sent, except where the benefits in existence at the time of the Plan's notice was to be sent are terminated as to all Eligible Persons under this Certificate.
5. If you have not reached age 55 at the time your continued coverage begins, the monthly charge will be computed as follows:
 - a. an amount, if any, that would be charged to you if you were an Eligible Person, with Individual or Family Coverage, as the case may be, plus
 - b. an amount, if any, that the employer would contribute toward the charge if you were the Eligible Person under this Certificate.

Failure to pay the initial monthly charge within 30 days after receipt of notice from the Plan as required in this Article will terminate your continuation benefits and the right to continuation of coverage.

6. If you have reached age 55 at the time your continued coverage begins, the monthly charge will be computed for the first 2 years as described above. Beginning with the third year of continued coverage, an additional charge, not to exceed 20% of the total amounts specified in (5) above will be charged for the costs of administration.
7. Termination of Continuation of Coverage:

If you have not reached age 55 at the time your continued coverage begins, your continuation of coverage shall end on the first to occur of the following:

- a. if you fail to make any payment of charges when due (including any grace period specified in the Group Policy).
- b. on the date coverage would otherwise terminate under this Certificate if you were still married to or in a Civil Union with the Eligible Person; however, your coverage shall not be modified or terminated during the first 120 consecutive days following the Eligible Person's death or entry of judgment dissolving the marriage or Civil Union existing between you and the Eligible Person, except in the event this entire Certificate is modified or terminated.
- c. the date on which you remarry or enter another Civil Union.
- d. the date on which you become an insured employee under any other group health plan.
- e. the expiration of 2 years from the date your continued coverage under this Certificate began.

8. If you have reached age 55 at the time your continued coverage begins, your continuation of coverage shall end on the first to occur of the following:
 - a. if you fail to make any payment of charges when due (including any grace period specified in the Group Policy).
 - b. on the date coverage would otherwise terminate, except due to the retirement of the Eligible Person under this Certificate if you were still married to or in a Civil Union with the Eligible Person; however, your coverage shall not be modified or terminated during the first 120 consecutive days following the Eligible Person's death, retirement or entry of judgment dissolving the marriage or Civil Union existing between you and the Eligible Person, except in the event this entire Certificate is modified or terminated.
 - c. the date on which you remarry or enter another Civil Union.
 - d. the date on which you become an insured employee under any other group health plan.
 - e. the date upon which you reach the qualifying age or otherwise establish eligibility under Medicare.
9. If you exercise the right to continuation of coverage under this Certificate, you shall not be required to pay charges greater than those applicable to any other Eligible Person covered under this Certificate, except as specifically stated in these provisions.
10. Upon termination of your continuation of coverage, you may exercise the privilege to become a member of the Plan on a "direct pay" basis as specified in the Conversion Privilege of the ELIGIBILITY section of this Certificate.
11. If this entire Certificate is cancelled and another insurance company contracts to provide group health insurance at the time your continuation of coverage is in effect, the new insurer must offer continuation of coverage to you under the same terms and conditions described in this Certificate.

ARTICLE C: Continuation of Coverage if you are the dependent child of an Eligible Person

If the coverage of a dependent child should terminate because of the death of the Eligible Person and the dependent child is not eligible to continue coverage under ARTICLE B or the dependent child has reached the limiting age under this Certificate, the dependent child will be entitled to continue the coverage provided under this Certificate for himself/herself. However, this continuation of coverage option is subject to the following conditions:

1. Continuation will be available to you as the dependent child of an Eligible Person only if you, or a responsible adult acting on your behalf as the dependent child, provide the employer of the Eligible Person with writ-

ten notice of the death of the Eligible Person within 30 days of the date the coverage terminates.

2. If continuation of coverage is desired because you have reached the limiting age under this Certificate, you must provide the employer of the Eligible Person with written notice of the attainment of the limiting age within 30 days of the date the coverage terminates.
3. Within 15 days of receipt of such notice, the employer of the Eligible Person will give written notice to the Plan of the death of the Eligible Person or of the dependent child reaching the limiting age, as well as notice of the dependent child's address. Such notice will include the Group number and the Eligible Person's identification number under this Certificate. Within 30 days of receipt of notice from the employer of the Eligible Person, the Plan will advise you at your residence, by certified mail, return receipt requested, that your coverage under this Certificate may be continued. The Plan's notice to you will include the following:
 - a. a form for election to continue coverage under this Certificate.
 - b. notice of the amount of monthly charges to be paid by you for such continuation of coverage and the method and place of payment.
 - c. instructions for returning the election form within 30 days after the date it is received from the Plan.
4. In the event you, or the responsible adult acting on your behalf as the dependent child, fail to provide written notice to the Plan within the 30 days specified above, benefits will terminate for you on the date coverage would normally terminate for a dependent child of an Eligible Person under this Certificate as a result of the death of the Eligible Person or the dependent child attaining the limiting age. Your right to continuation of coverage will then be forfeited.
5. If the Plan fails to notify you as specified above, all charges shall be waived from the date such notice was required until the date such notice is sent and benefits shall continue under the terms of this Certificate from the date such notice is sent, except where the benefits in existence at the time of the Plan's notice was to be sent are terminated as to all Eligible Persons under this Certificate.
6. The monthly charge will be computed as follows:
 - a. an amount, if any, that would be charged to you if you were an Eligible Person, plus
 - b. an amount, if any, that the employer would contribute toward the charge if you were the Eligible Person under this Certificate.

Failure to pay the initial monthly charge within 30 days after receipt of notice from the Plan as required in this Article will terminate your continuation benefits and the right to continuation of coverage.

7. Continuation of Coverage shall end on the first to occur of the following:
 - a. if you fail to make any payment of charges when due (including any grace period specified in the Group Policy).
 - b. on the date coverage would otherwise terminate under this Certificate if you were still an eligible dependent child of the Eligible Person.
 - c. the date on which you become an insured employee, after the date of election, under any other group health plan.
 - d. the expiration of 2 years from the date your continued coverage under this Certificate began.
8. If you exercise the right to continuation of coverage under this Certificate, you shall not be required to pay charges greater than those applicable to any other Eligible Person covered under this Certificate, except as specifically stated in these provisions.
9. Upon termination of your continuation of coverage, you may exercise the privilege to become a member of the Plan on a “direct pay” basis as specified in the Conversion Privilege of the ELIGIBILITY section of this Certificate.
10. If this entire Certificate is cancelled and another insurance company contracts to provide group health insurance at the time your continuation of coverage is in effect, the new insurer must offer continuation of coverage to you under the same terms and conditions described in this Certificate.

Other options that may be available for continuation of coverage are explained in the Continuation of Coverage sections of this Certificate.

CONTINUATION OF COVERAGE FOR PARTIES TO A CIVIL UNION

The purpose of this provision of your Certificate is to explain the options available for temporarily continuing your coverage after termination if you are covered under this Certificate as the party to a Civil Union with an Eligible Person or as the dependent child of a party to a Civil Union with an Eligible Person. Your continued coverage under this Certificate will be provided only as specified below. Please read the provisions very carefully.

Continuation of Coverage

If you are a dependent who is a party to a Civil Union or their child and you lose coverage under this Certificate, the options available to a spouse or to a dependent child as described in the **CONTINUATION OF COVERAGE AFTER TERMINATION (Illinois State Laws)** provision of this Certificate are available to you. In addition, coverage similar to the options described in the **CONTINUATION COVERAGE RIGHTS UNDER COBRA** provision of this Certificate, will also be available to you.

NOTE: Certain employers may not be required to offer COBRA continuation coverage. See your Group Administrator if you have any questions about COBRA, or your continuation of coverage options.

In addition to the events listed in the **CONTINUATION OF COVERAGE AFTER TERMINATION (Illinois State Laws) provision and CONTINUATION COVERAGE RIGHTS UNDER COBRA**, if applicable, continuation of coverage is available to you and your dependent children in the event you lose coverage because your Civil Union partnership with the Eligible Person terminates. Your Civil Union will terminate if your partnership no longer meets the criteria described in the definition of “Civil Union” in the DEFINITIONS section of this Certificate. You are entitled to continue coverage for the same period of time as a spouse or child who loses coverage due to divorce.

Upon termination of your continuation coverage, you may exercise the privilege to become a member of Blue Cross and Blue Shield on a “direct pay” basis as specified in the **CONVERSION PRIVILEGE** provision below.

CONTINUATION OF COVERAGE FOR DOMESTIC PARTNERS

The purpose of this provision of your Certificate is to explain the options available for temporarily continuing your coverage after termination, if you are covered under this Certificate as the Domestic Partner of an Eligible Person or as the dependent child of a Domestic Partner. Your continued coverage under this Certificate will be provided only as specified below. Please read the provisions very carefully. **Note: Domestic Partner coverage is available at your employer’s discretion. Contact your employer for information on whether Domestic Partner coverage is available for your Group.**

Continuation of Coverage

If you are the Domestic Partner or the dependent child of a Domestic Partner and you lose coverage under this Certificate, you have the same options as the spouse or dependent child of an Eligible Person to continue your coverage. The options available to a spouse or to a dependent child as described in the **CONTINUATION OF COVERAGE AFTER TERMINATION (Illinois State Laws)** provision of this Certificate are available to you, if applicable to your Group. In addition, coverage similar to the options described in the **CONTINUATION COVERAGE RIGHTS UNDER COBRA** provision of this Certificate, will also be available to you.

NOTE: Certain employers may not be required to offer COBRA continuation coverage. See your Group Administrator if you have any questions about COBRA, or your continuation of coverage options.

In addition to the events listed in the **CONTINUATION OF COVERAGE AFTER TERMINATION (Illinois State Laws) provision and CONTINUATION COVERAGE RIGHTS UNDER COBRA**, if applicable, continuation of coverage is available to you and your dependent children in the event you lose coverage because your Domestic Partnership with the El-

eligible Person terminates. Your Domestic Partnership will terminate if your partnership no longer meets the criteria described in the definition of “Domestic Partnership” in the DEFINITIONS section of this Certificate. You are entitled to continue coverage for the same period of time as a spouse or child who loses coverage due to divorce.

Upon termination of your continuation coverage, you may exercise the privilege to become a member of Blue Cross and Blue Shield on a “direct pay” basis as specified in the CONVERSION PRIVILEGE provision below.

CONVERSION

In addition to the option of continuing your Group coverage after termination, you have the option of converting your Group coverage to direct-payment coverage. This option, conversion privilege, is explained below.

If you choose to convert your Group coverage to direct-payment coverage, you may not, at a later date, select the continuation of group coverage option. However, the conversion privilege will be available when the continuation of coverage period ends.

CONVERSION PRIVILEGE

If your coverage under this Certificate should terminate and you want to continue Blue Cross and Blue Shield coverage with no interruption, you may do so if you have been insured under this coverage for at least 3 months and your Group has not canceled this coverage and replaced it with other coverage. Here is what to do:

- Tell the Plan or your Group Administrator that you wish to continue your coverage and you will be provided with the necessary application.
- Send the application and first premium to the Plan within 31 days of the date that you leave your Group or within 15 days after you have been given written notice of the conversion privilege, but in no event later than 60 days after you leave your Group.

Having done so, you will then be covered by the Plan on an individual “direct-payment” basis. This coverage will be effective from the date that your Group coverage terminates as long as the premiums charged for the direct pay coverage are paid when due.

The converted coverage may require copayments and/or deductibles that are different from those of this Certificate. The converted coverage will provide, at minimum, benefits for basic health care services as defined in the HMO Act.

These direct pay benefits (and the premium charged for them) may not be exactly the same as the benefits under this Certificate. However, by converting your coverage, your health care benefits are not interrupted and you will not have to repeat waiting periods (if any).

Should any or all of your dependents become ineligible for coverage under this Certificate, they may convert to direct pay coverage by following the instructions stated above.

You must choose a Primary Care Physician for each of your family members from the selected Participating IPA/Participating Medical Group. In addition, female members also may choose a Woman's Principal Health Care Provider. A Woman's Principal Health Care Provider may be seen for care without referrals from your Primary Care Physician, however your Primary Care Physician and your Woman's Principal Health Care Provider must be affiliated with or employed by your Participating IPA/Participating Medical Group.

For purposes of this benefit, the current recommendations of the USPSTF regarding breast cancer screening and mammography and prevention will be considered the most current (other than those issued in or around November 2009).

The preventive care services described in items a through d above may change as USPSTF, CDC and HRSA guidelines are modified. E. EMERGENCY SERVICES

Notwithstanding anything in your Certificate to the contrary, for emergency care benefits rendered by Providers who are not part of your HMO's network or otherwise contracted with HMO, the Provider's Charge shall be equal to the greatest of the following amounts:

1. the amount negotiated with Providers for emergency care benefits furnished; or
2. the amount for the emergency care service calculated using the same method the HMO generally uses to determine payments for services but substituting the cost-sharing provisions for the non-Participating Provider cost-sharing provisions; or
3. the amount that would be paid under Medicare for the emergency care service.

Each of these three amounts is calculated excluding any Copayment imposed with respect to the participant.

F. INTERNAL CLAIMS DETERMINATIONS AND APPEALS PROCESS

The following provisions replace any appeals procedures described throughout the **HOW TO FILE A CLAIM** section of your Certificate:

INTERNAL CLAIMS DETERMINATIONS AND APPEALS PROCESS

INITIAL CLAIMS DETERMINATIONS

The Plan will usually pay all Claims within 30 days of receipt of all information required to process a Claim. In the event that the Plan does not process a Claim within this 30-day period, you or the valid assignee shall be entitled to interest at the rate of 9% per year, from the 30th day after the receipt of all Claim information until the date payment is actually made. However, interest payment will not be made if the amount is \$1.00 or less. The Plan will usually notify you, your valid assignee or your authorized representative, when all information required to pay a Claim within 30 days of the Claim's receipt has not been received. (For information regarding assigning benefits, see "Payment of Claims and Assignment of Benefits" provisions in the **OTHER THINGS YOU SHOULD KNOW** section of this Certificate.) If you fail to follow the procedures for filing a pre-service claim (as defined below), you will be notified within 5 days (or within 24 hours in the case of a failure regarding an urgent care/expedited clinical claim [as defined below]). Notification may be oral unless the claimant requests written notification.

