ACCESSIBILITY FOR PERSONS WITH DISABILITIES

DFSS is committed to ensuring that all individuals requesting program assistance provided by the Homeless Services Division have access to homeless shelters and any of its related services. To ensure this access, DFSS has listed policies that DFSS staff and the Delegate Agency must follow in working with persons with disabilities.

Check either Yes or No for each site location to inform DFSS if the Delegate Agency:

- a) is compliant with the **Americans with Disabilities Act (ADA)**. For more ADA information, refer to <https://www.ada.gov/>; and/or
- b) adheres to policies ensuring accessibility for persons with disabilities via **Section 504** which includes **Reasonable Accommodations**. For more information, refer to https://www.hud.gov/program_offices/fair_housing_equal_opp/disabilities/sect504faq

Section 504 requires DFSS and the Delegate Agency to take proactive steps to ensure equal access for homeless persons with disabilities, as long as such actions do not require a fundamental alteration of the program or impose an undue financial and administrative burden. This means that DFSS and Delegate Agency must ensure that homeless persons with disabilities are able to request shelter, access shelter, and benefit from services provided in shelters.

Adherence with Section 504 policies includes ensuring reasonable accommodation for persons with disabilities. A reasonable accommodation is a change, adaptation, or modification to a policy, program, or service that will allow a qualified person with a disability to participate fully in a program or take advantage of a service. For DFSS and its Delegate Agencies, this includes locating and accessing emergency shelters, including public and common use spaces, and participating in services offered to clients at these facilities.

DESCRIPTION OF PROGRAM AND ACTIVITIES – ALL PROGRAMS

Review Section B – Program Goals within this Scope of Services, focusing primarily on the Core Elements to better serve the Target Population. In a brief statement, describe activities performed by your program to achieve the program model's goals and its Section C – Performance Measures. If relevant, describe coordination with other source(s)/partner(s). This section describes the program's actions at full and optimum operational capacity to meet requirements and outcomes.

Empty box for program description.

SECTION B – PROGRAM GOALS

DFSS HOMELESS DIVISION GOALS

The DFSS Homeless Services Division seeks to create an effective crisis response system that prevents homelessness whenever possible and rapidly returns people who experience homelessness to stable housing. The Division does this by supporting a range of services and infrastructure for people experiencing (or at risk of) homelessness including prevention, shelter, outreach and engagement, housing supports, and system planning/coordination efforts. The Division also works closely and collaboratively with the Chicago Continuum of Care (CoC), the CoC's designated Collaborative Applicant (All Chicago), the CoC's Coordinated Entry System (CES), other City agencies, and community-based organizations to coordinate across the broader ecosystem of homeless services in the City towards the ultimate aim of preventing and ending homelessness in Chicago.

DFSS is committed to working with its partners to build and advance equity goals, with the recognition that identifying and addressing systemic racism and inequity within homeless services, programs, and policy is critical to our goal of preventing and ending homelessness.

PROGRAM GOALS

The goal of the Coordinated Entry System Facilitator is to ensure that all people experiencing a housing crisis have fair and equal access to housing – no matter where or when they present for services – and that the people who need assistance the most receive services in a timely manner. The organization will coordinate and manage access, assessment, prioritization, and referral to housing and services for any person(s) experiencing or at imminent risk of homelessness via the CES.

A key feature of the CES in the coordination of housing and homeless services is the application of a system-wide housing prioritization plan to quickly identify, assess, refer, and connect residents experiencing homelessness or those at risk of homelessness to housing or assistance based on their needs and strengths through Chicago's CES.

A new component of this role is the coordination of outreach providers who are charged with engaging, assessing, and providing housing navigation for unsheltered clients. This new aspect of coordination will allow for a seamless and more efficient way of engaging unassessed clients and linking them to supportive services assisting with housing navigation. An effective CES provides those at risk of homelessness or currently homeless households with a standardized assessment of their vulnerability and strengths, a transparent path for connection to homeless assistance, and housing services that match their specific needs.

TARGET POPULATION

The target population includes youth, families, individuals, and veterans who are experiencing literal homelessness or are at risk of homelessness.

CORE ELEMENTS

The program must reflect the core values of Chicago's homeless services continuum including housing first approach, harm reduction, trauma-informed care, and the use of culturally competent, non-discriminatory, and developmentally appropriate practices. The following are more specific program requirements for the system facilitation program model.

The Coordinated Entry System Facilitator will guide and oversee CES implementation utilizing HMIS, including managing the inflow and outflow of households, sharing and communicating policies and procedures with the Chicago CoC, and utilizing lessons learned for continuous improvement of the homelessness response system. The Delegate must be able to collaborate with other entities, if needed, to fulfill all requirements.

