Regarding the RFP for:

INSURANCE BROKERAGE AND CONSULTING SERVICES

Specification Number: 1230710

Attached to this Addendum # 3 by reference (see “Addendum # 3 Questions and Answers”) is part 1 of the “answers to questions”.

Whereas there were a total of 85 questions initially submitted by the March 11, 2022 questions due date, this Addendum # 3 provides a response to all 85 questions, of which:

- Five of the 85 questions (#s: 2, 12, 13, 40, and 60 highlighted in yellow) shall be addressed at a later date (as part 2) in a separate Addendum. Part 2 shall be provided on a date yet to be determined but which such date shall be a date before the new Proposal Due Date (also yet to be determined);
- Thirteen of the 85 questions (#s: 1, 3, 4, 20, 39, 41, 49, 50, 51, 58, 64, and 66 highlighted in orange) shall be addressed/provided after Proposals have been evaluated and after the Contract has been awarded to the applicable Contractor.

Further, after the five answers in part 2 have been posted, a new Proposal Due Date shall be provided. Therefore, the original Table 1 – RFP Timeline (page 4 of 34 of the RFP) shall be revised and shall be included via an Addendum.
