ACCESSIBILITY FOR PERSONS WITH DISABILITIES

DFSS is committed to ensuring that all individuals requesting program assistance provided by the Homeless Services Division have access to homeless shelters and any of its related services. To ensure this access, DFSS has listed policies that DFSS staff and the Delegate Agency must follow in working with persons with disabilities.

Check either Yes or No for each site location to inform DFSS if the Delegate Agency:

- a) is compliant with the **Americans with Disabilities Act (ADA)**. For more ADA information, refer to <https://www.ada.gov/>; and/or
- b) adheres to policies ensuring accessibility for persons with disabilities via **Section 504** which includes **Reasonable Accommodations**. For more information, refer to https://www.hud.gov/program_offices/fair_housing_equal_opp/disabilities/sect504faq

Section 504 requires DFSS and the Delegate Agency to take proactive steps to ensure equal access for homeless persons with disabilities, as long as such actions do not require a fundamental alteration of the program or impose an undue financial and administrative burden. This means that DFSS and Delegate Agency must ensure that homeless persons with disabilities are able to request shelter, access shelter, and benefit from services provided in shelters.

Adherence with Section 504 policies includes ensuring reasonable accommodation for persons with disabilities. A reasonable accommodation is a change, adaptation, or modification to a policy, program, or service that will allow a qualified person with a disability to participate fully in a program or take advantage of a service. For DFSS and its Delegate Agencies, this includes locating and accessing emergency shelters, including public and common use spaces, and participating in services offered to clients at these facilities.

DESCRIPTION OF PROGRAM AND ACTIVITIES – ALL PROGRAMS

Review the Program Sections within this Scope of Services. In a brief statement, describe activities to be performed that address the needs of the target population and achieve maximum performance outcomes, focusing on activities not captured within this Scope. If relevant, describe coordination with other source(s)/partner(s). This section is expected to describe the Program at optimum and full operational capacity.

SECTION B – PROGRAM GOALS

DFSS HOMELESS DIVISION GOALS

The DFSS Homeless Services Division seeks to create an effective crisis response system that prevents homelessness whenever possible and rapidly returns people who experience homelessness to stable housing. The Division does this by supporting a range of services and infrastructure for people experiencing (or at risk of) homelessness including prevention, shelter, outreach, and engagement, housing supports, and system planning/coordination efforts. The Division also works closely and collaboratively with the Chicago Continuum of Care (CoC), the CoC's designated Collaborative Applicant (All Chicago), the CoC's Coordinated Entry System (CES), other City agencies, and community-based organizations to coordinate across the broader ecosystem of homeless services in the City towards the ultimate aim of preventing and ending homelessness in Chicago.

DFSS is committed to working with its partners to build and advance equity goals, with the recognition that identifying and addressing systemic racism and inequity within homeless services, programs, and policy is critical to our goal of preventing and ending homelessness.

PROGRAM GOALS

The goal of the Homelessness Prevention Assistance program is to reduce the number of individuals and families who ultimately become homeless. DFSS seeks to fund a range of different services that together can comprehensively respond to and address the triggers of housing insecurity and homelessness that Chicagoans face. Services may include, but are not limited to, financial assistance, legal representation for tenants facing eviction, or other housing stabilization or relocation assistance. We are seeking Respondents capable of providing effective solutions and supports that will assist households to maintain their permanent housing status up to and beyond the one-year period of initial intervention.

TARGET POPULATION

The target population for this program includes individuals and families who are at immediate risk of becoming homeless due to a variety of circumstances. Families and individuals who are precariously housed need services that will assist in keeping them from losing their housing or help finding new permanent housing. DFSS seeks Respondents that will provide legal services and/or provide homeless prevention services to clients citywide.

SECTION C – PERFORMANCE MEASURES

OVERVIEW

DFSS is committed to moving beyond measuring how many people received services, to focus on whether Chicagoans are better off after receiving services. As part of this outcome-oriented approach, DFSS has implemented a Strategic Framework that guides how the department measures, reports on, and reviews its priorities and outcome goals, and uses them to drive contracting, decision-making and greater collaboration. The DFSS Homeless Services Division seeks to actively and regularly collaborate with Delegate Agencies to enhance contract management, improve results, and adjust program delivery and policy based on learning what works.

PERFORMANCE MEASURES

To track progress toward achieving the outcome goals of this program and assess success, DFSS will monitor a set of performance indicators that may include, but is not limited to:

- a) 100% of households remain in permanent housing after crisis intervention
- b) 85% of households maintain permanent housing for six months
- c) 80% of households maintain permanent housing for twelve months

Department of Family and Support Services
Homeless Services Division
2022 SCOPE OF SERVICES
January 1 – December 31, 2022

To monitor and recognize intermediate progress toward the above performance indicators, DFSS also intends to track output metrics that may include, but are not limited to:

- Number of households experiencing homelessness for the first time
- Number of homelessness assessments done
- Number of households receiving benefits/resources

DFSS will also monitor the above metrics by race, ethnicity, gender, age, and other characteristics as appropriate to track equity in outcomes and outputs.

The specific targets above were established by the CoC for these types of programs. As the CoC adapts changes to program model performance, DFSS reserves the right to change performance metrics to maintain alignment with the CoC.

In addition to the performance indicators and output metrics listed above, DFSS encourages Respondents to propose additional indicators and metrics, including those that demonstrate early success and are indicative of participants' progress.

Within this framework, DFSS is focused on continuous improvement against these metrics in pursuit of meeting or exceeding those targets over time. We are committed to working with delegate agencies to monitor performance against these indicators, including establishing relevant baselines or benchmarks and sharing data with delegate agencies to assess and understand our progress. DFSS expects that performance by these metrics will vary by sub-population served, and DFSS will continue to work with the delegate community to understand the factors influencing performance and to set appropriate performance expectations based on specific programs and sub-populations.

DFSS plans to track performance throughout the term of the contract and will use this information (including absolute and relative performance on metrics and improvement over time) to inform future funding decisions. DFSS therefore may add metrics in contracts as we continue to refine our approach to understanding and managing performance in upcoming contracts and over the years to come.

DATA REPORTING

As part of DFSS' commitment to become more outcomes-oriented, the Homeless Services Division seeks to actively and regularly collaborate (such as periodic meetings) with delegate agencies to review program performance, learn what works, and develop strategies to improve program quality throughout the term of the contract. Reliable and relevant data are necessary to ensure compliance, inform trends to be monitored, evaluate program results and performance, and adjust program delivery and policy to drive improved results. As such, DFSS reserves the right to request/collect other key data and metrics from delegate agencies, including client-level demographic, performance, and service data, and set expectations for what this collaboration, including key performance objectives, will look like in any resulting contract.

The Delegate Agency will be expected to collect and report client-level demographics, performance, and service data. These reports must be submitted in a format specified by DFSS and by the deadlines established by DFSS. Delegate must accurately collect, maintain, and reporting on clients served, demographic characteristics, services provided, and outcomes met.

Delegate Agencies must implement policies and procedures to ensure privacy and confidentiality of client records for both paper files and electronic databases. Homeless Services Division Delegate Agencies, except for domestic violence organizations, must use HMIS to track data and produce required reports such as the DFSS Homeless Services Division Quarterly Reports. All Chicago administers Chicago CoC's HMIS. For more information about accessing HMIS and training, please visit: (<https://hmis.allchicago.org/hc/en-us/articles/360021285732-Getting-HMIS-Training-Step-by-Step-How-To-Get-Trained-in-HMIS-for-Supervisors-and-Staff->). Delegate Agencies must have the ability to submit reports electronically to DFSS.
