2020 Scope of Services

SECTION B – PROGRAM GOALS AND CORE ELEMENTS

Introduction

DFSS Homeless Division Goals

The DFSS Homeless Services Division seeks to create an effective crisis response system that prevents homelessness whenever possible and rapidly returns people who experience homelessness to stable housing.

Program Goals

The goal of the Permanent Housing with Short Term Supports program (PHwSTS) is to enable individuals or families who are homeless to regain self-sufficiency and sustain permanent housing. This goal is achieved by providing short-term rental assistance and supportive services that will ultimately enable participants to assume their lease by the time of program completion. By providing a safe and affordable place to live, PHwSTS helps break the cycle of housing instability and provides a platform for participants to increase their income and employment, improve their health, and build or re-establish social and community connections.

Target Population

The target population for the PHwSTS program is households that are homeless or at imminent risk of homelessness, but are likely to be able to “get back on their feet” and regain self-sufficiency with short-term assistance. In this way, the PHwSTS program addresses a specific sub-population within the broader suite of supportive housing interventions. The Chicago CoC’s Coordinated Entry System will identify appropriate participants based on vulnerability assessment and refer them to PHwSTS providers.

Core Elements

- Offer rent subsidies (intended to be time limited to 24 months).
- Provide coordination between property management and/or landlord and service provider.
- Conduct client assessment of housing and service needs.
- Provide direct provision of or linkage to a range of needed services including medical care, mental health care, substance use disorder treatment, employment training and placement, legal assistance, parenting support, etc.
- Provide linkage to intensive community-based case management services, which may scale down over time as the household becomes more independent.
- Offer benefits acquisition (e.g. assessment, application, and follow up).
- Provide delivery of or linkage to child focused assessment and appropriate services.
- Arrange for appropriate referrals for children ages 5 and under to early childhood education programs, such as Head Start, Early Head Start, public preschools, childcare subsidies, and home visiting services.
- Provide 24-hour on-call services and on-site supervision.
- Offer assurance that all children ages 0 to 5 receive appropriate development screenings (either directly or through referral), and that all children ages 5 and up are enrolled in school.
- Housing placement if desired or expected by client.
- Offer assistance in accessing housing relocation resources and supports (e.g. security deposits, utilities, furnishings, etc.).
- Must have relevant staff systems and processes needed to collect key participant and

performance data. Must evaluate and manage performance including the use of HMIS as appropriate.

SECTION C – PERFORMANCE MEASUREMENT

Overview

DFSS is committed to moving beyond measuring how many people receive services, to focus on whether Chicagoans are better off after receiving services. As part of this outcome-oriented approach, DFSS has implemented a Strategic Framework that guides how the department measures, reports on, and reviews its priorities and outcome goals, and uses them to drive contracting, decision-making and greater collaboration.

The DFSS Homeless Services Division seeks to actively and regularly collaborate with delegate agencies to enhance contract management, improve results, and adjust program delivery and policy based on learning what works.

DFSS is committed to using performance outcomes to help improve services in collaboration with delegate agencies. As part of DFSS' commitment to become more outcomes-oriented, the DFSS Homeless Services Division seeks to actively and regularly collaborate with delegate agencies to enhance contract management, improve results, and adjust program delivery and policy based on learning what works.

Performance Indicators

To track progress toward achieving our goals outlined in Section B and assess success of the program, DFSS will monitor a set of performance indicators that may include, but are not limited to:

- 85% of participants assume the apartment lease or maintain other independent, stable housing within 2 years.
- 85% of participants without a source of reportable income at program entry will obtain cash benefits.
- 85% of participants without a source of reportable income at program entry will obtain non-cash benefits.
- 85% of participants without a source of reportable income at program entry will obtain employment.
- 85% of participants maintain/increase benefits, employment, or a combination of both.
- 50% of households served will move into housing within 30 days of Coordinated Entry System (CES) referral to agency.
- The remaining 50% of households served will move into housing within 60 days of CES referral to agency.

The DFSS Homeless Services Division will work with the delegate community to further develop this measurement framework to ensure appropriate metrics are tracked for specific programs and sub-populations. DFSS is especially interested in monitoring trends in performance over time, with the goal of continuous improvement against these metrics.

DFSS will also continue to seek alignment with the Chicago Continuum of Care Program Models Chart to improve consistency with performance measurement across DFSS and Continuum of Care funded programs. Depending on funding stream, outcomes in addition to the program models targets will be included for some program types. DFSS reserves the right to revise scopes of service when further guidance is issued on system-wide performance standards.

DEPARTMENT OF FAMILY AND SUPPORT SERVICES - HOMELESS SERVICES 2020 Scope of Services

Data Reporting

The parties recognize that reliable and relevant data is necessary to create a common understanding of performance trends, ensure compliance, evaluate program results and performance, and drive program improvements and policy decisions.

To the extent possible, DFSS will collect performance data from the **Homeless Management Information System (HMIS)**. Programs, with the exception of Domestic Violence programs, are expected to participate in the HMIS system. (Domestic Violence programs must use a compatible system.) Requirements include:

- Enter data into HMIS within 2 days of client interaction, and adhere to required data standards based on project type as outlined in the HMIS Data Standards Manual and as prescribed by the HMIS Lead Agency.
- Participate and be compliant in the HMIS Quarterly Data Assessment clean-up process.