If a Claim Is Denied or Not Paid in Full

If the Claim for benefits is denied in whole or in part, you will receive a notice from the Plan with the following time limits:

1. For benefit determinations relating to care that is being received at the same time as the determination, such notice will be provided no later than 24 hours after receipt of your claim for benefits.
2. For benefit determinations relating to urgent care/expedited clinical claim (as defined below), such notice will be provided no later than 24 hours after the receipt of your claim for benefits, unless you fail to provide sufficient information. You will be notified of the missing information and will have no less than 48 hours to provide the information. A benefit determination will be made within 48 hours after the missing information is received.

An “urgent care/expedited clinical claim” is any pre-service claim for benefits for medical care or treatment with respect to which the application of regular time periods for making health claim decisions could seriously jeopardize the life or health of the claimant or the ability of the claimant to regain maximum function or, in the opinion of a Physician with knowledge of the claimant’s medical condition, would subject the claimant to severe pain that cannot be adequately managed without the care or treatment.

3. For non-urgent pre-service claims, within 15 days after receipt of the claim by the Plan. A “pre-service claim” is a non-urgent request for approval that the Plan requires you to obtain before you get medical care, such as Preauthorization or a decision on whether a treatment or procedure is medically necessary.
4. For post-service Claims, within 30 days after receipt of the Claim by the Plan. A “post-service claim” is a Claim as defined in the DEFINITIONS SECTION.

If the claim for benefits is denied in whole or in part, you or your authorized representative shall be notified in writing of the following:

- a. The reasons for denial;
- b. A reference to the benefit plan provisions on which the denial is based;
- c. A description of additional information which may be necessary to perfect an appeal and an explanation of why such material is necessary;
- d. Subject to privacy laws and other restrictions, if any, the identification of the Claim, date of service, health care provider, Claim amount (if applicable), diagnosis, treatment and denial codes with their meanings and the standards used;
- e. An explanation of the Plan’s internal review/appeals and external review processes (and how to initiate a review/appeal or external review) and a statement of your right, if any, to bring a civil action under Section 502(a) of ERISA following a final denial on internal review/appeal;

- f. In certain situations, a statement in non-English language(s) that future notices of Claim denials and certain other benefit information may be available in such non-English language(s);
- g. The right to request, free of charge, reasonable access to and copies of all documents, records and other information relevant to the claim for benefits;
- h. Any internal rule, guideline, protocol or other similar criterion relied on in the determination, and a statement that a copy of such rule, guideline, protocol or other similar criterion will be provided free of charge on request;
- i. INQUIRIES AND COMPLAINTS

An **“Inquiry”** is a general request for information regarding claims, benefits, or membership.

A **“Complaint”** is an expression of dissatisfaction by you either orally or in writing.

The Plan has a team available to assist you with Inquiries and Complaints. Issues may include, but are not limited to, the following:

- Claims
- Quality of care

When your Complaint relates to dissatisfaction with a claim denial (or partial denial), then you have the right to a claim review/appeal as described in the CLAIM APPEAL PROCEDURES.

To pursue an Inquiry or a Complaint, you may contact **Customer Service** at the number on the back of your ID card, or you may write to:

Blue Cross and Blue Shield of Illinois
P. O. Box 805107
Chicago, Illinois 60680-4112

When you contact Customer Service to pursue an Inquiry or Complaint, you will receive a written acknowledgement of your call or correspondence. You will receive a written response to your Inquiry or Complaint within 30 days of

receipt by Customer Service. Sometimes the acknowledgement and the response will be combined. If Blue Cross and Blue Shield needs more information, you will be contacted. If a response to your Inquiry or Complaint will be delayed due to the need for additional information, you will be contacted.

An appeal is an oral or written request for review of an Adverse Benefit Determination (as defined below) or an adverse action by the Plan and its employees.

CLAIM APPEAL PROCEDURES - DEFINITIONS

An appeal of an Adverse Benefit Determination may be filed by you or a person authorized to act on your behalf. In some circumstances, a health care provider may appeal on his/her own behalf. Your designation of a representative must be in writing as it is necessary to protect against disclosure of information about you except to your authorized representative. To obtain an Authorized Representative Form, you or your representative may call the Plan at the number on the back of your ID card.

An **“Adverse Benefit Determination”** means a denial, reduction, or termination of, or a failure to provide or make payment (in whole or in part) for, a benefit, including any such denial, reduction, termination, or failure to provide or make payment for, a benefit resulting from the application of utilization review, as well as a failure to cover an item or service for which benefits are otherwise provided because it is determined to be experimental or investigational or not medically necessary or appropriate. If an ongoing course of treatment had been approved by the Plan and the Plan reduces or terminates such treatment (other than by amendment or termination of the Group’s benefit plan) before the end of the approved treatment period, that is also an Adverse Benefit Determination.

In addition, an Adverse Benefit Determination, also includes an “Adverse Determination.” An **“Adverse Determination”** means a determination by the Plan or its designated utilization review organization that an admission, availability of care, continued stay, or other health care service that is a Covered Service has been reviewed and, based upon the information provided, does not meet the Plan’s requirements for medical necessity, appropriateness, health care setting, level of care, or effectiveness, and the requested service or payment for the service is therefore denied, reduced, or terminated. For purposes of this benefit program, we will refer to both an Adverse Determination and an Adverse Benefit Determination as an Adverse Benefit Determination, unless indicated otherwise.

A **“Final Internal Adverse Benefit Determination”** means an Adverse Benefit Determination that has been upheld by the Plan at the completion of the Plan’s internal review/appeal process.

CLAIM APPEAL PROCEDURES

If you have received an Adverse Benefit Determination, you may have your Claim reviewed on appeal. The Plan will review its decision in accordance with the following procedures. The following review procedures will also be used for the Plan (i) coverage determinations that are related to non-urgent care that you have not yet received if approval by your plan is a condition of your opportunity to maximize your benefits and (ii) coverage determinations that are related to care that you are receiving at the same time as the determination. Claim reviews are commonly referred to as “appeals.”

Within 180 days after you receive notice of an Adverse Benefit Determination, you may call or write to the Plan to request a claim review. The Plan will need to know the reasons why you do not agree with the Adverse Benefit Determination. You may call 1-800-538-8833 or send your request to:

Claim Review Section
Health Care Service Corporation
P.O. Box 805107
Chicago, Illinois 60680-4112

In support of your Claim review, you have the option of presenting evidence and testimony to the Plan, by phone or in person at a location of the Plan’s choice. You and your authorized representative may ask to review your file and any relevant documents and may submit written issues, comments and additional medical information within 180 days after you receive notice of an Adverse Benefit Determination or at any time during the Claim review process.

The Plan will provide you or your authorized representative with any new or additional evidence or rationale and any other information and documents used in the denial or the review of your Claim without regard to whether such information was considered in the initial determination. No deference will be given to the initial Adverse Benefit Determination. Such new or additional evidence or rationale and information will be provided to you or your authorized representative sufficiently in advance of the date a final decision on appeal is made in order to give you a chance to respond. The appeal will be conducted by individuals associated with the Plan and/or by external advisors, but who were not involved in making the initial denial of your Claim. Before you or your authorized representative may bring any action to recover benefits the claimant must exhaust the appeal process and must raise all issues with respect to a claim and must file an appeal or appeals and the appeals must be finally decided by the Plan.

Urgent Care/Expedited Clinical Appeals

If your appeal relates to an urgent care/expedited clinical claim, or health care services, including but not limited to, procedures or treatments ordered by a health care provider, the denial of which could significantly increase the risk to the claimant’s health, then you may be entitled to an appeal on an expedited basis. Before authorization of benefits for an ongoing course of treatment is terminated or reduced, the Plan will provide you with notice and an opportu-

nity to appeal. For the ongoing course of treatment, coverage will continue during the appeal process.

Upon receipt of an urgent care/expedited pre-service or concurrent clinical appeal, the Plan will notify the party filing the appeal, as soon as possible, but no more than 24 hours after submission of the appeal, of all the information needed to review the appeal. Additional information must be submitted within 24 hours of request. The Plan shall render a determination on the appeal within 24 hours after it receives the requested information, but no later than 72 hours after the appeal has been received by the Plan.

Other Appeals

Upon receipt of a non-urgent pre-service or post-service appeal the Plan shall render a determination of the appeal within 3 business days if additional information is needed to review the appeal. Additional information must be submitted within 5 days of the request. The Plan shall render a determination of the appeal within 15 business days after it receives the requested information but in no event more than 30 days after the appeal has been received by the Plan.

If You Need Assistance

If you have any questions about the Claims procedures or the review procedure, write or call the Plan's Headquarters at 1-800-538-8833. The Plan's offices are open from 8:45 A.M. to 4:45 P.M., Monday through Friday.

Blue Cross and Blue Shield of Illinois
P. O. Box 805107
Chicago, IL 60680-4112

If you need assistance with the internal claims and appeals or the external review processes that are described below, you may contact the health insurance consumer assistance office or ombudsman. You may contact the Illinois ombudsman program at 1-877-527-9431, or call the number on the back of your ID card for contact information. In addition, for questions about your appeal rights or for assistance, you can contact the Employee Benefits Security Administration at 1-866-444-EBSA (3272).

Notice of Appeal Determination

The Plan will notify the party filing the appeal, you, and, if a clinical appeal, any health care provider who recommended the services involved in the appeal, orally of its determination followed-up by a written notice of the determination.

The written notice will include:

1. The reasons for the determination;
2. A reference to the benefit plan provisions on which the determination is based, or the contractual, administrative or protocol for the determination;

3. Subject to privacy laws and other restrictions, if any, the identification of the Claim, date of service, health care provider, Claim amount (if applicable), and information about how to obtain diagnosis, treatment and denial codes with their meanings;
4. An explanation of the Plan's external review processes (and how to initiate an external review) and a statement of your right, if any, to bring a civil action under Section 502(a) of ERISA following a final denial on external appeal;
5. In certain situations, a statement in non-English language(s) that future notices of Claim denials and certain other benefit information may be available in such non-English language(s);
6. The right to request, free of charge, reasonable access to and copies of all documents, records and other information relevant to the claim for benefits;
7. Any internal rule, guideline, protocol or other similar criterion relied on in the determination, or a statement that a copy of such rule, guideline, protocol or other similar criterion will be provided free of charge on request;
8. An explanation of the scientific or clinical judgment relied on in the determination, or a statement that such explanation will be provided free of charge upon request; and
9. A description of the standard that was used in denying the claim and a discussion of the decision.

If the Plan's decision is to continue to deny or partially deny your Claim or you do not receive timely decision, you may be able to request an external review of your claim by an independent third party, who will review the denial and issue a final decision. Your external review rights are described in the INDEPENDENT EXTERNAL REVIEW section below.

If an appeal is not resolved to your satisfaction, you may appeal the Plan's decision to the Illinois Department of Insurance. The Illinois Department of Insurance will notify the Plan of the appeal. The Plan will have 21 days to respond to the Illinois Department of Insurance.

The operations of the Plan are regulated by the Illinois Department of Insurance. Filing an appeal does not prevent you from filing a Complaint with the Illinois Department of Insurance or keep the Illinois Department of Insurance from investigating a Complaint.

The Illinois Department of Insurance can be contacted at:

Illinois Department of Insurance
Consumer Division
320 West Washington Street
Springfield, Illinois 62767

You must exercise the right to internal appeal as a precondition to taking any action against the Plan, either at law or in equity. If you have an adverse appeal determination, you may file civil action in a state or federal court.

INDEPENDENT EXTERNAL REVIEW

You or your authorized representative may make a request for a standard external or expedited external review of an Adverse Determination or Final Adverse Determination by an independent review organization (IRO).

An “**Adverse Determination**” means a determination by the Plan or its designated utilization review organization that an admission, availability of care, continued stay, or other health care service that is a Covered Service has been reviewed and, based upon the information provided, does not meet the Plan’s requirements for medical necessity, appropriateness, health care setting, level of care, or effectiveness, and the requested service or payment for the service is therefore denied, reduced, or terminated.

A “**Final Adverse Determination**” means an Adverse Determination involving a Covered Service that has been upheld by the Plan or its designated utilization review organization, at the completion of the Plan’s internal grievance process procedures.

1. Standard External Review

You or your authorized representative must submit a written request for an external independent review within 4 months of receiving an Adverse Determination or Final Adverse Determination. You may submit additional information or documentation to support your request for the health care services.

a. Preliminary Review. Within 5 business days of receipt of your request, the Plan will complete a preliminary review of your request to determine whether:

- You were a covered person at the time health care service was requested or provided;
- The service that is the subject of the Adverse Determination or the Final Adverse Determination is a Covered Service under this benefit program, but the Plan has determined that the health care service does not meet the Plan’s requirements for medical necessity, appropriateness, health care setting, level of care, or effectiveness;
- You have exhausted the Plan’s internal grievance process (in certain urgent cases, you may be eligible for expedited external review even if you have not filed an internal appeal with the Plan, and, you may also be eligible for external review if you filed an internal appeal but have not received a decision from the Plan within 15 days after the Plan received all required information [in no case longer than 30 days after you first file the appeal] or within 48 hours if you have filed a request for an expedited internal appeal); and

- You have provided all the information and forms required to process an external review.