SCOPE OF SERVICES

SECTION C – PERFORMANCE MEASURES

OVERVIEW

DFSS is committed to moving beyond measuring how many people received services, to focus on whether Chicagoans are better off after receiving services. As part of this outcome-oriented approach, DFSS has implemented a Strategic Framework that guides how the department measures, reports on, and reviews its priorities and outcome goals, and uses them to drive contracting, decision-making and greater collaboration. The DFSS Homeless Services Division seeks to actively and regularly collaborate with Delegate Agencies to enhance contract management, improve results, and adjust program delivery and policy based on learning what works.

PERFORMANCE MEASURES

To track progress toward achieving the goal of matching individuals and families to housing, and assessing success of the program, DFSS will monitor a set of performance indicators that may include, but is not limited to:

- a) 50% of participants enrolled in a project of a homeless system provider (as documented by HMIS) will be exited to a permanent housing destination.
- b) 90% of participants entering the homeless system will be assessed.
- c) 100% of available units/openings in the CES will receive matches through HMIS.
- d) 75% of participants enrolled in an outreach or housing system navigation project and have a housing match through CES will move into permanent housing.
- e) 95% of participating Agencies (including selected Respondent and recruited partner Agencies) will assess households or connect households to entities conducting the CES assessment.

DFSS will also monitor the above metrics by race, ethnicity, gender, age, and other characteristics as appropriate to track equity in outcomes and outputs.

The specific targets above were established by the CoC for this type of program. As the CoC further refines performance metrics for CES, DFSS reserves the right to modify these metrics.

Within this framework, DFSS is focused on continuous improvement against these metrics in pursuit of meeting or exceeding those targets over time. We are committed to working with Delegate Agencies to monitor performance against these indicators, including establishing relevant baselines or benchmarks and sharing data with Delegate Agencies to assess and understand our progress. DFSS expects that performance by these metrics will vary by subpopulation served, and DFSS will continue to work with the respondent community to understand the factors influencing performance and to set appropriate performance expectations based on specific programs and subpopulations.

DFSS plans to track performance throughout the term of the contract and will use this information (including absolute and relative performance on metrics and improvement over time) to inform future funding decisions. DFSS therefore may add metrics in contracts as we continue to refine our approach to understanding and managing performance in upcoming contracts and over the years to come.

DATA REPORTING

As part of DFSS' commitment to become more outcomes-oriented, the Homeless Services Division seeks to actively and regularly collaborate (such as periodic meetings) with Delegate Agencies to review program performance, learn what works, and develop strategies to improve program quality throughout the term of the contract. Reliable and relevant data are necessary to ensure compliance, inform trends to be monitored, evaluate program results and performance, and adjust program delivery and policy to drive improved results. As such, DFSS reserves the right to request/collect other key data and metrics from Delegate Agencies, including client-level demographic, performance, and service data, and set expectations for what this collaboration, including key performance objectives, will look like in any resulting contract.

The Delegate Agency will be expected to collect and report client-level demographics, performance, and service data. These reports must be submitted in a format specified by DFSS and by the deadlines established by DFSS. Delegate must accurately collect, maintain, and reporting on clients served, demographic characteristics, services provided, and outcomes met.

Department of Family and Support Services
Homeless Services Division
SCOPE OF SERVICES
January 1, 2025 – December 31, 2025

The Coordinated Entry System Facilitator must implement policies and procedures to ensure privacy and confidentiality of client records for both paper files and electronic databases. Homeless Services Division Delegate Agencies, except for domestic violence organizations, must use HMIS to track data and produce required quarterly reports. All Chicago administers Chicago CoC's HMIS. For more information about accessing HMIS and training, please visit <https://hmis.allchicago.org/hc/en-us/sections/360000148006-HMIS-New-User-Training>.

Delegate Agencies must have the ability to submit reports electronically to DFSS. The City's Information Security and Information Technology Policies are located at: https://www.chicago.gov/city/en/depts/dgs/supp_info/is_policy.html.

SECTION D – REQUIREMENTS

PROGRAM REQUIREMENTS

The Delegate Agency is to deliver the following services:

- Coordinate training to service providers and other key stakeholders on CES-related topics including documenting chronic homelessness and CES trainings for outreach staff.
- Maintain access points and improve accessibility of access points for CES assessment and entry into the system.
- Manage and coordinate a process that ensures households entering the homeless system receive CES assessments according to system-defined parameters.
- Match households to appropriate housing interventions.
- Engage mainstream providers who serve homeless populations to assist with assessments and documentation of disability status.
- Develop clear and transparent coordinated entry policies and procedures and ensure compliance of these policies and procedures.
- Collect feedback from clients, service providers and partner agencies on CES effectiveness and functionality.
- Ensure equitable access to trainings and webinars that will be provided online.
- Make system improvements to ensure accessibility and appropriate use of resources.
- Implement strategies to reduce the overall length of time from identification to housing match.
- Conduct System Integration Team (SIT) Meetings. Under the SIT model, collaboration between all three providers – outreach, case management, and the matched housing provider – allows for each homeless participant's needs to be addressed. All of the Agencies engaged with an individual or household will actively review the case jointly to identify and address any additional supportive service resources for clients, if necessary, or reassignment to a more appropriate housing Agency within a network of providers. SIT members also discuss potential solutions when the client has difficulty remaining in permanent housing and risks returning to homelessness.
- Assist with connecting matched clients to outreach or navigation support and oversee coordination between outreach and housing providers to expedite housing placement.
- Use service delivery models, which incorporate tenets of harm reduction, trauma-informed care, and strengths-based practices shown to be successful in housing vulnerable populations.
- Subcontracting Process: Implement a sub-recipient monitoring plan which should include a schedule of on-going monitoring and a process to follow-up on monitoring findings. Selected Respondent may subcontract the provision of the following services: CES assessment, outreach coordination, SIT facilitation.