Where HMIS data is insufficient, DFSS reserves the right to request/collect other key data and metrics from delegate agencies, including client-level demographic, performance, and service data. Requested data shall include, but may not be limited to, aggregate and individual-level information on:

- Clients referred for services, enrolled in services, and discharged from services
- Activities undertaken by the delegate agency to service clients referred for services, and the timeliness of those activities
- Findings of assessments completed by the delegate agency in the course of delivering services
- Client outcomes during and following service delivery
- Utilization and spending against contract award

Delegate agencies will be expected to collect and share data with DFSS according to the format, frequency, and submission protocol specified by DFSS. Delegate agencies agree to make reasonable efforts to collect additional data related to performance as requested by DFSS.

Meetings

Regular reviews of and conversations around program performance, program results and program data, particularly related to the goals outlined in this agreement, will allow DFSS and the delegate agencies to employ real-time information to track performance, identify good practice, and swiftly, collaboratively, and effectively address any challenges experienced on the ground by delegate agencies and the target population.

At such meetings, the parties will review data and reports to:

- a) Monitor progress, highlight accomplishments, and identify concerns
- b) Collaboratively design and implement operational changes to continuously improve processes and outcomes
- c) Develop strategies on broader systems changes to improve service delivery and coordination between services

Periodic meetings may take place according to a schedule to be established by DFSS, with reasonable notice provided for delegates.

Meetings shall include, at least, the DFSS Division Director, or designee, and the delegate agency's

chief executive officer, or designee. Each party may be represented by additional representatives as such party deems appropriate. DFSS may request the attendance of additional parties as it deems appropriate. Representatives from delegate agencies will attend all meetings as requested by the Department. Meetings may take place individually or jointly with other delegate agencies.

Uses of Data

DFSS reserves the right to use data related to delegate agency performance, including but not limited to data submitted by the delegate agency, for the following:

- a) In the periodic meetings described above to review program performance and develop strategies to improve program quality throughout the term of the contract.
- b) To guide DFSS program development, evaluate programs, inform policies, and inform contract decisions such as payment rates, contract extensions or renewals, and evaluation of proposals by the delegate agency in response to any future solicitations by DFSS for goods or services.
- c) Any other purposes identified by DFSS.

SECTION D – REQUIREMENTS

Program Requirements

Programs must adhere to the standards set forth in the **HEARTH Act**, see <https://www.hudexchange.info/homelessness-assistance/hearth-act/>. Agencies are responsible for learning about any revisions or updates to the legislation throughout the course of the contract and revising policies and procedures as necessary.

Programs must adhere to the Core Values and Core Elements of homeless services programming, as defined by the Chicago **Continuum of Care** in the **Program Models Chart**, as well as the Essential Elements for the appropriate program model, see https://allchicago.org/sites/allchicago.org/files/2014_PMC_Updated_February_2017.pdf. Agencies are responsible for awareness and adherence to the most recent version of the Program Models Chart.

Programs must participate in the **Coordinated Entry System (CES)** and follow CES Policies and Procedures as detailed for the appropriate program model, see <https://www.csh.org/chicagoces/>.

Additional and Priority DFSS Requirements for All Programs

- **Family preservation:** Programs designated to serve families with children under 18 shall not deny admission to any family based on the age of any child under age 18, family composition or the marital status of the adults in the family. Families with children who are 18 years of age or older and are still enrolled in and attending high school should not be separated. Families served must consist of one or more dependent children in the legal custody of one or more adults who, prior to losing housing, were living together and working cooperatively to care for the children. This definition includes two-parent and one-parent families, including those with same-sex partners, families with intergenerational and/or extended family members, unmarried couples with children, families that contain adults who are not the biological parents of the children, and other family configurations.

To reflect this family preservation policy, delegate agencies must have written standards for eligibility that promote access to program services for all families, regardless of the age of children, family composition or marital status.

- **Programmatic changes:** Please note if there are any changes to your staff, facility, facility location or Scope you must notify in writing to your DFSS Program Liaison and Director of Homeless Services Division.
- **Participation in system activities:**
 - Assist DFSS in responding to extreme weather emergencies.
 - Participate in the Annual Homeless Point in Time Count and other special initiatives as required by DFSS.
 - When requested, conduct Yearly Public Health and Fire inspections in collaboration with DFSS and other appropriate entities.
- **Must voucher monthly.** Below illustrates what percentage of the grant should be expended quarterly.

**DEPARTMENT OF FAMILY AND SUPPORT SERVICES - HOMELESS SERVICES
2020 Scope of Services**

- First quarter – 25%
- Second Quarter – 50%
- Third Quarter – 75%
- Fourth Quarter – 100%

• **Additional requirements if applicable:**

- All agencies that work with children shall be in compliance with the Illinois Child Abuse and Reporting Act; employees shall complete the Mandated Status Form & it must be kept filed at agency.
- Background checks are required for programs whose staff and volunteers have interaction with children.
- All agencies that handle food must have appropriate staff with food handler certificate.

DFSS Requirements for Housing Supports Programs

- Accept matches through HMIS aligned with the Coordinated Entry System (CES) prioritization chart using only funder required eligibility criteria
- Follow the CES Policies and Procedures related to all parts of the housing process including requesting matches and re-matches, transfers, contact protocols, verifying chronic homelessness, HMIS updates for participants, and communication with providers serving referred participants including Navigation Providers.