For external reviews relating to a determination based on treatment being experimental or investigational, the Plan will complete a preliminary review to determine whether the requested service or treatment that is the subject of the Adverse Determination or Final Adverse Determination is a Covered Service, except for the Plan's determination that the service or treatment is experimental or investigational for a particular medical condition and is not explicitly listed as an excluded benefit. In addition, the Physician who ordered or provided the services in question has certified that one of the following situations is applicable:

- Standard health care services or treatments have not been effective in improving your condition;
- Standard health care services or treatments are not medically appropriate for you;
- There is no available standard health care services or treatment covered by the Plan that is more beneficial than the recommended or requested service or treatment;
- The health care service or treatment is likely to be more beneficial to you, in the opinion of your health care provider, than any available standard health care services or treatments; or
- That scientifically valid studies using accepted protocols demonstrate that the health care service or treatment requested is likely to be more beneficial to you than any available standard health care services or treatments.

b. Notification. Within 1 business day after completion of the preliminary review, the Plan shall notify you and your authorized representative, if applicable, in writing whether the request is complete and eligible for an external review. If the request is not complete or not eligible for an external review, you shall be notified by the Plan in writing of what materials are required to make the request complete or the reason for its ineligibility. The Plan's determination that the external review request is ineligible for review may be appealed to the Illinois Director of the Department of Insurance ("Director") by filing a complaint with the ("Director"). The ("Director") may determine that a request is eligible for external review and require that it be referred for external review. In making such determination, the Director's decision shall be in accordance with the terms of your benefit program and shall be subject to all applicable laws.

c. Assignment of IRO. If your request is eligible for external review, the Plan shall, within 5 business days (a) assign an IRO from the list of approved IROs; and (b) notify you and your authorized representative, if applicable, of the request's eligibility and acceptance for external review and the name of the IRO.

Upon assignment of an IRO, the Plan or its designated utilization review organization shall, within 5 business days, provide to the assigned IRO the documents and any information considered in making the Adverse Determination or Final Adverse Determination. In addition, you or your authorized representative may, within 5 business days following the date of receipt of the notice of assignment of an IRO, submit in writing to the assigned IRO additional information that the IRO shall consider when conducting the external review. The IRO is not required to, but may, accept and consider additional information submitted after 5 business days. If the Plan or its designated utilization review organization does not provide the documents and information within 5 business days, the IRO may end the external review and make a decision to reverse the Adverse Determination or Final Adverse Determination. A failure by the Plan or designated utilization review organization to provide the documents and information to the IRO within 5 business days shall not delay the conduct of the external review. Within 1 business day after making the decision to end the external review, the IRO shall notify the Plan, you and, if applicable, your authorized representative, of its decision to reverse the determination.

If you or your authorized representative submitted additional information to the IRO, the IRO shall forward the additional information to the Plan within 1 business day of receipt from you or your authorized representative. Upon receipt of such information, the Plan may reconsider the Adverse Determination or Final Adverse Determination. Such reconsideration shall not delay the external review. The Plan may end the external review and make a decision to reverse the Adverse Determination or Final Adverse Determination. Within 1 business day after making the decision to end the external review, the Plan shall notify the IRO, you, and if applicable, your authorized representative of its decision to reverse the determination.

d. IRO's Decision. In addition to the documents and information provided by the Plan and you, or if applicable, your authorized representative, the IRO shall also consider the following information if available and appropriate:

- Your medical records;
- Your health care provider's recommendation;
- Consulting reports from appropriate health care providers and associated records from health care providers;
- The terms of coverage under the benefit program;
- The most appropriate practice guidelines, which shall include applicable evidence-based standards and may include any other practice guidelines developed by the federal government, national or professional medical societies, boards and associations;

- Any applicable clinical review criteria developed and used by the Plan or its designated utilization review organization;
- The opinion of the IRO's clinical reviewer or reviewers after consideration of the items described above, for a denial of coverage based on a determination that the health care service or treatment recommended or requested is experimental or investigational, whether and to what extent (a) the recommended or requested health care service or treatment has been approved by the federal Food and Drug Administration, (b) medical or scientific evidence or evidence-based standards demonstrate that the expected benefits of the recommended or requested health care service or treatment would be substantially increased over those of available standard health care services or treatments, or (c) the terms of coverage under your benefit program to ensure that the health care services or treatment would otherwise be covered under the terms of coverage of your benefit program.

Within 5 days after the date of receipt of the necessary information, the IRO will render its decision to uphold or reverse the Adverse Determination or Final Adverse Determination. The IRO is not bound by any claim determinations reached prior to the submission of information to the IRO. You and your authorized representative, if applicable, will receive written notice from the Plan. Until July 1, 2013, if you disagree with the determination of the IRO, you may appeal the decision of the IRO to the Illinois Department of Insurance at 1-877-527-9431.

The written notice will include:

1. A general description of the reason for the request for external review;
2. The date the IRO received the assignment from the Plan;
3. The time period during which the external review was conducted;
4. References to the evidence or documentation including the evidence-based standards, considered in reaching its decision;
5. The date of its decisions; and
6. The principal reason or reasons for its decision, including what applicable, if any, evidence-based standards that were a basis for its decision.

If the external review was a review of experimental or investigational treatments, the notice shall include the following additional information:

1. A description of your medical condition;
2. A description of the indicators relevant to whether there is sufficient evidence to demonstrate that the recommended or requested health care service or treatment is more likely than

not to be more beneficial to you than any available standard health care services or treatments and the adverse risks of the recommended or requested health care service or treatment would not be substantially increased over those of available standard health care services or treatments;

3. A description and analysis of any medical or scientific evidence considered in reaching the opinion;
4. A description and analysis of any evidence-based standards;
5. Whether the recommended or requested health care service or treatment has been approved by the federal Food and Drug Administration;
6. Whether medical or scientific evidence or evidence-based standards demonstrate that the expected benefits of the recommended or requested health care service or treatment is more likely than not to be more beneficial to you than any available standard health care services or treatments and the adverse risks of the recommended or requested health care service or treatment would not be substantially increased over those of available standard health care services or treatments;
7. The written opinion of the clinical reviewer, including the reviewer's recommendation or requested health care service or treatment that should be covered and the rationale for the reviewer's recommendation.

Upon receipt of a notice of a decision reversing the Adverse Determination or Final Adverse Determination, the Plan shall immediately approve the coverage that was the subject of the determination. Benefits will not be provided for services or supplies not covered under the benefit program even if the IRO determines that the health care services being reviewed were medically appropriate.

2. Expedited External Review

If you have a medical condition where the timeframe for completion of (a) an expedited internal review of a grievance involving an Adverse Determination; (b) a Final Adverse Determination as set forth in the Illinois Managed Care Reform and Patient Rights Act; or, (c) a standard external review as set forth in the Illinois Health Care External Review Act, would seriously jeopardize your life or health or your ability to regain maximum function, then you have the right to have the Adverse Determination or Final Adverse Determination reviewed by an IRO not associated with the Plan. In addition, if a Final Adverse Determination concerns an admission, availability of care, continued stay or health care service for which you received emergency services, but have not been discharged from a facility, then you may request an expedited external review.

You may also request an expedited external review if the treatment or service in question has been denied on the basis that it is considered experimental or investigational and your health care provider certifies in

writing that the treatment or service would be significantly less effective if not started promptly.

Your request for an expedited independent external review may be submitted orally or in writing.

Notification. The Plan shall immediately notify you and your authorized representative, if applicable, in writing whether the expedited request is complete and eligible for an expedited external review. The Plan's determination that the external review request is ineligible for review may be appealed to the Director by filing a complaint with the Director. The Director may determine that a request is eligible for expedited external review and require that it be referred for an expedited external review. In making such determination, the Director's decision shall be in accordance with the terms of the benefit program and shall be subject to all applicable laws.

Assignment of IRO. If your request is eligible for expedited external review, the Plan shall immediately assign an IRO from the list of approved IROs; and notify you and your authorized representative, if applicable, of the request's eligibility and acceptance for external review and the name of the IRO.

Upon assignment of an IRO, the Plan or its designated utilization review organization shall, within 24 hours, provide to the assigned IRO the documents and any information considered in making the Adverse Determination or Final Adverse Determination. In addition, you or your authorized representative may submit additional information in writing to the assigned IRO. If the Plan or its designated utilization review organization does not provide the documents and information within 24 hours, the IRO may end the external review and make a decision to reverse the Adverse Determination or Final Adverse Determination. Within 1 business day after making the decision to end the external review, the IRO shall notify the Plan, you and, if applicable, your authorized representative, of its decision to reverse the determination.

Within 2 business days after the date of receipt of all necessary information, the expedited independent external reviewer will render a decision whether or not to uphold or reverse the Adverse Determination or Final Adverse Determination and you will receive notification from the Plan. Until July 1, 2013, if you disagree with the determination of the external independent reviewer, you may contact the Illinois Department of Insurance.

The assigned IRO is not bound by any decisions or conclusions reached during the Plan's utilization review process or the Plan's internal grievance process. Upon receipt of a notice of a decision reversing the Adverse Determination or Final Adverse Determination, the Plan shall immediately approve the coverage that was the subject of the determination. Benefits will not be provided for services or supplies not covered under the benefit program if the IRO determines that the health care services being appealed were medically appropriate.

Within 48 hours after the date of providing the notice, the assigned IRO shall provide written confirmation of the decision to you, the Plan and, if applicable, your authorized representative, including all the information outlined under the standard process above.

An external review decision is binding on the Plan. An external review decision is binding on you, except to the extent you have other remedies available under applicable federal or state law. You and your authorized representative may not file a subsequent request for external review involving the same Adverse Determination or Final Adverse Determination for which you have already received an external review decision.

Except as amended by this Rider, all terms, conditions, limitations and exclusions of the Certificate to which this Rider is attached will remain in full force and effect.

A Domestic Partner and his or her children who have not attained the limiting age specified in the BENEFIT HIGHLIGHTS section are also eligible dependents. All of the provisions of this Certificate that pertain to a spouse also apply to a Domestic Partner unless specifically noted otherwise.

In addition, enrolled unmarried children will be covered up to the age of 30 if they:

- Live within the Plan's service area; and
- Have served as an active or reserve member of any branch of the Armed Forces of the United States; and
- Have received a release or discharge other than a dishonorable discharge.

Coverage for unmarried children will end on the last day of the period for which premium has been accepted.

If you have Family Coverage, newborn children will be covered from the moment of birth as long as the Plan receives notice of the birth within 31 days of the birth. Your Group Administrator can tell you how to submit the proper notice.

Children who are under your legal guardianship or who are in your custody under an interim court order prior to finalization of adoption or placement of adoption vesting temporary care, whichever comes first, will be covered. In addition, if you have children for whom you are required by court order to provide health care coverage, those children will be covered.

Any children who are incapable of self-sustaining employment and are dependent upon you or other care providers for lifetime care and supervision because of a handicapped condition occurring prior to reaching the limiting age will be covered regardless of age as long as they were covered prior to reaching the limiting age specified in the BENEFIT HIGHLIGHTS section.

This coverage does not include benefits for foster children or grandchildren (unless such children have been legally adopted or are under your legal guardianship).

MEDICARE ELIGIBLE COVERED PERSONS

A series of federal laws collectively referred to as the "Medicare Secondary Payer" (MSP) laws regulate the manner in which certain employers may offer group health care coverage to Medicare eligible employees, spouses, and in some cases, dependent children.

The statutory requirements and rules for MSP coverage vary depending on the basis for Medicare and employer group health plan ("GHP") coverage, as well as certain other factors, including the size of the employers sponsoring the GHP. In general, Medicare pays secondary to the following:

1. GHPs that cover individuals with end-stage renal disease ("ESRD") during the first 30 months of Medicare eligibility or entitlement. This is the case regardless of the number of employees employed by the employer or whether the individual has "current employment status."
2. In the case of individuals age 65 or over, GHPs of employers that employ 20 or more employees if that individual or the individual's spouse (of any age) has "current employment status." If the GHP is a multi-employer or multiple employer plan, which has at least one participating employer that employs 20 or more employees, the MSP

rules apply even with respect to employers of fewer than 20 employees (unless the plan elects the small employer exception under the statute).

3. In the case of disabled individuals under age 65, GHPs of employers that employ 100 or more employees, if the individual or a member of the individual's family has "current employee status." If the GHP is a multi-employer or multiple employer plan, which has at least one participating employer that employs 100 or more employees, the MSP rules apply even with respect to employers of fewer than 100 employees.

Please see your employer or Group Administrator if you have any questions regarding the ESRD Primary Period or any other provisions of the MSP laws and their application to you, your spouse or your dependents.

Your MSP Responsibilities

In order to assist your employer in complying with MSP laws, it is very important that you promptly and accurately complete any requests for information from the Plan and/or your employer regarding the Medicare eligibility of you, your spouse and covered dependent children. In addition, if you, your spouse or covered dependent child becomes eligible for Medicare, or has Medicare eligibility terminated or changed, please contact your employer or your group administrator promptly to ensure that your claims are processed in accordance with applicable MSP laws.

YOUR IDENTIFICATION CARD

You will receive an identification (ID) card from the Plan. Your ID card contains your identification number, the name of the Participating IPA/Participating Medical Group that you have selected and the phone number to call in an emergency. Always carry your ID card with you.

CHANGING FROM INDIVIDUAL TO FAMILY COVERAGE OR ADDING DEPENDENTS TO YOUR FAMILY COVERAGE

You can change from Individual to Family Coverage or add dependents to your Family Coverage because of any of the following events:

- Marriage.
- Birth, adoption or placement for adoption of a child.
- Obtaining legal guardianship of a child.
- The establishment of a Domestic Partnership.
- Becoming party to a Civil Union.
- Loss of eligibility for other health coverage for you or your dependent if:
 - a. The other coverage was in effect when you were first eligible to enroll for this coverage;

- b. The other coverage is not terminating for cause (such as failure to pay premiums or mailing a fraudulent claim); and
- c. Where required, you stated in writing that coverage under another group health plan or other health insurance coverage was the reason for declining enrollment in this coverage.

This includes, but is not limited to, loss of coverage due to:

- a. Legal separation, divorce, dissolution of a Civil Union, cessation of dependent status, death of an employee, termination of employment, or reduction in number of hours of employment;
 - b. In the case of HMO, coverage is no longer provided because an individual no longer resides in the service area or the HMO no longer offers coverage in the HMO service area in which the individual resides;
 - c. Reaching a lifetime limit on all benefits in another group health plan;
 - d. Another group health plan no longer offering any benefits to the class of similarly situated individuals that includes you or your dependent;
 - e. When Medicaid or Children’s Health Insurance Program (CHIP) coverage is terminated as a result of loss eligibility; or
 - f. When you or your dependents become eligible for a premium assistance subsidy under Medicaid or CHIP.
- Termination of employer contributions towards your or your dependent’s other coverage.
 - Exhaustion of COBRA continuation coverage or state continuation coverage.