ADDITIONAL REQUIREMENTS FOR ALL PROGRAMS

Program responsibilities

- Comply with the HEARTH Act, see <https://www.hudexchange.info/homelessness-assistance/hearth-act/>. Agencies are responsible for learning about any revisions or updates to the legislation throughout the course of the contract and revising policies and procedures as necessary.
- Adhere to the Core Values and Core Elements of homeless services programming, as defined by the Chicago Continuum of Care in the Program Models Chart, as well as the Essential Elements for the appropriate program model, see [https://allchicago.org/continuum-of-care/standards-and-monitoring/?utm_source=Program%20Model%20Chart&utm_campaign=Program%20Model%20Chart%20Feedb](https://allchicago.org/continuum-of-care/standards-and-monitoring/?utm_source=Program%20Model%20Chart&utm_campaign=Program%20Model%20Chart%20Feedback%20Requested&utm_medium=email)

Department of Family and Support Services
Homeless Services Division
SCOPE OF SERVICES
January 1, 2025 – December 31, 2025

- Participate in the Coordinated Entry System (CES) and follow CES Policies and Procedures as detailed for the appropriate program model, see <https://allchicago.org/coordinated-entry-system/>.

Health and safety

- Must protect clients and reduce the spread of COVID-19 through implementation of CDPH guidance. Latest guidance can be found at: <https://www.chicago.gov/city/en/sites/covid-19/home/latest-guidance.html>.
- Facility(ies) must comply with applicable local building, fire, environmental, health, and safety standards and regulations which apply to the safe operation of the site(s).
- Must maintain facility(ies)/site(s) in clean and sanitary condition.

Must voucher monthly

The Delegate Agency must voucher monthly, and meet the following quarterly expenditure targets:

| | |
|----------------------|-----------------------|
| First quarter – 25% | Third quarter – 75% |
| Second quarter – 50% | Fourth quarter – 100% |

Provide appropriate service to clients

- Inform participants of their rights, responsibilities, and expectations.
- Not discriminate on the basis of race, religion, national origin, sexual orientation, disability, gender identity, or family composition.
- Provide placement and accommodation in accordance with the individual's gender identity.
- Not require clients to participate in any religious services or other forms of religious expression.

Programmatic written requirements

- Have written policies and procedures for intake, grievance, and how conflicts and other crises will be addressed and resolved. These policies and procedures must comply with any DFSS standard, baseline policies issued.
- Notify the DFSS program manager in writing of any changes to staff, facility, facility location, or scope of services.

Family preservation

- Practice family preservation. The Delegate Agency must have written standards for eligibility that promote access to program services for all families, regardless of the age of children, family composition, or marital status.
 - The Agency designated to serve families with children under 18 shall not deny admission to any family based on the age of any child under age 18, family composition or the marital status of the adults in the family. Families with children who are 18 years of age or older and are still enrolled in and attending high school should not be separated. Families served must consist of one or more dependent children in the legal custody of one or more adults who, prior to losing housing, were living together, and working cooperatively to care for the children. This definition includes two-parent and one-parent families, including those with same-sex partners, families with intergenerational and/or extended family members, unmarried couples with children, families that contain adults who are not the biological parents of the children, and other family configurations.
 - To reflect this family preservation policy, the Delegate Agency must have written standards for eligibility that promote access to program services for all families, regardless of the age of children, family composition or marital status.

If requested, must participate in system activities

- Participate in DFSS Point-in-Time (PIT) Counts including associated activities and reporting requirements.
- Conduct Yearly Public Health and Fire inspections in collaboration with DFSS and other appropriate entities.
- Assist DFSS in responding to extreme weather emergencies.

If applicable, comply and keep records on file

- All Delegate Agencies that work and interact with children must:
 - Comply with the Illinois Child Abuse and Reporting Act; employees shall complete the Mandated Status Form.
 - Require background checks for staff and volunteers prior to interaction.
- All Delegate Agencies that handle food must have appropriate staff with food handler certificate.