WHEN COVERAGE BEGINS

Your Family Coverage or the coverage for your additional dependent(s) will be effective from the date of the event if you apply for this change within 31 days of any of the following events:

- Marriage.
- Birth, adoption or placement for adoption of a child.
- Obtaining legal guardianship of a child.
- The establishment of a Domestic Partnership.
- Becoming party to a Civil Union.
- Loss of eligibility for other coverage for you or your dependent, except for loss of coverage due to reaching a lifetime limit on all benefits.
- Termination of employer contributions towards your or your dependent’s other coverage.

- Exhaustion of COBRA continuation or state continuation coverage.

If coverage is lost in another group health plan because a lifetime limit on all benefits is reached under that coverage and you apply for Family Coverage or to add dependents within 31 days after a claim is denied due to reaching the lifetime limit, your Family Coverage or the coverage for your additional dependents will be effective from the date your claim was denied.

Your Family Coverage or the coverage for your additional dependents will be effective from the date of the event if you apply for this change within 60 days of any of the following events:

- Loss of eligibility for you or your dependents when Medicaid or CHIP coverage is terminated as a result of loss of eligibility; or
- You or your dependents become eligible for a premium assistance subsidy under Medicaid or CHIP.

You can get the application form from your Group Administrator. However, an application to add a newborn to Family Coverage is not necessary if an additional premium is not required. Please notify your Group Administrator so that your membership records can be adjusted.

LATE APPLICANTS

If you do not apply for Family Coverage or to add dependents within the allotted time, you will have to wait until your Group's annual open enrollment period to do so. Your Family Coverage or the coverage for your additional dependents will then be effective on the first day of the month following the open enrollment period. Benefits will not be provided for any treatment of an illness or injury to a newborn child unless you have Family Coverage. (Remember, you must add the newborn child within 31 days of the date of birth.)

CHANGING FROM FAMILY TO INDIVIDUAL COVERAGE

You can apply to change from Family to Individual Coverage at any time. Your Group Administrator will give you the application and tell you the date that the change will be effective. Premiums will be adjusted accordingly.

TERMINATION OF COVERAGE

You will no longer be entitled to the health care benefits described in this Certificate when:

- You no longer meet the previously stated description of an Eligible Person; or
- The entire coverage of your Group terminates.

If one of your dependents becomes ineligible, his/her coverage will end as of the date the event occurs which makes him/her ineligible (for example, date of marriage, date of divorce) or a date determined by your Group. Coverage for a dependent child who reaches the limiting age will end as specified above under the heading "Family Coverage."

Your coverage (and the coverage of all of your family members) will be terminated, at the Plan's option, for failure to pay any required premium or charge, or for fraud or material misrepresentation in enrollment or in the use of services or facilities.

Benefits will not be provided for any services or supplies received after the date your coverage terminates under this Certificate unless specifically stated otherwise in the benefit sections of this Certificate or below under the heading Extension of Benefits in Case of Discontinuance of Coverage. However, termination of your coverage will not affect your benefits for any services or supplies that you received prior to your termination date.

Termination of your Group's Policy automatically terminates your coverage under this Certificate. It is your Group's responsibility to inform you of the termination of the Group Policy but your coverage will be terminated regardless of whether or not such notice is given.

Upon termination of your coverage under this Certificate, you will be issued a Certificate of Creditable Coverage. You may request a Certificate of Creditable Coverage within 24 months of termination of your or your dependent's coverage under this Certificate.

Extension of Benefits in Case of Discontinuance of Coverage

If you are Totally Disabled at the time your entire Group terminates, benefits will be provided for (and limited to) the Covered Services described in this Certificate which are related to the disability. Benefits will be provided when no coverage is available under the succeeding carrier's policy whether due to the absence of coverage in the policy or lack of required Creditable Coverage for a preexisting condition. Benefits will be provided for a period of no more than 12 months from the date of termination. These benefits are subject to all of the terms and conditions of this Certificate including, but not limited to, the requirements regarding Primary Care Physician referral. It is your responsibility to notify the Plan, and to provide, when requested by the Plan, written documentation of your disability. This extension of benefits does not apply to the benefits provided in the following Benefit Section(s) of this Certificate:

- Outpatient Prescription Drug Program Benefits

CONTINUATION COVERAGE RIGHTS UNDER COBRA

This CONTINUATION COVERAGE RIGHTS UNDER COBRA provision does not apply to your dependent who is a party to a Civil Union and their children.

NOTE: Certain employers may not be affected by CONTINUATION OF COVERAGE RIGHTS UNDER COBRA. See your employer or Group Administrator should you have any questions about COBRA.

Introduction

You are receiving this notice because you have recently become covered under your employer's group health plan (the Plan). This notice contains important information about your right to COBRA continuation coverage, which is a

temporary extension of coverage under the Plan. **This notice generally explains COBRA continuation coverage, when it may become available to you and your family, and what you need to do to protect the right to receive it.**

The right to COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA continuation coverage can become available to you when you would otherwise lose your group health coverage. It can also become available to other members of your family who are covered under the Plan when they would otherwise lose their group health coverage.

For additional information about your rights and obligations under the Plan and under federal law, you should review the Plan's Summary Plan Description or contact the Plan Administrator.

What Is COBRA Continuation Coverage?

COBRA continuation coverage is a continuation of Plan coverage when coverage would otherwise end because of a life event known as a "qualifying event." Specific qualifying events are listed later in this notice. After a qualifying event, COBRA continuation coverage must be offered to each person who is a "qualified beneficiary." You, your spouse, and your dependent children could become qualified beneficiaries if coverage under the Plan is lost because of the qualifying event. Under the Plan, qualified beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage.

If you are an employee, you will become a qualified beneficiary if you lose your coverage under the Plan because either one of the following qualifying events happens:

- Your hours of employment are reduced; or
- Your employment ends for any reason other than your gross misconduct.

If you are the spouse of an employee, you will become a qualified beneficiary if you lose your coverage under the Plan because any of the following qualifying events happens:

- Your spouse dies;
- Your spouse's hours of employment are reduced;
- Your spouse's employment ends for any reason other than his or her gross misconduct;
- Your spouse becomes enrolled in Medicare benefits (under Part A, Part B, or both); or
- You become divorced or legally separated from your spouse.

Your dependent children will become qualified beneficiaries if they lose coverage under the Plan because any of the following qualifying events happen:

- The parent-employee dies;
- The parent-employee's hours of employment are reduced;

- The parent-employee’s employment ends for any reason other than his or her gross misconduct;
- The parent-employee becomes enrolled in Medicare benefits (under Part A, Part B, or both);
- The parents become divorced or legally separated; or
- The child stops being eligible for coverage under the Plan as a “dependent child.”

If the Plan provides health care coverage to retired employees, the following applies: Sometimes, filing a proceeding in bankruptcy under title 11 of the United States Code can be a qualifying event. If a proceeding in bankruptcy is filed with respect to your employer, and that bankruptcy results in the loss of coverage of any retired employee covered under the Plan, the retired employee will become a qualified beneficiary with respect to the bankruptcy. The retired employee’s spouse, surviving spouse, and dependent children will also become qualified beneficiaries if bankruptcy results in the loss of their coverage under the Plan.

When Is COBRA Coverage Available?

The Plan will offer COBRA continuation coverage to qualified beneficiaries only after the Plan Administrator has been notified that a qualifying event has occurred. When the qualifying event is the end of employment or reduction of hours of employment, death of the employee, in the event of retired employee health coverage, commencement of a proceeding in bankruptcy with respect to the employer, or the employee’s becoming entitled to Medicare benefits (under Part A, Part B, or both), the employer must notify the Plan Administrator of the qualifying event.

You Must Give Notice of Some Qualifying Events

For the other qualifying events (divorce or legal separation of the employee and spouse or a dependent child’s losing eligibility for coverage as a dependent child), you must notify the Plan Administrator within 60 days after the qualifying event occurs. Contact your employer and/or COBRA Administrator for procedures for this notice, including a description of any required information or documentation.

How Is COBRA Coverage Provided?

Once the Plan Administrator receives notice that a qualifying event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. Each qualified beneficiary will have an independent right to elect COBRA continuation coverage. Covered employees may elect COBRA continuation coverage on behalf of their spouses, and parents may elect COBRA continuation coverage on behalf of their children.

COBRA continuation coverage is a temporary continuation of coverage. When the qualifying event is the death of the employee, the employee’s becoming entitled to Medicare benefits (under Part A, Part B, or both), your divorce or legal separation, or a dependent child’s losing eligibility as a dependent child, COBRA continuation coverage lasts for up to 36 months.

When the qualifying event is the end of employment or reduction of the employee's hours of employment, and the employee became entitled to Medicare benefits less than 18 months before the qualifying event, COBRA continuation coverage for qualified beneficiaries other than the employee lasts until 36 months after the date of Medicare entitlement. For example, if a covered employee becomes entitled to Medicare 8 months before the date on which his employment terminates, COBRA continuation coverage for his spouse and children can last up to 36 months after the date of Medicare entitlement, which is equal to 28 months after the date of the qualifying event (36 months minus 8 months). Otherwise, when the qualifying event is the end of employment or reduction of the employee's hours of employment, COBRA continuation coverage generally lasts for only up to a total of 18 months. There are two ways in which this 18-month period of COBRA continuation coverage can be extended.

Disability Extension of 18-Month Period of Continuation Coverage

If you or anyone in your family covered under the Plan is determined by the Social Security Administration to be disabled and you notify the Plan Administrator in a timely fashion, you and your entire family may be entitled to receive up to an additional 11 months of COBRA continuation coverage, for a total maximum of 29 months. The disability would have to have started at some time before the 60th day of COBRA continuation coverage and must last at least until the end of the 18-month period of continuation coverage. Contact your employer and/or the COBRA Administrator for procedures for this notice, including a description of any required information or documentation.

Second Qualifying Event Extension of 18-Month Period of Continuation Coverage

If your family experiences another qualifying event while receiving 18 months of COBRA continuation coverage, the spouse and dependent children in your family can get up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months, if notice of the second qualifying event is properly given to the Plan. This extension may be available to the spouse and dependent children receiving continuation coverage if the employee or former employee dies, becomes entitled to Medicare benefits (under Part A, Part B, or both), or gets divorced or legally separated or if the dependent child stops being eligible under the Plan as a dependent child, but only if the event would have caused the spouse or dependent child to lose coverage under the Plan had the first qualifying event not occurred.

COVERAGE AFTER TERMINATION (Illinois State Laws)

The purpose of this section of your Certificate is to explain the options available for continuing your coverage after termination, as it relates to Illinois state legislation. The provisions which apply to you will depend upon your status at the time of termination. The provisions described in Article A will apply if you are the Eligible Person (as specified in the Group Policy) at the time of termination. The provisions described in Article B will apply if you are the spouse of a retired Eligible Person or the party to a Civil Union with a retired Eligible Person and are at least 55 years of age or the former spouse of an Eligible Person or the former party to a Civil Union with a retired Eligible Person who has died or from whom you have been divorced or from whom your Civil Union has been dissolved. The provisions described in Article C will apply if you are the dependent child of an Eligible Person who has died or if you have reached the limiting age under this Certificate and not eligible to continue coverage as provided under Article B.

Your continued coverage under this Certificate will be provided only as specified below. Therefore, after you have determined which Article applies to you, please read the provisions very carefully.

ARTICLE A: Continuation of coverage if you are the Eligible Person

If an Eligible Person's coverage under this Certificate should terminate because of termination of employment or membership or because of a reduction in hours below the minimum required for eligibility, an Eligible Person will be entitled to continue the Hospital, Physician and Supplemental coverage provided under this Certificate for himself/herself and his/her eligible dependents (if he/she had Family Coverage on the date of termination). However, this continuation of coverage option is subject to the following conditions:

1. Continuation of coverage will be available to you only if you have been continuously insured under the Group Policy (or for similar benefits under any group policy which it replaced) for at least 3 months prior to your termination date or reduction in hours below the minimum required for eligibility.
2. Continuation of coverage will not be available to you if: (a) you are covered by Medicare or (b) you have coverage under any other health care program which provides group hospital, surgical or medical coverage and under which you were not covered immediately prior to such termination or reduction in hours below the minimum required for eligibility, or (c) you decide to become a member of the Plan on a "direct pay" basis.

3. If you decide to become a member of the Plan on a “direct pay” basis, you may not, at a later date, elect the continuation of coverage option under this Certificate. Upon termination of the continuation of coverage period as explained in paragraph 6 below, you may exercise the Conversion Privilege explained in the ELIGIBILITY section of this Certificate.
4. Within 10 days of your termination of employment or membership or reduction in hours below the minimum required for eligibility, your Group will provide you with written notice of this option to continue your coverage. If you decide to continue your coverage, you must notify your Group, in writing, no later than 30 days after your coverage has terminated or reduction in hours below the minimum required for eligibility or 30 days after the date you received notice from your Group of this option to continue coverage. However, in no event will you be entitled to your continuation of coverage option more than 60 days after your termination or reduction in hours below the minimum required for eligibility.
5. If you decide to continue your coverage under this Certificate, you must pay your Group on a monthly basis, in advance, the total charge required by the Plan for your continued coverage, including any portion of the charge previously paid by your Group. Payment of this charge must be made to the Plan (by your Group) on a monthly basis, in advance, for the entire period of your continuation of coverage under this Certificate.
6. Continuation of coverage under this Certificate will end on the date you become eligible for Medicare, become a member of the Plan on a “direct pay” basis or become covered under another health care program (which you did not have on the date of your termination or reduction in hours below the minimum required for eligibility) which provides group hospital, surgical or medical coverage. However, your continuation of coverage under this Certificate will also end on the first to occur of the following:
 - a. Twelve months after the date the Eligible Person’s coverage under this Certificate would have otherwise ended because of termination of employment or membership or reduction in hours below the minimum required for eligibility.
 - b. If you fail to make timely payment of required charges, coverage will terminate at the end of the period for which your charges were paid.
 - c. The date on which the Group Policy is terminated. However, if this Certificate is replaced by similar coverage under another group policy, the Eligible Person will have the right to become covered under the new coverage for the amount of time remaining in the continuation of coverage period.

ARTICLE B: Continuation of Coverage if you are the former spouse of an Eligible Person or spouse of a retired Eligible Person

If the coverage of the spouse of an Eligible Person should terminate because of the death of the Eligible Person, a divorce from the Eligible Person, dissolution of a Civil Union from the Eligible Person, or the retirement of an Eligible Person, the former spouse or retired Eligible Person’s spouse if at least 55 years of age,

will be entitled to continue the coverage provided under this Certificate for himself/herself and his/her eligible dependents (if Family Coverage is in effect at the time of termination). However, this continuation of coverage option is subject to the following conditions:

1. Continuation will be available to you as the former spouse of an Eligible Person or spouse of a retired Eligible Person only if you provide the employer of the Eligible Person with written notice of the dissolution of marriage or Civil Union, the death or retirement of the Eligible Person within 30 days of such event.
2. Within 15 days of receipt of such notice, the employer of the Eligible Person will give written notice to the Plan of the dissolution of your marriage or Civil Union to the Eligible Person, the death of the Eligible Person or the retirement of the Eligible Person as well as notice of your address. Such notice will include the Group number and the Eligible Person's identification number under this Certificate. Within 30 days of receipt of notice from the employer of the Eligible Person, the Plan will advise you at your residence, by certified mail, return receipt requested, that your coverage and your covered dependents under this Certificate may be continued. The Plan's notice to you will include the following:
 - a. a form for election to continue coverage under this Certificate.
 - b. notice of the amount of monthly charges to be paid by you for such continuation of coverage and the method and place of payment.
 - c. instructions for returning the election form within 30 days after the date it is received from the Plan.
3. In the event you fail to provide written notice to the Plan within the 30 days specified above, benefits will terminate for you on the date coverage would normally terminate for a former spouse or spouse of a retired Eligible Person under this Certificate as a result of the dissolution of marriage or Civil Union, the death or the retirement of the Eligible Person. Your right to continuation of coverage will then be forfeited.
4. If the Plan fails to notify you as specified above, all charges shall be waived from the date such notice was required until the date such notice is sent and benefits shall continue under the terms of this Certificate from the date such notice is sent, except where the benefits in existence at the time of the Plan's notice was to be sent are terminated as to all Eligible Persons under this Certificate.
5. If you have not reached age 55 at the time your continued coverage begins, the monthly charge will be computed as follows:
 - a. an amount, if any, that would be charged to you if you were an Eligible Person, with Individual or Family Coverage, as the case may be, plus
 - b. an amount, if any, that the employer would contribute toward the charge if you were the Eligible Person under this Certificate.

Failure to pay the initial monthly charge within 30 days after receipt of notice from the Plan as required in this Article will terminate your continuation benefits and the right to continuation of coverage.

6. If you have reached age 55 at the time your continued coverage begins, the monthly charge will be computed for the first 2 years as described above. Beginning with the third year of continued coverage, an additional charge, not to exceed 20% of the total amounts specified in (5) above will be charged for the costs of administration.

7. Termination of Continuation of Coverage:

If you have not reached age 55 at the time your continued coverage begins, your continuation of coverage shall end on the first to occur of the following:

- a. if you fail to make any payment of charges when due (including any grace period specified in the Group Policy).
- b. on the date coverage would otherwise terminate under this Certificate if you were still married to or in a Civil Union with the Eligible Person; however, your coverage shall not be modified or terminated during the first 120 consecutive days following the Eligible Person's death or entry of judgment dissolving the marriage or Civil Union existing between you and the Eligible Person, except in the event this entire Certificate is modified or terminated.
- c. the date on which you remarry or enter another Civil Union.
- d. the date on which you become an insured employee under any other group health plan.
- e. the expiration of 2 years from the date your continued coverage under this Certificate began.

8. If you have reached age 55 at the time your continued coverage begins, your continuation of coverage shall end on the first to occur of the following:

- a. if you fail to make any payment of charges when due (including any grace period specified in the Group Policy).
- b. on the date coverage would otherwise terminate, except due to the retirement of the Eligible Person under this Certificate if you were still married to or in a Civil Union with the Eligible Person; however, your coverage shall not be modified or terminated during the first 120 consecutive days following the Eligible Person's death, retirement or entry of judgment dissolving the marriage or Civil Union existing between you and the Eligible Person, except in the event this entire Certificate is modified or terminated.
- c. the date on which you remarry or enter another Civil Union.
- d. the date on which you become an insured employee under any other group health plan.

- e. the date upon which you reach the qualifying age or otherwise establish eligibility under Medicare.
9. If you exercise the right to continuation of coverage under this Certificate, you shall not be required to pay charges greater than those applicable to any other Eligible Person covered under this Certificate, except as specifically stated in these provisions.
10. Upon termination of your continuation of coverage, you may exercise the privilege to become a member of the Plan on a “direct pay” basis as specified in the Conversion Privilege of the ELIGIBILITY section of this Certificate.
11. If this entire Certificate is cancelled and another insurance company contracts to provide group health insurance at the time your continuation of coverage is in effect, the new insurer must offer continuation of coverage to you under the same terms and conditions described in this Certificate.

ARTICLE C: Continuation of Coverage if you are the dependent child of an Eligible Person

If the coverage of a dependent child should terminate because of the death of the Eligible Person and the dependent child is not eligible to continue coverage under ARTICLE B or the dependent child has reached the limiting age under this Certificate, the dependent child will be entitled to continue the coverage provided under this Certificate for himself/herself. However, this continuation of coverage option is subject to the following conditions:

1. Continuation will be available to you as the dependent child of an Eligible Person only if you, or a responsible adult acting on your behalf as the dependent child, provide the employer of the Eligible Person with written notice of the death of the Eligible Person within 30 days of the date the coverage terminates.
2. If continuation of coverage is desired because you have reached the limiting age under this Certificate, you must provide the employer of the Eligible Person with written notice of the attainment of the limiting age within 30 days of the date the coverage terminates.
3. Within 15 days of receipt of such notice, the employer of the Eligible Person will give written notice to the Plan of the death of the Eligible Person or of the dependent child reaching the limiting age, as well as notice of the dependent child’s address. Such notice will include the Group number and the Eligible Person’s identification number under this Certificate. Within 30 days of receipt of notice from the employer of the Eligible Person, the Plan will advise you at your residence, by certified mail, return receipt requested, that your coverage under this Certificate may be continued. The Plan’s notice to you will include the following:
 - a. a form for election to continue coverage under this Certificate.
 - b. notice of the amount of monthly charges to be paid by you for such continuation of coverage and the method and place of payment.

- c. instructions for returning the election form within 30 days after the date it is received from the Plan.
4. In the event you, or the responsible adult acting on your behalf as the dependent child, fail to provide written notice to the Plan within the 30 days specified above, benefits will terminate for you on the date coverage would normally terminate for a dependent child of an Eligible Person under this Certificate as a result of the death of the Eligible Person or the dependent child attaining the limiting age. Your right to continuation of coverage will then be forfeited.
5. If the Plan fails to notify you as specified above, all charges shall be waived from the date such notice was required until the date such notice is sent and benefits shall continue under the terms of this Certificate from the date such notice is sent, except where the benefits in existence at the time of the Plan's notice was to be sent are terminated as to all Eligible Persons under this Certificate.
6. The monthly charge will be computed as follows:
 - a. an amount, if any, that would be charged to you if you were an Eligible Person, plus
 - b. an amount, if any, that the employer would contribute toward the charge if you were the Eligible Person under this Certificate.

Failure to pay the initial monthly charge within 30 days after receipt of notice from the Plan as required in this Article will terminate your continuation benefits and the right to continuation of coverage.

7. Continuation of Coverage shall end on the first to occur of the following:
 - a. if you fail to make any payment of charges when due (including any grace period specified in the Group Policy).
 - b. on the date coverage would otherwise terminate under this Certificate if you were still an eligible dependent child of the Eligible Person.
 - c. the date on which you become an insured employee, after the date of election, under any other group health plan.
 - d. the expiration of 2 years from the date your continued coverage under this Certificate began.
8. If you exercise the right to continuation of coverage under this Certificate, you shall not be required to pay charges greater than those applicable to any other Eligible Person covered under this Certificate, except as specifically stated in these provisions.
9. Upon termination of your continuation of coverage, you may exercise the privilege to become a member of the Plan on a "direct pay" basis as specified in the Conversion Privilege of the ELIGIBILITY section of this Certificate.
10. If this entire Certificate is cancelled and another insurance company contracts to provide group health insurance at the time your continuation of

coverage is in effect, the new insurer must offer continuation of coverage to you under the same terms and conditions described in this Certificate.

Other options that may be available for continuation of coverage are explained in the Continuation of Coverage sections of this Certificate.

CONTINUATION OF COVERAGE FOR PARTIES TO A CIVIL UNION

The purpose of this provision of your Certificate is to explain the options available for temporarily continuing your coverage after termination if you are covered under this Certificate as the party to a Civil Union with an Eligible Person or as the dependent child of a party to a Civil Union. Your continued coverage under this Certificate will be provided only as specified below. Please read the provisions very carefully.

Continuation of Coverage

If you are a dependent who is a party to a Civil Union or their child and you lose coverage under this Certificate, the options available to a spouse or to a dependent child are described in the CONTINUATION OF COVERAGE AFTER TERMINATION (Illinois State Laws) provision of this Certificate.

In addition to the events listed in the CONTINUATION OF COVERAGE AFTER TERMINATION (Illinois State Laws) provision, if applicable, continuation of coverage is available to you and your dependent children in the event you lose coverage because your Civil Union partnership with the Eligible Person terminates. Your Civil Union will terminate if your partnership no longer meets the criteria described in the definition of “Civil Union” in the DEFINITIONS section of this Certificate. You are entitled to continue coverage for the same period of time as a spouse or child who loses coverage due to divorce.

Upon termination of your continuation coverage, you may exercise the privilege to become a member of Blue Cross and Blue Shield on a “direct pay” basis as specified in the CONVERSION PRIVILEGE provision below.

CONTINUATION OF COVERAGE FOR DOMESTIC PARTNERS

The purpose of this provision of your Certificate is to explain the options available for temporarily continuing your coverage after termination, if you are covered under this Certificate as the Domestic Partner of an Eligible Person or as the dependent child of a Domestic Partner. Your continued coverage under this Certificate will be provided only as specified below. Please read the provisions very carefully.

Continuation of Coverage

If you are the Domestic Partner or the dependent child of a Domestic Partner and you lose coverage under this Certificate, you have the same options as the spouse or dependent child of an Eligible Person to continue your coverage. The options available to a spouse or to a dependent child are described in the CONTINUATION COVERAGE RIGHTS UNDER COBRA provision and the CONTINUATION OF COVERAGE AFTER TERMINATION (Illinois State Laws) provision, if applicable to your Group.

NOTE: Certain employers may not be required to offer COBRA continuation coverage. See your Group Administrator if you have any questions about COBRA.

In addition to the events listed in the CONTINUATION COVERAGE RIGHTS UNDER COBRA provision and the CONTINUATION OF COVERAGE AFTER TERMINATION (Illinois State Laws) provision, if applicable, continuation of coverage is available to you and your dependent children in the event you lose coverage because your Domestic Partnership with the Eligible Person terminates. Your Domestic Partnership will terminate if your partnership no longer meets the criteria described in the definition of “Domestic Partnership” in the DEFINITIONS section of this Certificate. You are entitled to continue coverage for the same period of time as a spouse or child who loses coverage due to divorce.

Upon termination of your continuation coverage, you may exercise the privilege to become a member of Blue Cross and Blue Shield on a “direct pay” basis as specified in the CONVERSION PRIVILEGE provision below.

CONVERSION

In addition to the option of continuing your Group coverage after termination, you have the option of converting your Group coverage to direct-payment coverage. This option, conversion privilege, is explained below.

If you choose to convert your Group coverage to direct-payment coverage, you may not, at a later date, select the continuation of group coverage option. However, the conversion privilege will be available when the continuation of coverage period ends.

CONVERSION PRIVILEGE

If, at the time that your coverage under this Certificate is terminated, you have been covered for at least three months, either as an Eligible Person or a dependent of an Eligible Person, you may convert your coverage to the coverage that the Plan has available for persons who are no longer members of a group.

In order to convert your coverage you should:

- Contact the Plan to get an application.
- Send the application to the Plan within 31 days of the date that your coverage is terminated.

Having done so, you will then be covered by the Plan on an individual “direct-payment” basis. Your converted coverage will be effective from the date that your Group coverage terminates as long as you pay the required premiums when due.

The converted coverage may require copayments and/or deductibles that are different from those of this Certificate. The converted coverage will provide, at minimum, benefits for basic health care services as defined in the HMO Act.

The Plan is not required to offer conversion coverage to you if you no longer live within the service area of a Participating IPA or Participating Medical Group. However, if you have similar benefits under a group arrangement that does not cover pre-existing conditions, and you have a pre-existing condition, you can

continue conversion coverage until your pre-existing condition is covered under that group arrangement.

Conversion coverage is not available when your Group terminates its coverage under this Certificate and replaces it with other coverage or when your coverage has been terminated for: failure to pay a required premium or charge; fraud or material misrepresentation in enrollment or in the use of services or facilities.

YOUR PRIMARY CARE PHYSICIAN

YOUR PRIMARY CARE PHYSICIAN OR WOMAN'S PRINCIPAL HEALTH CARE PROVIDER IS AN INDEPENDENT CONTRACTOR, NOT AN EMPLOYEE OR AGENT OF YOUR BLUE CROSS HMO. YOUR PRIMARY CARE PHYSICIAN OR WOMAN'S PRINCIPAL HEALTH CARE PROVIDER RENDERS AND COORDINATES YOUR MEDICAL CARE. YOUR BLUE CROSS HMO IS YOUR BENEFIT PROGRAM, NOT YOUR HEALTH CARE PROVIDER.

At the time that you applied for this coverage, you selected a Participating Individual Practice Association (IPA) and a Primary Care Physician or a Participating Medical Group. If you enrolled in Family Coverage, then members of your family may select a different Participating IPA/Participating Medical Group. You must choose a Primary Care Physician for each of your family members from the selected Participating IPA/Participating Medical Group. In addition, female members also may choose a Woman's Principal Health Care Provider. A Woman's Principal Health Care Provider may be seen for care without referrals from your Primary Care Physician, however your Primary Care Physician and your Woman's Principal Health Care Provider must have a referral arrangement with one another. Contact your Participating IPA/Participating Medical Group, your Primary Care Physician or Woman's Principal Health Care Provider or the Plan for a list of Providers with whom your Primary Care Physician and/or your Woman's Principal Health Care Provider has a referral arrangement.

Your Primary Care Physician and/or your Woman's Principal Health Care Provider is affiliated with or employed by your Participating IPA or Participating Medical Group. Your Primary Care Physician is responsible for coordinating all of your health care needs. In the case of female members, your health care needs may be coordinated by your Primary Care Physician and/or your Woman's Principal Health Care Provider.

TO BE ELIGIBLE FOR THE BENEFITS OF THIS CERTIFICATE, THE SERVICES THAT YOU RECEIVE MUST BE PROVIDED BY OR ORDERED BY YOUR PRIMARY CARE PHYSICIAN OR WOMAN'S PRINCIPAL HEALTH CARE PROVIDER.

To receive benefits for treatment from another Physician or Provider, you must be referred to that Provider by your Primary Care Physician or Woman's Principal Health Care Provider. That referral must be in writing and must specifically state the services that are to be rendered. Benefits will be limited to those specifically stated services.

If you have an illness or injury that needs ongoing treatment from another Physician or Provider, you may apply for a Standing Referral to that Physician or Provider from your Primary Care Physician or Woman's Principal Health Care Provider. Your Primary Care Physician or Woman's Principal Health Care Provider may authorize the Standing Referral which shall be effective for the period necessary to provide the referred services or up to a period of one year.

The only time that you can receive benefits for services not ordered by your Primary Care Physician or Woman's Principal Health Care Provider is when you are

receiving either emergency care, Chemical Dependency Treatment, treatment for Mental Illness other than Serious Mental Illness or routine vision examinations. These benefits are explained in detail in the EMERGENCY CARE BENEFITS, CHEMICAL DEPENDENCY TREATMENT BENEFITS, HOSPITAL BENEFITS sections and, for routine vision examinations or Mental Illness other than Serious Mental Illness, in the PHYSICIAN BENEFITS section of this Certificate. It is important that you understand the provisions of those sections.

PLEASE NOTE, BENEFITS WILL NOT BE PROVIDED FOR SERVICES OR SUPPLIES THAT ARE NOT LISTED AS COVERED SERVICES IN THIS CERTIFICATE, EVEN IF THEY HAVE BEEN ORDERED BY YOUR PRIMARY CARE PHYSICIAN OR WOMAN'S PRINCIPAL HEALTH CARE PROVIDER.

Changing Your Primary Care Physician or Woman's Principal Health Care Provider

You may change your choice of Primary Care Physician or Woman's Principal Health Care Provider to one of the other Physicians in your Participating IPA or Participating Medical Group by notifying your Participating IPA/Participating Medical Group of your desire to change. Contact your Participating IPA/Participating Medical Group, your Primary Care Physician or Woman's Principal Health Care Provider or the Plan to obtain a list of providers with whom your Primary Care Physician and/or Woman's Principal Health Care Provider have a referral arrangement.

Changing Your Participating IPA/Participating Medical Group

You may change from your Participating IPA/Participating Medical Group to another Participating IPA/Participating Medical Group by calling the Plan at 1-800-892-2803.

The change will be effective the first day of the month following your call. However, if you are an Inpatient or in the third trimester of pregnancy at the time of your request, the change will not be effective until you are no longer an Inpatient or until your pregnancy is completed.

When necessary, Participating IPAs/Participating Medical Groups have the right to request the removal of members from their enrollment. Their request cannot be based upon the type, amount or cost of services required by any member. If the Plan determines that the Participating IPA/Participating Medical Group has sufficient cause and approves such a request, such members will be offered enrollment in another Participating IPA or Participating Medical Group or enrollment in any other health care coverage then being provided by their Group, subject to the terms and conditions of such other coverage. The change will be effective no later than the first day of the month following 45 days from the date the request is received.

Selecting a Different Participating IPA/Participating Medical Group for Your Newborn

You may select a Participating IPA/Participating Medical Group for your newborn child. Your newborn will remain with the mother's Participating IPA/Participating Medical Group/Woman's Principal Health Care Provider, if one has been selected, from the date of birth to the end of the month in which he/she is discharged from the Hospital. Your newborn may be added to the selected Participating IPA/Participating Medical Group on the first day of the month following discharge from the Hospital.

Transition of Care Benefits

If you are a new HMO enrollee and you are receiving care for a condition that requires an Ongoing Course of Treatment or if you have entered into the second or third trimester of pregnancy, and your Physician does not belong to the Plan's network, but is within the Plan's service area, you may request the option of transition of care benefits. You must submit a written request to the Plan for transition of care benefits within 15 business days of your eligibility effective date.

If you are a current HMO enrollee and you are receiving care for a condition that requires an Ongoing Course of Treatment or if you have entered into the second or third trimester of pregnancy and your Primary Care Physician or Woman's Principal Health Care Provider leaves the Plan's network, you may request the option of transition of care benefits. You must submit a written request to the Plan for transition of care benefits within 30 business days after receiving notification of your Primary Care Physician or Woman's Principal Health Care Provider's termination.

The Plan may authorize transition of care benefits for a period up to 90 days. Authorization of benefits is dependent on the Physician's agreement to contractual requirements and submission of a detailed treatment plan.

A written notice of the Plan's determination will be sent to you within 15 business days of receipt of your request.

AWAY FROM HOME CARE® BENEFITS

The Plan is a participant in a nation-wide network of Blue Cross and Blue Shield-affiliated plans. This enables the Plan to provide you with Guest Membership benefits when you are outside the service-area of the Plan.

GUEST MEMBERSHIP

If you will be living outside of the Home Plan's service area for more than 90 days, but will maintain a permanent residence within the Plan's service area, the Home Plan will establish a Guest Membership for you with a Host Plan serving the area in which you will be staying.

Under this arrangement, the Plan is referred to as the "**Home Plan**". The Blue Cross and Blue Shield plan in the area in which you are temporarily residing is called the "**Host Plan**".

This would apply for members who are:

1. On an extended work assignment in another state for a period of 90 days to six months;
2. Long-term travelers who will be out of the Home Plan's service area for 90 days to six months;
3. Eligible children at school out-of-state for periods of 90 days to one year; or
4. Eligible dependents living away from the employee's household in another state for periods of 90 days to one year.

Guest memberships for eligible children who are at school out-of-state or for eligible dependents who live in another state may be renewed at the end of the period.

You will select a Primary Care Physician in your Guest Membership's area, just as you have within your home area. This Primary Care Physician will be responsible for coordinating all of your health care needs.

You may contact your Employer or Group Administrator to initiate the establishment of a Guest Membership, or you may call Member Services directly at 1-800-892-2803.

Benefits for Guest Membership

Each Host Plan establishes its own Guest Membership benefits. Consequently, your Guest Membership Copayment may differ from your Home Plan Copayments. However, all Basic Services will be covered. The Host Plan will provide you with an explanation of your benefits and Copayments.

ABOUT YOUR BENEFITS

Formulary Drug List

Formulary drugs are selected by the Plan based upon the recommendations of a committee, which is made up of current and previously practicing Physicians and pharmacists from across the country, some of whom are employed by or affiliated with the Plan. The committee considers drugs regulated by the FDA for inclusion on the *Formulary Drug List*. As part of the process, the committee reviews data from clinical studies, published literature and opinions from experts who are not part of the committee. Some of the factors committee members evaluate include each drug's safety, effectiveness, cost and how it compares with drugs currently on the formulary.

The committee considers drugs that are newly approved by the FDA, as well as those that have been on the market for some time. Entire drug classes are also regularly reviewed. Changes to this list can be made from time to time.

The *Formulary Drug List* and any modifications will be made available to you. The Plan may offer multiple formularies. By accessing the Web site at www.bcbsil.com or calling the Customer Service toll-free number on your identification card, you will be able to determine the *Formulary Drug List* that applies to you and whether a particular drug is on the *Formulary Drug List*. Drugs that do not appear on the *Formulary Drug List* are subject to the Non-Formulary Brand Name Drug payment level plus any pricing differences that may apply to the Covered Drug you receive.

PRIOR AUTHORIZATION/STEP THERAPY REQUIREMENT

When certain medications and drug classes, such as medications used to treat rheumatoid arthritis, growth hormone deficiency, hepatitis C, and more serious forms of anemia, hypertension, asthma, epilepsy and psoriasis are prescribed, you will be required to obtain authorization from the Plan in order to receive benefits. Medications included in this program are subject to change and other medications for other conditions may be added to the program. Although you may currently be on therapy, your Claim may need to be reviewed to see if the criteria for coverage of further treatment has been met. A documented treatment with a generic or brand therapeutic alternative medication may be required for continued coverage of the brand name medication.

The Plan's prescription drug administrator will send a questionnaire to your Physician upon your or your Pharmacy's request. The questionnaire must be returned to the prescription drug administrator who will review the questionnaire and determine whether the reason for the prescription meets the criteria for medically necessary care. You and your Physician will be notified of the prescription drug administrator's determination. If you do not obtain prior authorization, you will

then be responsible for the first \$1,000 or 50% of the Eligible Charge, whichever is less, when you obtain Covered Drugs through a retail Pharmacy or \$1,000 or 50% of the Eligible Charge, whichever is less, when you obtain Covered Drugs through a mail order Pharmacy.

To find out more about prior authorization/step therapy requirements or to determine which drugs or drug classes require prior authorization or step therapy, you should contact your Pharmacy or refer to the *Formulary Drug List* by accessing the Web site at www.bcbsil.com or call the Customer Service toll-free number on your identification card.

Dispensing Limits

If a Prescription Order is written for a certain quantity of medication to be taken in a time period directed by your Physician, Dentist, Optometrist or Podiatrist, coverage will only be provided for a clinically appropriate pre-determined maximum quantity of medication for the specified amount of time. Dispensing limits are based upon FDA dosing recommendations and nationally recognized clinical guidelines.

The maximum quantity of a given prescription drug means the number of units to be dispensed and is determined based on pertinent medical information and clinical efficacy and safety. Quantities of some drugs are restricted regardless of the quantity ordered by your Physician, Dentist, Optometrist or Podiatrist. To determine if a specific drug is subject to this limitation, you can refer to the *Formulary Drug List* by accessing the Web site at www.bcbsil.com or call the Customer Service toll-free number on your identification card.

If you require a Prescription Order in excess of the dispensing limit established by the Plan, ask your Physician, Dentist, Optometrist or Podiatrist to submit a request for clinical review on your behalf. The request will be approved or denied after evaluation of the submitted clinical information. The Plan has the right to determine dispensing limits and they may change from time to time. Payment for benefits covered under this benefit section may be denied if drugs are dispensed or delivered in a manner intended to change, or having the effect of changing or circumventing, the stated maximum quantity limitation.

Day Supply

The Plan has the right to determine the day supply. Payment for benefits covered under this benefit section may be denied if drugs are dispensed or delivered in a manner intended to change, or having the effect of changing or circumventing, the stated maximum day supply limitation. Specialty Drugs are limited to a 30 day supply.

COVERED SERVICES

1. Has been approved by the FDA for at least one indication; and

2. Is recognized by substantially accepted peer-reviewed medical literature for treatment of the indication for which the drug is prescribed.

As new drugs are approved by the FDA, such drugs, unless the intended use is specifically excluded in this benefit section, are eligible for benefits. Some equivalent drugs are manufactured under multiple brand names. In such cases, the Plan may limit benefits to only one of the brand equivalents available.

A separate Copayment Amount will apply to each fill of a medication having a unique strength, dosage, or dosage form.

Injectable Drugs

Benefits are available for medically necessary injectable drugs which are self-administered that require a written prescription by federal law, and as determined by the Plan.

Your Copayment Amount will not apply to orally administered cancer medications.

In addition to the benefits described in this benefit section, your coverage includes benefits for Maintenance Drugs and diabetic supplies obtained through the 90-Day Supply Prescription Drug Program. For information about this program, contact your employer or group administrator.

Some drugs may not be available through the 90-Day Supply Prescription Drug Program. 34-Day Supply Prescription Drug Program

Benefit payment for the 34-day supply prescription drug program

The benefits you receive and the amount you pay for drugs will differ depending upon the type of drugs, or diabetic supplies or insulin and insulin syringes you purchase and whether or not the drug is purchased from a Participating Pharmacy.

When you purchase drugs from a Participating Prescription Drug Provider, you will not be charged any amount other than the specified Copayment amount. The Copayment amounts are shown in the Benefit Highlights section of this Certificate. You will be charged the Copayment amount for each prescription. There is no charge to you for diabetic supplies.

One prescription means up to a 34 consecutive day supply for most medications. Certain drugs may be limited to less than a 34 consecutive day supply. However, for certain maintenance type drugs, larger quantities may be obtained through the 90-day supply prescription drug program. Specific information on these maintenance drugs can be obtained from a Prescription Drug Provider participating in the 90-day supply prescription drug program or the Plan. Benefits for prescription inhalants will not be restricted on the number of days before an inhaler refill may be obtained.

No benefits will be provided when you purchase drugs or diabetic supplies from a Non-Participating Prescription Drug Provider (other than a Participating Prescription Drug Provider) in Illinois. However, if the Non-Participating Prescription Drug Provider is located outside of Illinois, then benefits for drugs purchased for emergency conditions will be provided at 100% of the amount that would have been paid had you purchased such drugs from a Participating Prescription Drug Provider, minus the Copayment amount.

90-Day Supply Prescription Drug Program

Benefit payment for the 90-day supply prescription drug program

In addition to the benefits described in this Benefit Section, your coverage includes benefits for maintenance type drugs and diabetic supplies purchased from a Participating Prescription Drug Provider (which may include retail or mail order pharmacies) participating in the 90-day supply prescription drug program. You will not be charged any amount other than the Copayment amount, specified in the Benefit Highlights section of this Certificate. The Copayment amounts are shown in the Benefit Highlights section of this Certificate.

Benefits will not be provided for 90-day supply drugs or diabetic supplies purchased from a Prescription Drug Provider not participating in the 90-day supply program.

You can obtain an order form for the 90-day supply prescription drug program from your Group or from the Plan.

PRE-ADMISSION CERTIFICATION AND CONCURRENT REVIEW

Pre-Admission Certification and Concurrent Review are two programs that have been established to ensure that you receive the most appropriate and cost effective health care.

PRE-ADMISSION CERTIFICATION

Pre-Admission Certification applies when you need to be admitted to a Hospital as an Inpatient in other than an emergency situation. Prior to your admission, your Primary Care Physician or Woman's Principal Health Care Provider must obtain approval of your admission from the Participating IPA/Participating Medical Group with which he/she is affiliated or employed. The Participating IPA/Participating Medical Group may recommend other courses of treatment that could help you avoid an Inpatient stay. It is your responsibility to cooperate with any recommendations made by the Participating IPA/Participating Medical Group.

CONCURRENT REVIEW

Once you have been admitted to a Hospital as an Inpatient, your length of stay will be reviewed by the Participating IPA/Participating Medical Group. The purpose of that review is to ensure that your length of stay is appropriate given your diagnosis and the treatment that you are receiving. This is known as Concurrent Review.

If your Hospital stay is longer than the usual length of stay for your type of condition, the Participating IPA/Participating Medical Group will contact your Primary Care Physician or Woman's Principal Health Care Provider to determine whether there is a medically necessary reason for you to remain in the Hospital. Should it be determined that your continued stay in the Hospital is not medically necessary, you will be informed of that decision, in writing, and of the date that your benefits for that stay will end.

EXCLUSIONS — WHAT IS NOT COVERED

Expenses for the following are not covered under your benefit program:

COORDINATION OF BENEFITS

Coordination of Benefits (COB) applies to this Benefit Program when you or your covered dependent has health care coverage under more than one Benefit Program. COB does not apply to the Outpatient Prescription Drug Program Benefits.

The order of benefit determination rules should be looked at first. Those rules determine whether the benefits of this Benefit Program are determined before or after those of another Benefit Program. The benefits of this Benefit Program:

1. Shall not be reduced when, under the order of benefit determination rules, this Benefit Program determines its benefits before another Benefit Program; but
2. May be reduced when, under the order of benefits determination rules, another Benefit Program determines its benefits first. This reduction is described below in “When this Benefit Program is a Secondary Program.”

In addition to the Definitions Section of this Certificate, the following definitions apply to this section:

ALLOWABLE EXPENSE.....means a Covered Service, when the Covered Service is covered at least in part by one or more Benefit Program covering the person for whom the claim is made.

The difference between the cost of a private Hospital room and the cost of a semi-private Hospital room is not considered an Allowable Expense under the above definition unless your stay in a private Hospital room is Medically Necessary either in terms of generally accepted medical practice, or as specifically defined in the Benefit Program.

When a Benefit Program provides benefits in the form of services, the reasonable cash value of each service rendered will be considered both an Allowable Expense and a benefit paid.

BENEFIT PROGRAM.....means any of these which provides benefits or services for, or because of, medical or dental care or treatment:

- (i) Group insurance or group-type coverage, whether insured or uninsured. This includes prepayment, group practice or individual practice coverage.
- (ii) Coverage under a governmental plan, or coverage required or provided by law. This does not include a state plan under Medicaid (Title XIX of the Social Security Act).

Each contract or other arrangement under (i) or (ii) above is a separate benefit program. Also, if an arrangement has two parts and COB rules apply only to one of the two, each of the parts is a separate program.

CLAIM DETERMINATION PERIOD.....means a calendar year. However, it does not include any part of a year during which a person has no coverage under this Benefit Program, or any part of a year before the date this COB provision or a similar provision takes effect.

PRIMARY PROGRAM or **SECONDARY PROGRAM**.....means the order of payment responsibility as determined by the order of benefit determination rules.

When this Benefit Program is the Primary Program, its benefits are determined before those of the other Benefit Program and without considering the other program's benefits.

When this Benefit Program is a Secondary Program, its benefits are determined after those of the other Benefit Program and may be reduced because of the other program's benefits.

When there are more than two Benefit Programs covering the person, this Benefit Program may be a Primary Program as to one or more other programs, and may be a Secondary Program as to a different program or programs.

ORDER OF BENEFIT DETERMINATION

When there is a basis for a Claim under this Benefit Program and another Benefit Program, this Benefit Program is a Secondary Program which has its benefits determined after those of the other program, unless:

1. The other Benefit Program has rules coordinating its benefits with those of this Benefit Program; and
2. Both those rules and this Benefit Program's rules, described below, require that this Benefit Program's benefits be determined before those of the other Benefit Program.

This Benefit Program determines its order of benefit payments using the first of the following rules which applies:

1. Non-Dependent or Dependent

The benefits of the Benefit Program which covers the person as an employee, member or subscriber (that is, other than a dependent) are determined before those of the Benefit Program which covers the person as dependent; except that, if the person is also a Medicare beneficiary, Medicare is:

- a. Secondary to the Benefit Program covering the person as a dependent; and
- b. Primary to the Benefit Program covering the person as other than a dependent, for example a retired employee.

2. Dependent Child if Parents not Separated or Divorced

Except as stated in rule 3 below, when this Benefit Program and another Benefit Program cover the same child as a dependent of different persons, called "parents:"

- a. The benefits of the program of the parent whose birthday (month and day) falls earlier in a calendar year are determined before those of the program of the parent whose birthday falls later in that year; but

- b. If both parents have the same birthday, the benefits of the program which covered the parents longer are determined before those of the program which covered the other parent for a shorter period of time.

However, if the other Benefit Program does not have this birthday-type rule, but instead has a rule based upon gender of the parent, and if, as a result, the Benefit Programs do not agree on the order of benefits, the rule in the other Benefit Program will determine the order of benefits.

3. Dependent Child if Parents Separated or Divorced

If two or more Benefit Programs cover a person as a dependent child of divorced or separate parents, benefits for the child are determined in this order:

- a. First, the program of the parent with custody of the child;
- b. Then, the program of the spouse of the parent with the custody of the child; and
- c. Finally, the program of the parent not having custody of the child.

However, if the specific terms of a court decree state that one of the parents is responsible for the health care expenses of the child, and the entity obligated to pay or provide the benefits of the program of that parent has actual knowledge of those terms, the benefits of that program are determined first. The program of the other parent shall be the Secondary Program. This paragraph does not apply with respect to any Claim Determination Period or Benefit Program year during which any benefits are actually paid or provided before the entity has that actual knowledge. It is the obligation of the person claiming benefits to notify the Plan and, upon its request, to provide a copy of the court decree.

4. Dependent Child if Parents Share Joint Custody

If the specific terms of a court decree state that the parents shall share joint custody, without stating that one of the parents is responsible for the health care expenses of the child, the Benefit Programs covering the child shall follow the order of benefit determination rules outlined in 2 above.

5. Active or Inactive Employee

The benefits of a Benefit Program which covers a person as an employee who is neither laid off nor retired (or as that employee's dependent) are determined before those of a Benefit Program which covered that person as a laid off or retired employee (or as that employee's dependent). If the other Benefit Program does not have this rule, and if, as a result, the Benefit Programs do not agree on the order of benefits, this rule is ignored.

6. Continuation Coverage

If a person whose coverage is provided under a right of continuation pursuant to federal or state law also is covered under another Benefit Program, the following shall be the order of benefit determination:

- a. First, the benefits of a Benefit Program covering the person as an employee, member or subscriber (or as that person's dependent);
- b. Second, the benefits under the continuation coverage.

If the other Benefit Program does not contain the order of benefits determination described within this rule, and if, as a result, the programs do not agree on the order of benefits, this requirement shall be ignored.

7. Length of Coverage

If none of the above rules determines the order of benefits, the benefits of the Benefit Program which covered an employee, member or subscriber longer are determined before those of the Benefit Program which covered that person for the shorter term.

WHEN THIS BENEFIT PROGRAM IS A SECONDARY PROGRAM

In the event this Benefit Program is a Secondary Program as to one or more other Benefit Programs, the benefits of this Benefit Program may be reduced.

The benefits of this Benefit Program will be reduced when the sum of:

1. The benefits that would be payable for the Allowable Expenses under this Benefit Program in the absence of this COB provision; and
2. The benefits that would be payable for the Allowable Expenses under the other Benefit Programs, in the absence of provisions with a purpose like that of this COB provision, whether or not a claim is made;

Exceeds those Allowable Expenses in a Claim Determination Period. In that case, the benefits of this Benefit Program will be reduced so that they and the benefits payable under the other Benefit Programs do not total more than those Allowable Expenses.

When the benefits of this Benefit Program are reduced as described above, each benefit is reduced in proportion. It is then charged against any applicable benefit limit of this Benefit Program.

RIGHT TO RECEIVE AND RELEASE NEEDED INFORMATION

Certain facts are needed to apply these COB rules. The Plan has the right to decide which facts it needs. It may get needed facts from or give them to any other organization or person. The Plan need not tell, or get the consent of, any person to do this. Each person claiming benefits under this Benefit Program must give the Plan any facts it needs to pay the Claim.

FACILITY OF PAYMENT

A payment made under another Benefit Program may include an amount which should have been paid under this Benefit Program. If it does, the Plan may pay

that amount to the organization which made that payment. That amount will then be treated as though it were a benefit paid under this Benefit Program. The Plan will not have to pay that amount again. The term “payment made” includes providing benefits in the form of services, in which case “payment made” means reasonable cash value of the benefits provided in the form of services.

RIGHT OF RECOVERY

If the amount of payments made by the Plan is more than it should have paid under this COB provision, it may recover the excess from one or more of:

1. The persons it has paid or for whom it has paid;
2. Insurance companies; or
3. Other organizations.

The “amount of payments made” includes the reasonable cash value of any benefits provided in the form of services.

REDUCTION IN BENEFITS

The amount by which your benefits under this Benefit Program have been reduced is called your “savings.” Savings can be used to pay for services that are not covered under this Benefit Program provided that the services are covered under another Benefit Program and were not completely paid for under that Benefit Program. Savings can only be used to pay for services rendered in the same calendar year in which the Claim that earned the savings is actually processed.

In order to have Claims paid from your savings, a Claim for such payment, including a statement of savings earned, must be submitted to the Plan no later than March 31st of the calendar year immediately following the calendar year in which the savings were earned.

HOW TO FILE A CLAIM

When you receive care from your Primary Care Physician or from another Provider who is affiliated with your Participating IPA/Participating Medical Group, or from your Woman's Principal Health Care Provider, a Claim for benefits does not have to be filed with the Plan. All you have to do is show your Plan ID card to your Provider. However, to receive benefits for care from another Physician or Provider, you must be referred to that Provider by your Primary Care Physician or Woman's Principal Health Care Provider.

When you receive care from Providers outside of your Participating IPA/Participating Medical Group (i.e. emergency care, medical supplies), usually all you have to do to receive your benefits under this Certificate is to, again, show your Plan ID card to the Provider. Any Claim filing required will be done by the Provider.

There may be situations when you have to file a Claim yourself (for example, if a Provider will not file one for you). To do so, send the following to the Plan:

1. an itemized bill from the Hospital, Physician or other Provider (including the Provider's name and address, the patient's name, the diagnosis, the date of service, a description of the service and the Claim Charge);
2. the Eligible Person's name and Plan ID number;
3. the patient's name, age and sex;
4. any additional relevant information.

Mail all of that information to:

**Blue Cross and Blue Shield
300 East Randolph Street
Chicago, Illinois 60601-5099**

In any case, it is your responsibility to make sure that the necessary Claim information has been provided to the Plan. Claims must be filed no later than December 31st of the calendar year following the year in which the Covered Service was rendered. For the purposes of this filing time limit, Covered Services rendered in December will be considered to have been rendered in the next calendar year.

If you have any questions about a Claim, call **Member Services at 1-800-892-2803**.

FILING OUTPATIENT PRESCRIPTION DRUG PROGRAM CLAIMS

In certain situations, you will have to file your own Claims in order to obtain benefits under the Outpatient Prescription Drug Program. This is primarily true when you did not receive an identification card, the pharmacy was unable to transmit a claim or you received benefits from a non-Participating Prescription Drug Provider. To do so, follow these instructions:

1. Complete an Outpatient Prescription Drug Program Claim Form. These forms are available from your Employee Benefits Department or from the Plan.
2. Attach copies of all pharmacy receipts to be considered for benefits. These receipts must be itemized.
3. Mail the completed Claim Form with attachments to:

Blue Cross and Blue Shield of Illinois
P. O. Box 64812
St. Paul, MN 55164-0812

In any case, Claims must be filed no later than one year after the date a service is received. Claims not filed within one year from the date a service is received, will not be eligible for payment.

CLAIM PROCEDURES

The Plan will pay all Claims within 30 days of receipt of all information required to process a Claim. In the event that the Plan does not process a Claim within this 30-day period, you or the valid assignee shall be entitled to interest at the rate of 9% per year, from the 30th day after the receipt of all Claim information until the date payment is actually made. However, interest payment will not be made if the amount is \$1.00 or less. The Plan will notify you or the valid assignee when all information required to pay a Claim within 30 days of the Claim's receipt has not been received. (For information regarding assigning benefits, see "Payment of Claims and Assignment of Benefits" provision in the OTHER THINGS YOU SHOULD KNOW section of this Certificate.)

If the Claim is denied in whole or in part, you will receive a notice from the Plan with: (1) the reasons for denial; (2) a reference to the health care plan provisions on which the denial is based; (3) a description of additional information which may be necessary to perfect the appeal, and (4) an explanation of how you may have the Claim reviewed by the Plan if you do not agree with the denial.

CLAIM REVIEW PROCEDURES

If your Claim has been denied in whole or in part, you may have your Claim reviewed. The Plan will review its decision in accordance with the following procedure.

Within 180 days after you receive notice of a denial or partial denial, write or telephone the Plan. You will need to submit the reason why you do not agree with the denial or partial denial, comments and any additional medical information. Send your request to or contact:

Claim Review Section
Blue Cross and Blue Shield of Illinois
P. O. Box 805107

You may also designate a representative to act for you during the review process. Your designation of a representative must be in writing as it is necessary to protect against disclosure of information about you except to your authorized representative.

The Plan will give you a written decision within 60 days after it receives your request for review. Upon completion of the review, you and your authorized representative may ask to see relevant documents used during the review process.

If you have any questions about the Claims procedures or the review process, write or call the Plan between the hours of 8:45 A.M. to 4:45 P.M., Monday through Friday.

When you contact Member Services, you will receive a written acknowledgement of your call or correspondence. You will receive a written response to your case within 30 days of receipt by Member Services. If the Plan needs more information, you will be contacted. If a decision will be delayed due to the need for additional information, you will be contacted.

APPEALS

If you submit an inquiry or complaint and it is not resolved to your satisfaction, you may appeal the decision.

An appeal is an oral or written request for a review of an adverse decision or action by the Plan, its employees, or the Participating Medical Group/IPA. An appeal may be filed by you, a person designated to act on your behalf, your Pri-

mary Care Physician or Woman's Principal Health Care Provider or any health care provider.

No person reviewing the appeal may have been involved in the initial determination that is the subject of the appeal.

If an appeal is not resolved to your satisfaction, you may appeal the Plan's decision to the Illinois Department of Insurance. The Department of Insurance will notify the Plan of the appeal. The Plan will have 21 days to respond to the Department of Insurance.

URGENT/EXPEDITED CLINICAL APPEALS

Upon receipt of an Urgent/Expedited pre-service or concurrent Clinical Appeal, the Plan will notify the party filing the appeal, MG/IPA or Primary Care Physician (PCP) as soon as possible, but no more than 24 hours after submission of the appeal, of all the information needed to review the appeal. Additional information must be submitted within 24 hours of request. The Plan shall render a determination on the appeal within 24 hours after it receives the requested information.

CLINICAL APPEALS

Upon receipt of a non-urgent pre-service or post-service Clinical Appeal, the Plan will notify the party filing the appeal within three business days if additional information is needed to review the appeal. Additional information must be submitted within five calendar days of request. The Plan shall render a determination on the appeal within 15 business days after it receives the requested information.

NOTIFICATION

The Plan will notify the party filing the appeal, you, your Primary Care Physician or Woman's Principal Health Care Provider, and any health care provider who recommended the services involved in the appeal orally of its determination followed-up by a written notice of the determination.

The written notification will include:

- A clear and detailed reason for the determination.
- Medical or clinical criteria used in the determination.
- Procedures for requesting an external independent review, if your appeal is denied. An external independent reviewer shall be a clinical peer, have no direct financial interest in connection with the review and will not know your identity.

EXPEDITED EXTERNAL INDEPENDENT REVIEW

An expedited external independent review can be requested when a delay would significantly increase the risk to your health or when extended health care services, ordered by a health care provider for an Ongoing Course of Treatment, are at issue.

The external independent reviewer shall make a determination and provide notice of the determination within 24 hours of receiving all necessary information needed to review the case.

EXTERNAL INDEPENDENT REVIEW

You must submit a written request for a review within 30 days of receiving a denial of a Clinical Appeal. Any information or documentation to support your request for the health care services must be included.

Within 30 days of receipt of your request, the Plan will:

- select an external independent reviewer that is acceptable to you, your Primary Care Physician or Woman's Principal Health Care Provider, or other health care provider; and
- forward to the external independent reviewer all medical records and supporting documentation, a description of the issues including a statement of the Plan's decision, the criteria used and the medical and clinical reasons for the decision.

Within 5 days after receipt of the necessary information, the external independent reviewer will render a decision based on whether or not the health care services being appealed were medically appropriate and you will receive notification from the Plan. The decision of the external independent reviewer is final. If you disagree with the determination of the external independent reviewer, you may contact the Illinois Department of Insurance.

Benefits will not be provided for services or supplies not covered under your Certificate even if the external independent reviewer determines that the health care services being appealed were medically appropriate.

NON-CLINICAL APPEALS

Upon receipt of a pre-service or post-service Non-Clinical Appeal, the Plan will notify the party filing the appeal within three business days if additional information is needed to review the appeal. Additional information must be submitted within five calendar days of request. The Plan shall render a decision on the appeal within 15 business days after it receives the requested information.

NOTIFICATION

The Plan will notify you and the party filing the Non-Clinical Appeal orally of its determination, followed-up by a written notice of determination.

The written notification will include:

- A clear and detailed reason for the determination.
- Contractual, administrative or protocol for the determination.

Filing an appeal does not prevent you from filing a complaint with the Illinois Department of Insurance or keep the Department of Insurance from investigating a complaint. The Department of Insurance can be contacted at the following addresses:

OTHER THINGS YOU SHOULD KNOW

REIMBURSEMENT PROVISION

If you or one of your covered dependents incur expenses for sickness or injury that occurred due to the negligence of a third party and benefits have been provided for Covered Services described in this Policy, you agree:

- a. the Plan has the right to reimbursement for all benefits the Plan provided from any and all damages collected from the third party for those same expenses, whether by action at law, settlement, or compromise, by you or your legal representative as a result of that sickness or injury:
 - (i) in the case of health care facilities and certain contracted Providers, the calculation of any lien shall be based on the amount the Plan charges the group's experience for Covered Services rendered to you; and
 - (ii) in the case of Providers other than health care facilities, the calculation of any lien shall be based on the Plan's benefit payment for Covered Services rendered to you.
- b. the Plan is assigned the right to recover from the third party, or his or her insurer, to the extent of the benefits the Plan provided for that sickness or injury. The Plan shall have the right to first reimbursement out of all funds you, your covered dependents or your legal representative, are or were able to obtain for the same expenses the Plan has provided as a result of that sickness or injury.

For the purposes of this provision, the cost of benefits provided will be the charges that would have been billed if you had not been enrolled under this benefit program.

You are required to furnish any information or assistance and to provide any documents that the Plan may request in order to obtain its rights under this provision.

PLAN'S SEPARATE FINANCIAL ARRANGEMENTS WITH PROVIDERS

The Plan has contracts with certain Providers and other suppliers of goods and services for the provision of and/or payment for health care goods and services to all persons entitled to health care benefits under individual and group policies or contracts to which the Plan is a party, including all persons covered under your Group's Policy.

Under certain circumstances described in its contracts with such Providers and suppliers, the Plan may:

- receive substantial payments from Providers or suppliers with respect to goods, supplies and services furnished to all such persons for which the Plan was obligated to pay the Provider or supplier, or
- pay Providers or suppliers substantially less than their Claim Charges for goods or services, by discount or otherwise, or

- receive from Providers or suppliers other substantial allowances under the Plan’s contracts with them.

Your Group understands that the Plan may receive such payments, discounts, and/or other allowances during the term of the Policy.

Neither you nor your Group are entitled to receive any portion of any such payments, discounts, and/or other allowances. Any Copayments and/or deductibles payable by you are pre-determined fixed amounts, based upon the selected benefit plan, which are not impacted by any discounts or contractual allowances which the Plan may receive from a Provider.

OTHER BLUE CROSS AND BLUE SHIELD PLANS’ SEPARATE FINANCIAL ARRANGEMENTS WITH PROVIDERS

BlueCard

The Plan hereby informs you that other Blue Cross and Blue Shield Plans outside of Illinois (“Host Blue”) may have contracts similar to the contracts described above with certain Providers (“Host Blue Providers”) in their service area.

Under BlueCard, when you receive health care services outside of Illinois and from a Provider which does not have a contract with the Plan, the amount you pay, if not covered by a flat dollar Copayment, for Covered Services is calculated on the lower of:

- The billed charges for your Covered Services, or
- The negotiated price that the Host Blue passes on to the Plan.

Often, this “negotiated price” will consist of a simple discount which reflects the actual price paid by the Host Blue. Sometimes, however, it is an estimated price that factors into the actual price increases or reductions to reflect aggregate payment from expected settlements, withholds, any other contingent payment arrangements and non-claims transactions with your health care provider or with a specified group of providers. The negotiated price may also be billed charges reduced to reflect an average expected savings with your health care provider or with a specified group of providers. The price that reflects average savings may result in greater variation (more or less) from the actual price paid than will the estimated price. The negotiated price will also be adjusted in the future to correct for over- or underestimation of past prices. However, the amount you pay is considered a final price.

Statutes in a small number of states may require the Host Blue to use a basis for calculating your liability for Covered Services that does not reflect the entire savings realized, or expected to be realized, on a particular claim or to add a surcharge. Should any state statutes mandate your liability calculation methods that differ from the usual BlueCard method noted above in paragraph one of this provision or require a surcharge, the Plan would then calculate your liability for any covered health care services in accordance with the applicable state statute in effect at the time you received your care.

PLAN'S SEPARATE FINANCIAL ARRANGEMENTS REGARDING PRESCRIPTION DRUGS

Plan's Separate Financial Arrangements with Prescription Drug Providers

The Plan hereby informs you that it has contracts, either directly or indirectly, with prescription drug providers ("Participating Prescription Drug Providers") to provide prescription drug services to all persons entitled to prescription drug benefits under health policies and contracts to which the Plan is a party, including all persons covered under this Certificate. Under its contracts with Participating Prescription Drug Providers, the Plan may receive from these providers discounts for prescription drugs dispensed to you. Neither the Group nor you are entitled to receive any portion of any such payments, discounts and/or other allowances.

Plan's Separate Financial Arrangements with Pharmacy Benefit Managers

The Plan owns a significant portion of the equity of Prime Therapeutics LLC and informs you that the Plan has entered into one or more agreements with Prime Therapeutics LLC or other entities (collectively referred to as "Pharmacy Benefit Managers") to provide, on the Plan's behalf, Claim Payments and certain administrative services for your prescription drug benefits. Pharmacy Benefit Managers have agreements with pharmaceutical manufacturers to receive rebates for using their products. The Pharmacy Benefit Manager may share a portion of those rebates with the Plan. Neither the Group nor you are entitled to receive any portion of such rebates as they are figured into the pricing of the product.

PAYMENT OF CLAIMS AND ASSIGNMENT OF BENEFITS

All benefit payments may be made by the Plan directly to any Provider furnishing the Covered Services for which such payment is due, and the Plan is authorized by you to make such payments directly to such Providers. However, the Plan reserves the right to pay any benefits that are payable under the terms of this Certificate directly to you.

You will not receive any notices regarding Covered Services received from your Primary Care Physician (or other Providers who are part of your Participating IPA/Participating Medical Group) because Claims do not have to be filed for those services.

Once Covered Services are rendered by a Provider, you have no right to request that the Plan not pay the Claim submitted by such Provider and no such request will be given effect. In addition, the Plan will have no liability to you or any other person because of its rejection of such request.

Neither this Certificate nor a covered person's Claim for payment of benefits under this Certificate is assignable in whole or in part to any person or entity at any time. Coverage under this Certificate is expressly non-assignable and non-transferable and will be forfeited if you attempt to assign or transfer coverage or aid or attempt to aid any other person in fraudulently obtaining coverage.

COVERED SERVICES EXPENSE LIMITATION

If, during any contract year, you have paid Copayments and/or deductibles for Covered Services under this Certificate the total amount of which equals \$1,500

per enrollee or \$3,000 per family, your benefits for any additional Covered Services that you may receive during that contract year, including any Copayment or deductible amounts, will be reimbursed by the Plan.

In the event your physician or the hospital requires you to pay any additional Copayments or deductible amounts after you have met the above provision, upon receipt of properly authenticated documentation, the Plan will reimburse to you, the amount of those Copayments and/or deductibles.

Copayments and deductibles required under this Certificate are not to exceed 50% of the usual and customary fee for any single service.

The above Covered Services expense provisions are not applicable to the benefits described in the following sections of this Certificate: Supplemental Benefits; Outpatient Prescription Drug Program Benefits.

YOUR PROVIDER RELATIONSHIPS

The choice of a Hospital, Participating IPA, Participating Medical Group, Primary Care Physician or any other Provider is solely your choice and the Plan will not interfere with your relationship with any Provider.

The Plan does not itself undertake to provide health care services, but solely to arrange for the provision of health care services and to make payments to Providers for the Covered Services received by you. The Plan is not in any event liable for any act or omission of any Provider or the agent or employee of such Provider, including, but not limited to, the failure or refusal to render services to you. Professional services which can only be legally performed by a Provider are not provided by the Plan. Any contractual relationship between a Physician and a Hospital or other Provider should not be construed to mean that the Plan is providing professional service.

Each Provider provides Covered Services only to Covered Persons and does not deal with or provide any services to any Group (other than as an individual Covered Person) or any Group's ERISA Health Benefit Program.

FAILURE OF YOUR PARTICIPATING IPA OR PARTICIPATING MEDICAL GROUP TO PERFORM UNDER ITS CONTRACT

Should your Participating IPA or Participating Medical Group fail to perform under the terms of its contract with the Plan, as determined by the Plan, or fail to renew such contract, the benefits of this Certificate will be provided for you for Covered Services received from other Providers limited to Covered Services received during a thirty day period beginning on the date of the Participating IPA's/Participating Medical Group's failure to perform or failure to renew its contract with the Plan. During this thirty day period, you will have the choice of transferring your enrollment to another Participating IPA or Participating Medical Group or of transferring your coverage to any other health care coverage then being offered by your Group to its members. Your transferred enrollment or coverage will be effective thirty-one days from the date your Participating IPA or Participating Medical Group failed to perform or failed to renew its contract with the Plan.
